FOR THE YEAR ENDING
DECEMBER 31, 1990

IN MEMORIAM

HAROLD B. WILLIS, JR.

1921 - 1991

TABLE OF CONTENTS

The Board of Selectmen dedicates the 1990 Annual Town Report to the memory of Harold B. Willis, Jr., Selectman 1981 - 1991.

Mr. Willis's sudden death on January 26, 1991, left our Town shocked and saddened. "Bus," as he was familiarly known to most, was a fine and decent man, a true gentleman. He was a man of integrity, a good husband and father, and a dedicated leader of our community. He continued a long family tradition of public service dating back to the Revolutionary War period.

Bus was in his tenth year of service as a Selectman; during three of those years he served as Chairman. To the office of Selectman he brought an appreciation and application of the practical, knowledge of the talents and abilities of residents who could and would volunteer their services to best serve the needs of the Town, similarly acquaintance or friendship with many in the greater metropolitan community on whom it was useful to call for help in a variety of matters, and a wide ranging interest in art, architecture and construction, antiques, tennis, outdoor activities and local Weston history in which his family had played significant roles.

Prior to his election to the Board of Selectmen he spent many years on the Conservation Commission and during his service as its Chairman, convinced the Town Meeting to appropriate funds to acquire hundreds of acres of privately held land for Town conservation purposes.

Additional acreage was acquired by outright gifts to the Town as a consequence of Bus's knowledge of Weston and his negotiating skill. Owners of large tracts of land suitable for conservation were not anxious to have Mr. Willis appear at their door, or so it was rumored!

The results of these efforts, however, will always be remembered by those who walk our forest trails, enjoy the community gardens, the open meadows, or just the green openness of our community.

To view this community from above, by plane or photo is to witness a spectacularly green oasis. That oasis, our town, will be his legacy.

Bus Willis is missed and will continue to be missed by all of us.

IN MEMORIAM

The Board of Selectmen wishes to express its appreciation to Roberta W. Siegel, whose photographs appear on the pages and the cover of the 1990 Town Report.

Thanks are also due to the following:

the Weston TAB for the photograph which appears on page 2;

the Council on Aging for supplying the picture on page 47;

Maurice Upham who took the picture which appears on page 49;

the Building and Engineering Department staffs for the picture on page 60;

the Weston Police Department for the photograph which appears on page 66;

Mrs. Alfred F. Raynor, Jr., who supplied the photograph which appears on page 108;

the Recreation Commission for the picture on page 109 and for other technical assistance;

James Lavacchia who provided the photograph which appears on page 111;

and the Board of Assessors for the drawing which accompanies their report.

GENERAL GOVERNMENT

Joseph W. Mullin
Board of Selectmen

Harold B. Willis, Jr.
Board of Selectmen

REPORT OF THE BOARD OF SELECTMEN

The municipal government of the Town of Weston continued to operate efficiently and effectively throughout 1990.

Despite a marked diminution in financial assistance from the Commonwealth of Massachusetts, citizens of Weston continued to support appropriations for those Town departments, programs and policies which make our community a wonderful place to live.

It is also very much to the Town's credit that the Moodys' Investors Service, which rates state and local government bonds throughout the country, continues to rank Weston "AAA", which is the highest bond rating awarded. Only four other communities in Massachusetts enjoy the same bond rating.

In 1990 the Board of Selectmen was comprised of Chairman Richard Murray, Secretary Joseph Mullin and Member Harold Willis, Jr. In the Town elections held May 5, 1990, Mr. Willis was re-elected to his fourth term as a member of the Board.

The Selectmen held a total of fifty-five meetings during 1990.

In their official capacity Board members represented the Town at various meetings of other municipal and regional organizations, as well as attending meetings with other Town Boards. Mr. Murray acted as the Town's liaison with the Middlesex County Advisory Board, Mr. Mullin acted as the Town's liaison with the Metro-West Growth Management Committee, and Mr. Willis acted as the Town's liaison with the Cambridge Reservoir Watershed Committee and the Route 128 Transportation Council.

Various of the Selectmen's actions in 1990 were determined by local annual customs and statutes. During the year the Selectmen appointed and/or reappointed individuals to ten committees, two councils, three commissions, two boards, and one Trusteeship. They also appointed and/or reappointed supervisors and additional personnel to a total of 17 departments of the Town Government (including the police and fire departments). In addition, a total of ten individuals were appointed to such invaluable assignments as "Fence Viewers" and "Field Drivers."

The Selectmen also approved Warrants for both the Annual and Special Town Meetings held in 1990.

It is appropriate to record the appreciation of the Board of Selectmen for the work of the Finance Committee and the support of the voters in dealing with the budgeting problems of fiscal year 1991. Faced with the statutory limitations of Proposition 2 1/2, so-called, and the uncertainties and reductions of state aid and reimbursements, the Finance Committee recommended and the voters supported an \$800,000 override of Proposition 2 1/2. The Selectmen were thus enabled to recommend to the Town Meeting a budget for FY 1991 which would continue the existing level of Town services.

The Selectmen also conducted successful collective bargaining negotiations with the two unions whose contracts expired in 1990 - the International Brotherhood of Police Officers and the Weston Firefighters Association.

In addition to carrying out these statutory and administrative responsibilities, the Board took the following noteworthy actions in 1990 during the course of its regularly scheduled meetings:

- January 16, the Board voted to join the Town of Lexington in seeking judicial protection from state-mandated charges for unemployment health insurance contributions by municipal employers. Subsequently the Town's objections to this mandate were answered by administrative action of the Commonwealth in withdrawing the charges.
- February 6, the Board voted to expand the Alcohol and Drug Education Advisory Committee to include student representation on the revised committee.
- April 4, the Board voted to bring before the Town Meeting an Eminent Domain proceeding to acquire a parcel of land from Garden City Gravel Realty Trust. The purpose of the acquisition was to facilitate closure of the Town's landfill and the construction of a transfer station for the removal of solid waste at the site of the former Town dump.
- May 8, the Board voted to express opposition to the Massachusetts Turnpike Authority's proposal for a new "truck climbing lane" which the Authority proposed be constructed on Weston's portion of the Turnpike.
- May 29, the Board met with the Weston Recycling Committee Trust and approved a comprehensive study of recycling markets and strategies for the Town.
- June 6, the Board met with officials of the Massachusetts Water Resources Authority to be briefed on the Authority's proposals to construct a new aqueduct

through Weston by tunneling this construction 500 feet or so underground in the southern part of Weston.

- June 19, the Board appointed residents Joseph W. Ambash, Peter S. Yozell and William D. Zellen to a new Committee to Investigate Employee Health Insurance Matters. This Committee was set up by the Selectmen to seek greater control of the burgeoning costs of group health insurance for municipal employees.

On the same day, in separate actions, the Board approved the hiring of Special Counsels to assist the Planning Board and Board of Water Commissioners.

- July 24, the Board approved an agreement with the Massachusetts Civil Defense Agency to assist in the evacuation of school children from the towns of Duxbury and Marshfield in the event of an accident at Pilgrim Nuclear Power Plant in the town of Plymouth.

Also on July 24 the Board approved an on-going, one-day-a-month "Metals Collection Day" for the residents of the Town to be conducted on the last Saturday of each month at the Highway Department site.

- August 7, the Board met with officials of the Metropolitan Area Planning Council regarding Weston's inclusion in a long-range planning study called MetroPlan 2000.

On August 7 the Board also approved a contract for a third annual "Hazardous Waste Collection Day" which was held on Saturday, October 13, 1990.

- August 15, the Board voted to oppose the designation of quarry pits on the land of the Massachusetts Broken Stone Company for disposal of fill collected from construction of the new Central Artery/Harbor Tunnel project.
- August 20, the Board voted to appoint Barbara J. Terrio of Waltham as the first permanent female police officer of the Weston Police Department.
- October 23, the Board voted to establish an Historic District Study Committee, as requested by the Weston Historical Commission, to consider the establishment of an Historic District for Crescent Street.
- October 30, the Board met with Ms. Bevin Carmichael, Weston's new Substance Abuse Coordinator, to discuss town-wide programs and activities for 1991. She is employed by the Newton-Wellesley-Weston-Needham Multi-Service Center, Inc., under a contract to provide services to Weston and its residents.

- November 11, 18 and December 3, Board members investigated, located and marked the Town of Weston's official boundaries with the City of Waltham and Towns of Wayland, Lincoln, and Natick.
- December 18, the Board participated in a public hearing of the Massachusetts Turnpike Authority on its proposed noise abatement project along certain areas near the Pike.
- December 27, the Board received a formal request from the Library Building Committee for an article to be submitted to the 1991 Annual Town Meeting to approve construction of a new library for the Town.

The Selectmen wish to thank the many citizens of Weston who volunteer their time and expertise on behalf of the town. Without your invaluable assistance our job would be much more difficult. We also wish to recognize the high caliber of our town employees and their dedication to the town and to thank them for their efforts.

REPORT OF THE TOWN CLERK

Births, marriages and deaths recorded in the Town Clerk's Office of the Town of Weston for the year 1990:

Number of births occurring in 1990	111
Number of marriages occurring in 1990	72
Number of deaths:	
Residents of Weston	90
Non-Residents	19

Population of the Town of Weston (1990 census): 10,200

REPORT OF THE ALCOHOL AND DRUG EDUCATION ADVISORY COMMITTEE

Last year's annual report found the committee in the early months of a contract between the Newton-Wellesley-Weston-Needham Multi-Service Center, Inc., and the town for the provision of full time services of a Substance Abuse Prevention Coordinator. The Coordinator does community organizing and networking among schools, parents, police, and community groups, and also coordinates and establishes substance abuse prevention programming for the town.

For the year 1990, significant accomplishments can be cited in programming, community awareness of the issues, and integration of the program into the Town's institutions and organizations whose shared goals include education and healthy decision-making around the use of substances. The Multi-Service Center continues to provide administrative support and weekly supervision, while the Weston Alcohol and Drug Education Advisory Committee meets monthly to review the coordinator's progress and offers support and advice. The Committee continues to add members to increase representation of Weston's various institutions and constituencies.

In mid-September Andrea Krassner left the position of Substance Abuse Coordinator to pursue other education and career goals. Candidates were screened by the Multi-Service Center and interviewed by the Committee. Bevin Carmichael was hired in October. She has built on the previous year's progress and initiated new projects and relationships.

The following is an abbreviated summary of the year's activities:

Networking/Consultation Meetings and Program Planning:
Public School Administrators * School Guidance Counselors * Selectmen * High School Nurse * School Committee * PTO Board * Middle School PTO * Elementary PTOs * Police Department * Board of Health * Middle School Faculty * Sixth Grade Health Education Planning Committee * Council on Aging * Boston Student Program (METCO) * Partnership in Education * Youth Counselor * Weston Clergy * local news media * Town and school librarians * Safe Homes Committee * Country School Grade Leaders * Valvoline Oil Racers' Program * Brookline Prevention Program * Recreation Department * Prevention Resources * MetroWest Consortium * Freedom from Chemical Dependency * SADD * Wayland Intervention Team * HRS * Cambridge School.

Awareness Presentations, Workshops, Training:

High School Faculty * Joan Palmer - elementary parents * Library Display with 7th grade art students * High School Physical Education Staff * Middle School Health Education Staff * Cub Scouts and Fathers * Jean Kilbourne Program * Parent Workshop Series * Improbable Players * Peer Advisor Training * Council on Aging (two workshops) * Community Challenge *
Classrooms: 11-12 grades, 9-10 grades, 8th Grade Assembly, 7th Grade AIDS Workshop, 6th Grade Science classes.

Other Direct Services Provided:

- Supervision of Country School Big Brothers/Sisters;
- Building of resource library, housed in Middle School, includes books, pamphlets, videotapes, curricula;
- Community Challenge - co-leader.

REPORT OF THE LOCAL ARTS COUNCIL

The purpose of the Weston Arts Council, an appointed committee, is to dispense grants from the money which represents Weston's per capita share of the Massachusetts State Lottery proceeds. It is the responsibility of the Local Arts Council to publicize the availability of the grants, to facilitate and advise on the procedure for application and to meet, discuss and vote on the applications for grants. Those applicants receiving local approval must then be approved by the Massachusetts Arts Lottery Council. Weston currently receives \$1,216.00 twice a year, in January and July.

In addition, the Local Arts Council is responsible for the administration of the state-funded Performing Arts Student Series, called PASS, which provides grants for Massachusetts school children to attend live performances of music, theater and dance. Weston receives \$294.00 twice annually for this program, which reimburses the grantee for special preapproved \$5.00 tickets.

On May first of 1990 (for July funding), the Weston Arts Council approved six grants, as follows:

- to the Weston Public Library, \$200, for the presentation of a special summer puppet show for pre-school children;
- to the Weston Drama Workshop, \$750, for the hiring of a technical director to oversee the workshop component of the summer youth theater program;
- to the De Cordova Museum and Sculpture Park, \$300, for its annual Art-In-The-Park art activities, workshops, art sale and entertainment;
- to Weston High School, a PASS grant of \$118, for theater tickets to the New Repertory Theater performance of "The Promise";

- to the Weston Middle School, a PASS grant of \$238, for theater tickets to the Perseverance Theater Company of Alaska performance of "Coyote Builds North America."

On November first of 1990 (for January funding) the Weston Arts Lottery Council approved eight grants, as follows:

- to Dorothy Bales, \$500, for a public concert by the Weston Chamber Music at Regis College;
- to Very Special Arts Massachusetts, \$300, for an all-adult arts festival featuring artists with disabilities;
- to Sara Junkin, \$300, for the development of an anthology of essays on 19th century American and European art;
- to the Music School at Rivers for the Seminar, \$250, for a festival of contemporary music performed by young musicians;
- to the Cambridge School, a PASS grant of \$40, for tickets to the Boston Classical Orchestra;
- to the Cambridge School, a PASS grant of \$65, for tickets to the Boston Chamber Music Society;
- to the Cambridge School, a PASS grant of \$50, for tickets to the Cantata Singers;
- to the Meadowbrook School of Weston, a PASS grant of \$140, for tickets to the Salisbury Lyric Opera Company.

REPORT OF THE BOARD OF APPEALS

Our Zoning Bylaw has helped to preserve Weston as an unusually desirable, primarily residential community. Sometimes the protective restrictions stated in the By-Law do pose individual hardships. The variance and special permit procedures are provided under both the state laws and the bylaw to serve as a "relief valve" for such special situations.

The authority to grant variances is provided by law under specified and limited conditions. The variance power allows for discretionary relief from zoning restriction such as to a building's or structure's minimum distances from street and lot lines, minimum area, width and frontage of building lots, and maximum heights of the structure. Variances are permissible only upon a showing of (1) special circumstances making literal enforcement of the restrictions a substantial hardship and where desirable relief may be granted, (2) without detriment to the public good and (3) without nullifying or substantially derogating from the intent of the zoning law. These three legal requirements must be satisfied, factually supported at the hearing and explained in the Board's written decision. The granting of the variance is nevertheless discretionary. Variances "run

with the land;" they survive transfer of property ownership.

Special permits may be granted for a variety of exceptional uses of property in instances provided for in the comprehensive "Use Regulations" section of the Zoning By-Law, covering all Districts (residential, multiple dwelling, business, "R&D", wetlands and Aquifer Protection). The special permit procedure also applies to accessory apartments, cluster development, nonincidental removal of loam, sand and gravel, and to the storage of vehicles, supplies and equipment in a residential district under special circumstances. In many of these cases the site plan approval procedure must first be followed, or waived, in conjunction with the Planning Board's prior review. While the special permit procedure allows for wide discretion, it cannot be used as a device for permitting any use contrary to the Zoning By-Law.

Three of the six Board of Appeals members sit as a panel at public hearings. Decisions must be made openly and within specific time limitations applying to the entire process. They must be put in writing and state clearly the necessary findings of fact and reasons for the conclusions.

Many cases provoke little or no controversy, but a few are highly contentious, causing neighborhoods or some neighbors to feel seriously threatened. Three such cases are in litigation, where disappointed proponents or opponents have challenged Board decisions in court.

One of the cases in litigation involves the proposed multi-family development on Winter Street, described in the 1986, 1987 and 1988 Annual Reports. The Board decided not to grant a further extension under a Comprehensive Permit issued in 1986, and the proponents have appealed this to the Superior Court.

Another case now being challenged in court by its opponents is the proposal to develop 45 acres on South Avenue into "Weston Woods", a Long-Term Care Facility for 110 elder care units (or cooperative apartments for older residents) in conjunction with a twenty-bed nursing facility. After seven evenings of evidence and public commentary spread over four months, the Board granted the Special Permit with 29 conditions; two groups of opponents have contested the decision on separate legal points.

Finally, the controversy involving the proposal to build a medical office at "Cutter's Corner" (South Ave.) proceeded into litigation following the denial of the Board of Appeals to hear the merits of the proposal as an "appeal" from the Planning Board's conditions upon

its site plan approval. A parallel appeal (against the Planning Board) had already been taken to the Land Court before the case reached the Board of Appeals; therefore, since the conditioned site plan approval was being legally challenged in court, the matters before the Board of Appeals seemed premature.

REPORT OF THE CABLE ADVISORY COMMITTEE

The Weston Cable Television Studio is located in Suite 11A at the Field School. Weston's "Channel 7" has been "on line" since January 1988, and will be starting its fourth year of airing varied, locally-produced television programming on Monday evenings.

Cable television production courses are offered without charge to Weston residents several times a year. A number of Weston residents have already become certified local community producers, enabling them to utilize the television equipment for creative community purposes.

"Business News and Views," "Hometown Heroes," and a "METCO Program" are all examples of quality programming which has been locally produced. Throughout the year additional programming has been both exciting and varied and has included school sports productions (a highlight was our fabulous Thanksgiving Day game!), after-school drama productions, the Board of Assessors' meeting on valuation and abatement procedures, a Woodland School project on "World of Work," a "Law and the Teenager" program at the High School, "Esprit Day" at the Middle School, videotaping Town Meeting, Concerts on the Green, Weston High School Graduation, a talk by Superintendent Meredith Jones, a Middle School video production workshop and numerous other events.

Welcome announcements from Continental Cablevision include an increase in our Program Director's work schedule from twenty to thirty hours per week commencing January 1991. This will allow additional time and attention for various community oriented activities. In addition, Weston will share with Wayland a late model, fully-equipped mobile van for increased coverage of community events commencing in March, 1991. Van accessibility was previously shared with several other communities, and its usage was subject to availability.

Programming changes at the operator/company level include three new services to be added to the expanded basic package:

- .E-TV (Entertainment Television) -Channel 23,
part-time
- .Univision - Channel 56, full time
- .VH-1 (Video Hits-One) - Channel 55, full time

Programming on these new channels will commence February 1, 1991.

Weston residents are encouraged to visit and participate in studio and programming activities. More information may be obtained by calling the Weston Cable Studio at 894-5666. Current Studio hours are as follows:

Mondays	10:00 A.M. - 9:00 P.M.
Wednesdays	10:00 A.M. - 1:00 P.M.
Thursdays	11:00 A.M. - 2:00 P.M.
Fridays	10:00 A.M. - 2:00 P.M.

Consumer complaints continue to be minimal and quickly attended to by Continental Cablevision's service personnel.

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission is responsible for the protection and management of Weston's natural resources and the administration of the state Wetlands Protection Act.

The administration of the Wetlands Protection Act continues to take over one half the time of the Conservation Commission. A total of 80 hearings were conducted during the year. Persons contemplating any work in or within 100 feet of a wetland are encouraged to seek information about the Wetlands Protection Act at the Town Engineer's office which is located in the basement of the Town Hall.

During the past year, The Commission has remained committed to the responsible use and management of the Town Conservation land. A badly deteriorated bridge over Hobbs Brook near the ball field at the end of Drabbington Way was replaced. Trails, fire roads, hill-top outlooks and fields have been maintained for public use and enjoyment with funding provided by the Weston Forest and Trail Association.

The Greenpower Farm project administered by the Commission, continues to be a vital part of the town's activities. Greenpower offers young people in Weston an educational opportunity in farming and maple sugaring. The farming project has provided food for little or no cost to needy persons in the metropolitan area. Also, this project has provided pick-your-own vegetables and fresh vegetables offered at the familiar summer stand in the center of town. In addition, 47 community garden plots were managed by Greenpower.

In 1975 the Conservation Commission acquired 61.47 acres of land and a house off Crescent Street from the

Sears family. The house was acquired subject to a life estate in favor of Joseph Melone and Maria Anna Melone who had lived in the house until her death during the first part of 1989. After Mrs. Melone's death, the Commission voted to name the house "The Melone Homestead." The Commission has continued the renovation of this house in preparation for its use by the Commission.

The Commission enjoyed another year of stewardship of the Case Forty Acre Field, which was purchased by the town for municipal purposes from Harvard University's Arnold Arboretum. This area has been managed for the Commission by Land's Sake, Inc. Land's Sake is a non-profit, community service organization dedicated to the productive use and maintenance of land in Weston as well as providing education and employment for young people in Weston. Vegetables, flowers, herbs, and fruit were provided for sale at a farm stand or on a pick-your-own basis. Maintenance of this area continued with brush clearing, mowing, walking path upkeep, and tree work. Land's Sake also continued to restore and maintain the apple orchard on Concord Road with the goal of providing apples for the annual cider making project.

REPORT OF THE COUNCIL ON AGING

The Council on Aging is a town department serving all Weston residents aged 60 and over and their families with information, counsel, referrals, programs and outings. The Council meets second Friday of each month at 9:30 in the Mary Palmer Room, 44 School Street. The public is cordially invited to attend.

The staff includes Marilyn Campbell, Director, and Betty Elliott, Assistant Director/Outreach Coordinator. Ms. Elliott holds the same part-time post in Wayland where she lives. She is available for house visits and works with a group of volunteers providing shopping assistance, friendly visiting and telephone reassurance. In addition she coordinates our inter-generational programs at Weston High School, Weston Middle School and Meadowbrook School.

Council on Aging transportation programs include:

- Shopping 3 days per week.
- Monthly Mall trips.
- Transportation within Weston between
9:00 AM and 2:00 PM.
- Symphony on Fridays during the season.
- FISH - a program which has volunteer drivers
available for transport to medical appointments
and is reached through our office at 893-0154.

SHINE (Serving Health Information Needs of Elders) workers Kay McIntosh and Chet Marvin assist seniors with the intricacies of Medicare, Medigap and long term health insurances.

The Brook School Apartments continue to provide us with office space, nutrition site space and places to conduct workshops and meetings.

The Forbes Room at 44 School Street is the meal site for Seniors where West Suburban Elder Services provides a hot meal five days a week. A donation of \$1.50 is requested. Shirley Kabler is the site manager, taking reservations for lunch at 893-1118. She serves, with the help of volunteers, the meals prepared and delivered by Service America. Volunteer drivers deliver meals from the site to housebound and recuperating seniors.

Senior Citizens participate in "Limber Longer" program

Many loyal volunteers contribute to the Council and help us provide services to Seniors:

Volunteers working at meal site:	10
Meals on Wheels drivers:	28
Hostesses providing refreshments at programs	24
FISH (Volunteers driving Seniors to medical appointments):	32

RSVP Volunteers collating Newsletter:	22
Outreach volunteers working with Betty Elliott:	
Adults	15
Young people	10
SHINE (Volunteers helping Seniors with	
health insurance)	2
Office volunteers:	12
Board members:	11

One hundred and sixty-six volunteers contributed over 3,000 hours in calendar year 1990 to Weston seniors.

Thank you volunteers!

The Friends of the Council on Aging, now two hundred and ten members, mail our newsletters, provide refreshments for those attending our programs, and generally support the Council with enthusiasm.

REPORT OF THE ELDERLY HOUSING COMMITTEE

The Elderly Housing Committee operates and maintains the Brook School Apartments at 44 School Street. The housing complex, in operation since April 1980, has 52 apartment units, of which 42 are subsidized by the federal government, 9 are rented at market rate, and 1 is occupied by the resident superintendent. The committee customarily meets on alternate Thursdays at 8:00 AM in the Mary Palmer Room of Building C.

Our two major projects of the past year have been the upgrading of the septic system and the installation of elevators in Buildings A and B. The septic system project included construction of a new leaching field, increasing the size of the holding tank, and installing a generator to operate the pump in case of power outage. Construction began during the summer, and was completed in December, with only minor landscaping work to be finished in the spring.

Work on the two elevators began at the end of the summer, and is due to be completed before spring. For Building B, it was necessary to construct a small addition to house the machine room as well as the elevator itself. The design includes matching the three exterior materials of the addition to those of the building, with a stone foundation, brick middle section and stained shingle upper section. The Building A elevator is located entirely within the building, at the School Street end, and includes a ramp for handicapped persons that will lead directly to the elevator.

Our most exciting news of the year was the celebration in April of the Tenth Anniversary of Brook School Apartments. The Tenants Association hosted an

afternoon tea in honor of the occasion, and selectmen, representatives of the police and fire departments, tenants and their families and many others attended.

In general, maintenance remains a constant concern of the committee. We are looking into a formal assessment of our maintenance needs; we are trying to anticipate categories of items to be replaced or refurbished. This past year we rebuilt the small balcony on the north facade of Building C, negotiated a three-year trash removal contract, solved a long-term hot water problem and had the boilers for the furnace rewired for more fuel efficient sequential firing. For next year, we plan to prune the foundation plantings and some of our younger trees, repaint the exterior trim and replace the kitchen faucets and shower valves with ones that are low maintenance and can be repaired in-house.

Six apartments have turned over due to changed circumstances of the tenant, or death. Our manager, Patsy Shotwell, worked with the committee to update and improve the handbook that is distributed to all tenants.

The committee wishes to thank the townspeople for approving the funds for our elevator and septic work. Thanks also to the manager, Patricia Shotwell, and to

the resident superintendent, Harry Burns, for their hard work; and to them and especially to the tenants for their patience in enduring the noise, mess and dirt from the two construction projects that we know will improve everyone's quality of life.

REPORT OF THE HISTORICAL COMMISSION

Following a neighborhood meeting in March and two meetings with the Board of Selectmen, the Commission was grateful for the Selectmen's unanimous vote in November to appoint a Local Historic District Study Committee. In its sponsorship of this initiative, the Commission has received considerable support from Town residents, as well as favorable articles in the local press.

Work with the Planning Board on matters of mutual interest has continued during the year. For example, in the fall a subcommittee was formed to compile, in cooperation with a representative of the Planning Board, a survey of historically significant Town properties. In addition, administration by the Planning Board of the scenic Roads By-Law and site plan review of the historically significant Cutter Farm property have been observed with interest by the Commission and discussed with Planning Board members.

The Commission has participated in review of Metro-Plan 2000, a comprehensive land-use guideline for the Boston area presently being developed by the Metropolitan Area Planning Council, to determine the potential impact of future growth on historic structures, roadways and neighborhoods.

The Commission regrets the resignation of Dorothy F. Ellis, Commission Member for sixteen years, thirteen as Chairman. Dorothy, and her husband, Robert, have moved to Wolfboro, New Hampshire. Her tireless work on behalf of the historical interests of the Town will not be forgotten. The Commission regrets as well the resignation of Joan Behringer, who has moved with her husband, Glenn, to Florida. Joan's hard work and sage advice will be sorely missed. Our new member, Mary Pughe, a long-time resident of the Town, has been working with us since June.

REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL

Thanks to Weston and the 100 other communities that comprise metropolitan Boston, the Metropolitan Area Planning Council (MAPC) continued to provide regional planning services throughout 1990.

As part of MetroPlan 2000-MAPC's regional development plan Weston was included in the following projects:

- detailed analysis of water supply capacities
- solid waste management analyses and mapping
- analysis of local transportation priorities
- economic development and housing analyses.

MetroPlan 2000 has been presented to the Weston Board of Selectmen.

Weston was also included in these MAPC demographic reports:

- Employment and Income Forecasts
- Population and Age Group Forecasts
- Regional and Community Population and Employment Forecasts
- Business and Residential Growth in Metropolitan Boston.

MAPC also tracks recent and proposed commercial, industrial and residential development projects and comments on matters of regional significance.

MAPC assisted and cooperated with the MetroWest Growth Management Committee in reviewing the 1990-94 TIP (Transportation Improvement Program) against subregional priorities; continuing the Golden Triangle Planning Process; establishing a Water Supply Protection Subcommittee; and recommending alternatives for the MDPW Route 20 study.

MAPC appreciates Weston's continued support and participation. Weston's representative to MAPC is Robert D. Brown who is a member of the Council's Executive Committee and chairs its Land Resources Policy Committee.

Copies of MAPC's reports and plans can be obtained by calling (617) 451-2770.

REPORT OF THE METROWEST GROWTH MANAGEMENT COMMITTEE

The MetroWest Growth Management Committee is an Alliance of nine municipalities - Ashland, Framingham, Marlborough, Natick, Southborough, Sudbury, Wayland, Wellesley and Weston - and the Metropolitan Area Planning Council. Representatives of each member community meet monthly to consider issues of regional concern such as traffic, land use, housing, water quality, planning, zoning and other issues as they arise.

Selectman Joseph Mullin and Planning Board Chairman Ingeborg Uhlir represent Weston on the MetroWest Growth Management Committee. In addition, Philip Dunn represents Weston on MetroWest's "MetroPlan 2000" Committee, and Robert Brown serves Weston as its represen-

tative for the Metropolitan Area Planning Council (MAPC). The MAPC is the Eastern Massachusetts planning organization which includes the MetroWest Growth Management Committee as one of its regional affiliates. In 1990, Weston's financial contribution to the MetroWest Growth Management Committee amounted to \$13,200.

In 1990, the MetroWest Water Supply Protection Committee was established as a permanent "standing committee" of the MetroWest Growth Management Committee, and was empowered to assist and advise members regarding the impact of developments on regional water resources. This committee has begun the process of establishing a regional "water supply contingency plan." Weston is represented on the MetroWest Water Supply Protection Committee by Julie Hyde and J. Thomas Selldorff.

Throughout 1990, the MetroWest Transportation Task Force reviewed and commented on a Route 20 "Corridor Study" being administered by the Massachusetts Department of Public Works. Susananne Haber has represented Weston during this review, which will culminate in a long-term transportation policy and strategy for the Route 20 Corridor beginning at Route 128 on the Weston-Waltham line, and ending at Route 495 in Marlboro. The study thus far reflects Weston's local concerns and advocates the maintenance of Route 20's primarily rural/suburban appearance and function.

As it does every year, in 1990 MetroWest performed reviews of developments deemed to have regional impacts. Comments were sent to the Commonwealth's Secretary of Environmental Affairs and, in every case, salubriously influenced his decisions. MetroWest also commented on various legislative initiatives, including Senate Bill 909 (concerning the vesting of property rights under zoning provisions and By-laws) and Senate Bill 906 (concerning so-called "fair-share" impact fees).

The Committee also continued to attend meetings and to provide input to the Marlboro West Area Plan (a long-range comprehensive plan for high growth area on Route 495 at the Route 20 interchange), continued to work toward implementation of a land use plan for the so-called Golden Triangle area (including Shopper's World) in Framingham and Natick and, of local interest, worked with officials of the Mass Turnpike Authority and the Massachusetts Water Resources Authority on noise abatement needs and a pipe tunneling project (respectively) affecting the south side of Weston.

The Committee also hosted its annual legislative forum to inform MetroWest legislators of issues of concern to Weston and its neighbors.

Weston continues to benefit greatly from its affiliation with the MetroWest Growth Management Committee,

and regularly avails itself of the invaluable planning and community development assistance provided by the Executive Director and her staff. MetroWest provides Weston with the opportunity to be neighborly and cooperative throughout our region, and it is an opportunity Weston is using to the fullest.

REPORT OF THE PLANNING BOARD

Although the economy has generally slowed, the workload of the Planning Board during 1990 has not decreased. Since the Board is still without professional staff, more than ever before the five members of the Planning Board have had to share responsibility for managing the flow of work. One member is designated as coordinator for each project that comes before the Board. This has worked well and promises to become somewhat smoother as we gain familiarity with this new mode of operation.

The Board has been in a position to review many "firsts" this year. These included the first Site Plan Approval decision under the Zoning By-Law as amended in 1989, the first subdivision under our revised Rules and Regulations, the first division of a portion of Arnold Arboretum property on Wellesley Street into separate lots for existing structures and the first hearing under the Scenic Roads By-Law.

The Board performed its usual detailed review of one Preliminary and 8 Definitive Subdivisions encompassing a total of 45 lots. In addition 17 Plans for divisions of land came to the Board for review without subdivision.

Hearings on proposed amendments to our Zoning By-Law were held over a period of many months. Some technical clarifications of Site Plan Approval provisions were approved at Annual Town Meeting. Hearings continue at this writing on amendments to delete the use of land in residential zones for medical offices by Special Permit and to limit impervious cover in all zones.

Meanwhile, major projects related to the MWRA reservoirs and aqueducts in the town have been discussed. A new building at the Weston Reservoir off Newton Street is under way and plans are being prepared for a deep tunnel aqueduct to serve as back up to the Hultman Aqueduct. Construction of access shafts at two or more locations in Weston are likely in the tunnel project goes forward.

Plans proposed by the State for alterations to Route 20 between Marlborough and Route 128, under consideration for two years, are reaching their final stages now for the section of road between Marlborough

and Weston. State planners have provided very helpful analyses of alternatives and have been willing to accept local input throughout the process.

Several decisions of the Planning Board have been subject to litigation. Ably assisted by Town Counsel or Special Counsel, this still places additional demands on members of the Planning Board who are also responsible for the day-to-day planning board functions normally handled by staff in other municipalities.

The Board met a total of 40 times in 1990 in addition to 11 site visits, plus meetings with other local boards and commissions, regional and state hearings, meetings and conferences. Each member of the Board has been designated the liaison to certain local boards and commissions as well as to other groups. In that capacity, the liaison person is responsible for alerting the Planning Board to matters that have planning impacts in advance of a formal application to the Board.

Throughout this year the Board has received help in a timely manner from the Town Engineer for a variety of the Board's needs. Mr. Fagan has performed field inspections, reviewed submissions for completeness, checked technical compliance with our Rules and Regulations for subdivision plans, and tended to numerous administrative matters.

Administrative Secretary Kay Hesson has patiently worked with the Board to provide a record of decisions, responds cheerfully to inquiries from the public or developers, and has made real strides in learning about the complex business of land development over the past year.

Valuable support has also been available from Building Inspector Courtney Atkinson and staff for the Conservation Commission and Zoning Board of Appeals.

REPORT OF THE RECYCLING RESEARCH COMMITTEE

The Recycling Research Committee submitted its report to the Selectmen on January 15, 1991 with the assistance of our consultant, Charles Baxter. Our full report is available at Town Hall and at the Weston Library.

Our priority recommendations include the installation of baling equipment in an addition to the transfer station building and the appointment of an experienced and dedicated transfer station supervisor with recycling credentials. We also recommend that the recycling center become an integral part of the proposed transfer station and be expanded to provide for the recycling of tin, aluminum, plastics, light metal, cardboard boxes

and returnable containers. We have also made a number of specific recommendations regarding the improvement of our current program during the interim period prior to the construction of the permanent facility.

We have urged the selectmen to retain the services of our consultant on a limited basis to assist the town in the completion of the pending permits for the proposed facility, to advise on staffing and training of the transfer station personnel, to develop alternative approaches to the management of toxic waste and to assist local haulers in the adaptation of their equipment and procedures to meet new state regulations.

We look forward with hope to the expansion and enhancement of Weston's current recycling program.

REPORT OF THE REGISTRARS OF VOTERS

On December 31, 1990, there were 6,773 registered voters in the Town of Weston. New registrants during the year numbered 674. There were 648 persons dropped from the voting register in 1990. The party and precinct enrollments for December 31, 1990, appeared as follows:

	Precinct 1	Precinct 2	Precinct 3	Precinct 4
Republicans	518	501	396	439
Democrats	402	397	292	329
Independents	<u>884</u>	<u>888</u>	<u>791</u>	<u>936</u>
	1,804	1,786	1,479	1,704

REPORT OF THE SEWER COMMITTEE

At the annual town meeting this year, \$15,000 was appropriated for use by the Sewer Committee to update the situation in the Town Center. Subsequently, Camp Dresser and McKee was hired to do this work for \$14,300. Three sets of samples of surface water were to be collected and analyzed near the Center, and upstream and downstream of the Center over a period of several weeks. Also a survey of all of the existing subsurface sewage disposal systems in the Center was to be conducted. The field work on this project was performed during June and July.

Unfortunately the results of the surface water sampling were inconsistent. The results for the samples collected on June 28th showed the microbiological constituents to be several times higher than were obtained on three other days. It was interesting to note that water quality upstream of the Center was similar to the downstream quality. Because of the inconsistency of these results, Camp Dresser and McKee and the Sewer

Committee recommend that further testing of microbiological constituents be conducted on a monthly basis over a period of one year. Based on the information obtained from this study, there is no clear evidence that the subsurface treatment of sewage in the Center is inadequate.

The survey of existing disposal systems did not reveal any apparent deficiencies that would be associated with the surface breakout of wastewater.

Copies of the Camp Dresser and McKee report are available for reading at the library and Town Hall.

On another matter, the Sewer Committee entered into a one year contract with the Charles River Pollution Control District for the disposal of Weston's septage. The District has a treatment facility in Medway. This contract expires on July 31, 1991. The Sewer Committee is presently negotiating for the renewal of this contract. Septage from Weston can also be hauled to the Greater Lawrence Sanitary District plant in North Andover.

REPORT OF THE TOWN ENGINEER

The Engineering Department of the Town of Weston continues to provide services and assistance to all Town Departments and to the residents of the Town of Weston. It is mainly a service organization which assists the Planning Board, Conservation Commission, Board of Appeals, Water Department and the general public.

During the year 1990, a great deal of effort was expended by the department in the area of upgrading our water system.

During 1990 work was undertaken on three water main contracts. Work under Contract No. 3 was begun in 1989 and completed in 1990. Contract No. 4 was executed entirely during 1990, while Contract No. 5 was begun in 1990 and is scheduled for completion in 1991. A listing of the streets worked on in 1990 appears below. Please see the Report of the Water Commissioners for additional details.

- Contract No. 3 - Ridgeway Road, Bullard Road, Webster Road, Farm Road, Partridge Hill Road and Corwood Drive.
- Contract No. 4 - Old Road, Cliff Road, Scotch Pine Road, Wellesley Street, Bogle Street, Warren Avenue and Love Lane.
- Contract No. 5 - Concord Road, Conant Road, Maple Road, Derby Lane and Brown Street.

Other water projects underway or completed:

- Cleaning and painting of the Nobscott 100,000 gallon water standpipe - completed.
- Upgrading of Town's water distribution map - completed.
- Hydraulic analysis of the Weston Water System - underway.

Other principal activities of the Town Engineer for 1990 may be summarized as follows:

Board of Selectmen

The Engineer met with members of the Board of Selectmen throughout the year with respect to several issues.

Planning Board

The Engineer met with Planning Board members to review the engineering aspect of preliminary subdivision plans, definitive subdivision plans and site plans submitted to the Planning Board. He also inspected subdivisions under construction and made several field trips to secure information for the Planning Board.

A list of development/projects worked on by the Weston Engineering Department are as follows:

- . Coburn Road
- . Laurel Farms
- . Mass. Broken Stone Quarry
- . Weston Woods
- . The Vineyard
- . Cutter Farm House
- . Norumbega Point
- . Summer Street
- . Weston Avenue
- . Hollymede
- . Westgate Church
- . Washburn Circle
- . Landfill/Transfer Station
- . Glen Ledges
- . Rocky Ledge

Conservation Commission

In the past year the staff assistant, Mrs. Kay McCahan, and the Town Engineer have reviewed Notices of Intent, plans and other data submitted to the Commission. The staff assistant has acted as the liaison between the Engineer's Office and the Conservation Commission. Her activities included making field investigations and, when requested, attending public hearings held in compliance with the Wetland Protection Act, making on-site inspections of various properties for the Commission and attending environmental conferences held by the Massachusetts Association of Conservation Commissions and the Department of Environmental Protection. Notices of Hearings were prepared for publication by the Office of the Engineer.

Board of Appeals

Several petitions, together with plans and other related documents were received and reviewed by this office for the Board of Appeals. Notices of public hearings held by the Board, with respect to petitions for variances, permits, special permits and site plan review, together with notices of decision by the Board were prepared and distributed by the office of the Town Engineer.

Highway Department

Drainage, highway and paving projects at various locations throughout the town were reviewed and resolved with the Highway Superintendent when requested.

Board of Assessors

Information and assistance was provided to the Assessors from time to time during the year with respect to many properties.

General

The Office of the Town Engineer responded to inquiries relating to subdivision control, Planning Board Regulations, the Zoning Bylaw, Board of Appeals, Conservation Commission Regulations, Site Plan Review Requirements and Procedure, water, highway, surveying, engineering and other related matters. Information was furnished to engineers, land surveyors, architects, planners, attorneys, title examiners, realtors, property owners, prospective property owners, federal officials, and representatives of public utilities on engineering matters to the Town of Weston.

Staff Changes

In September, 1990, Mrs. Kay McCahan, resigned from her position as Staff Assistant to pursue other interests. Mrs. McCahan has contributed much to the operation of the Engineering Department during her stay with us. We wish her good luck in her new venture.

Also in September, Mrs. Dorothea Thomas, joined the Engineering Department as Staff Assistant, replacing Mrs. Kay McCahan. We wish to welcome Mrs. Thomas to our staff.

REPORT OF THE YOUTH COUNSELOR

The position of Youth Counselor is under the aegis of the Board of Selectmen. Consultation and training opportunities for the Counselor are provided by the Human Relations Service of Wellesley.

The Counselor provides individual, family and group counseling to young people ages 11-21 who are students in the Weston Public Schools or who reside in the Town. In addition, the counselor collaborates with the area's

youth service network and other town departments concerned with youth and is available for crisis intervention during the school year.

Andrea Regina, who had served as Youth Counselor since 1987, resigned as of September 1990. More than 100 applications were received by the Selectmen for the vacancy created by her resignation. After careful evaluation of the applications and interviews of selected applicants by Ms. Regina and Dr. Robert Evans of Human Relations Service two finalists were recommended to and interviewed by the Board of Selectmen. David A. Cope, a Licensed Clinical Social Worker, was appointed by the Selectmen. He has a Masters Degree from Simmons School of Social Work and extensive experience counseling adolescents in individual, group and family settings.

David began his work as Youth Counselor in September of 1990 and has been involved in a variety of activities. He is co-leading the High School Bridges program and the interschool Peer Counseling program, as well as advising on the High School's Big Brother/Big Sister program. At the Middle School he leads a group for the Esprit Experience and is co-leading a Curriculum for Caring group. He is also working with the Recreation Department

to establish a monthly activity evening for Middle School students. He has provided individual counseling for eleven students on a long-term basis and for sixteen students on a short-term basis. Most clients are from the High School in the upper grades, but there are a few from the Middle School.

PROTECTION OF PERSONS AND PROPERTY

REPORT OF INSPECTOR OF BUILDINGS AND WIRES

The following is a summary of the building and wiring activity for the calendar year 1990:

<u>Type of Structure</u>	<u>Permits Issued</u>	<u>Estimated Value</u>	<u>Fee</u>
Single Family Residence	6	1,966,840.00	\$ 6,000.00
Add/Alt/Repairs (Dwellings)	208	6,665,289.00	32,406.00
Add/Alt/Repairs (Nondwellings)	2	1,700,940.00	6,560.00
Other Construction	47	334,515.00	2,381.00
Total	263	10,667,584.00	\$ 47,347.00
Other Inspections	10		\$ 635.00

Staff of Building and Engineering Departments

REPORT OF INSPECTOR OF GAS PIPING AND APPLIANCES

Two hundred and three permits were issued in 1990. One thousand three hundred and fifty two dollars (\$1,352.00) in permit fees were deposited with the Treasurer's Office.

REPORT OF INSPECTOR OF PLUMBING

A total of two hundred and eighty six permits were issued in 1990. A total of five thousand nine hundred eighty five dollars (\$5,985.00) was collected in permit fees and deposited with the Treasurer's Office.

REPORT OF THE FIRE DEPARTMENT

The year 1990 produced 1,128 incidents requiring the services of the Weston Fire Department which is just under the last three years' average of 1,197 incidents per year. However, the seriousness of the incidents we are encountering is growing both in terms of the risk involved in mitigating hazardous materials and the combustible products encountered in even a small residential fire.

There were no fire fatalities recorded during the year. However, it was an unusually bad year in terms of serious building fires and a major hazardous materials incident. The dollar loss from property damage caused by fire exceeded three million dollars.

During 1990 the Department's apparatus and equipment were kept in excellent condition through the preventative maintenance program supervised by the new Department Mechanic, John H. Finnerty. A new pumper was delivered in March; after outfitting and familiarization training it was placed in service at Station 2 on South Avenue.

The municipal fire alarm and signal system was tested and maintained under the supervision of Fire Alarm Superintendent Alan J. Lazzari. During the year he is spending considerable time on reviewing building plans to ascertain that proper fire protection systems are included in all new structures and testing and evaluating these systems after construction is completed.

The operation of the Department's Fire Prevention activities was placed under the supervision of Captain William D. Sinclair. The Department conducted the quarterly fire prevention inspections required by law in all public buildings, nursing homes, churches, day care centers and camps. All of the Town's commercial properties were also inspected on a periodic basis. Forty-nine new and replacement oil burners were inspected and permits issued. Other fire prevention activities included the inspection of auxiliary and home fire protection systems, flammable liquid storage facilities and tanker vehicles, blasting operations and several other auxiliary areas of public safety. Quarterly fire exit

drills were conducted in all public and private schools and the college dormitories.

The operation of this Department's Emergency Medical Services was placed under the supervision of Captain John H. Richardson. The Town of Weston's Emergency Ambulance Service is being utilized an average of 490 times per year. The Firefighter/EMTs who serve on the ambulance in addition to their firefighting duties are to be commended for their continued dedication to this obligation and their constant quest to further their abilities in this most important emergency service.

The activities of the Department other than fire-fighting, rescue, fire prevention and ambulance service included training, hose and equipment testing, building and equipment maintenance and fire prevention talks and tours for children and adults at the fire stations.

On January 12, 1990 Firefighter, John H. Finnerty, was appointed as the Department Mechanic replacing Mechanic Philip M. Upham who retired on November 12, 1989. On January 20, 1990 Firefighter, David L. MacLeod was promoted to the rank of Lieutenant replacing Captain Fred A. Lyons who retired on March 1, 1989.

In June the Women's Community League of Weston donated a Macintosh SE computer to the Department. This most appreciated and generous donation is being utilized to modernize our records, statistics and ambulance billing systems. Thank you ladies!

As we move to another year we look forward to the challenges of maintaining fire and ambulance service despite the ongoing financial uncertainties facing our town and commonwealth and renewing our commitment to

improving the services we provide by keeping up with the ever changing state of the art in firefighting, hazardous materials, fire prevention and emergency medical services. As we address our established priorities and set new goals we look back with gratitude to all of those who have supported and assisted the Department in so many ways. Citizen support and cooperation is essential if we are to continue to keep our Town fire-safe and maintain our effective level of services.

1990 DEPARTMENT STATISTICS
Year Ending December 31, 1990

In 1990 the Weston Fire Department responded to 207 Bell Alarms and 921 Still Alarms for a total of 1,128 Alarms as follows:

Fire Incidents	140
Ambulance Incidents	471
Other Emergency Services	517

Mutual Aid was received 75 times from our neighboring communities during 1990 and we reciprocated to our neighbors on 51 occasions.

The Emergency Ambulance Service responded to a total of 471 incidents as follows:

<u>Responded to:</u>	<u>To Hospitals</u>	<u>Transport Not Required</u>
320 Medical Emergencies	243	77
131 Motor Vehicle Accidents	84	47
20 Fires/Other Incidents	7	13

REPORT OF THE PARKING CLERK

When a parking ticket is issued in the Town of Weston, payment or a request for hearing is expected within twenty-one (21) days of the date of issuance. If neither is received within the time allowed, the person's name, address, and registration are added to a list which is submitted to the Registry of Motor Vehicles. The person's operating license and vehicle registration will then be marked for non-renewal and will only be cleared when all outstanding parking fines are paid, along with an additional ten dollar (\$10) processing fee.

A state law which took effect in late 1989 provides for hearings by mail for parking tickets. For more information about this process please read the red insert in your parking ticket. Additional questions may be addressed to the Parking Clerk at Town Hall or to the Weston Police Department.

During the spring of 1990 the Weston Police Department stepped up its enforcement of the 2-hour parking limit which prevails throughout much of Weston Center. The center is small and parking spaces are often at a premium, a major reason for strict enforcement of these regulations. In addition, the safety of other drivers and pedestrians should be considered when parking.

The following is a summary of tickets issued and fines collected during 1990:

Tickets issued:	447	Fines levied:	\$4,935.00
Tickets dismissed:	29	Fines dismissed:	\$ 370.00
Tickets paid:	392	Total collected:	\$5,120.00

REPORT OF THE POLICE DEPARTMENT

There were 295 arrests made by the Weston Police Department in 1990. Twenty-four homes were broken into, which is 8 fewer than in 1989, and there were 149 acts of vandalism. No fatal motor vehicle or fatal pedestrian accidents occurred in Weston during the year 1990.

Officers investigated 2,425 burglar alarms, approximately 300 fewer than in 1989. For the most part, residents owning burglar alarms have been cooperative in having their alarms serviced when requested to do so. With proper maintenance and service we hope this downward trend of incoming false alarms will continue.

In August, 1990 Weston Police Officer Edward "Jack" Barbetti retired after almost 40 years of service to the town. Jack was known for his gruff sense of humor and also for his willingness to respond to work whenever an emergency would arise. The most memorable moments of Jack's police career were two occasions when he was instrumental in saving children from drowning.

A police entrance examination was conducted to determine applicants qualified for appointment as police officers of the Town of Weston. After passing the written examination and physical fitness tests, applicants were then interviewed by the Police Selection Review Committee. Five of these successful candidates were recommended by the Committee for interviews and consideration by the Board of Selectmen.

Edward J. (Jack) Barbetti

Barbara Terrio, who had served for four years as a Clerk/Dispatcher in the Department, was selected and appointed by the Selectmen, becoming the first female

permanent police officer of the Department. She was attending the Massachusetts Criminal Justice Training Academy at year's end and graduated in January 1991.

Barbara J. Terrio

Thanks to a donation of \$6,800.00, made by the Women's Community League, the Police Department was able to purchase two additional Mobile Data Terminals. These computers are linked to the National Crime Information Center, which allows officers to obtain license plate numbers, drivers license records and warrants directly from the patrol cars. The first unit, which cost approximately \$3,500.00, was purchased from donations made to the Police Department by citizens and business establishments of the town.

The Weston Police Department is grateful to the Women's Community League not only for the generosity shown for this program but also to all the citizens of the Town of Weston for the support that is given to the Police Department throughout the year.

REPORT OF THE COMMUNITY SERVICE OFFICER

The Community Service Officer, Robert Millen, Jr., conducted Safety and Crime Prevention programs throughout the community, including public and private schools and other civic organizations. He worked cooperatively with the Youth Counselor, Substance Abuse Prevention Coordinator and the Weston Alcohol and Drug Education Advisory Committee. In addition, he assisted the Transportation Department of the Weston Public Schools with bus driver safety programs and student emergency bus evacuation drills.

Juvenile incidents increased in 1990 with elevated reports of liquor violations, larcenies and property damage. Restitution reimbursements were made to Weston homeowners in the amount of seventeen hundred dollars after a vandalism spree involving four out-of-town youths during one weekend. Teen parties involving alcohol continue to be a major concern of the Police Department. During 1991, the Community Service Officer and the Chief of Police will be working closely with the schools, parents and students to try to find alternatives and develop better lines of communication regarding unchaperoned gatherings and alcohol and drug abuse.

REPORT OF THE TREE WARDEN

During 1990, the Town's contractor and the Highway Department worked on the removal of dead trees and limbs throughout Weston. Damage to trees by snow, rain or wind storms made several emergency removals necessary. Other work included tree topping, pruning, stump grinding and stump removal. Elm trees were sprayed to control Elm Leaf Beetle. Some planting was done to replace our elm trees with a disease resistant variety. Damage to trees along the roadside is also being caused by sand and salt.

HEALTH AND SANITATION

REPORT OF THE BOARD OF HEALTH

Marie Tobin, R.N., M.P.H., was elected to the Board, defeating the incumbent Mrs. Vivienne Kalman. The Board voted to organize with Mr. Henry T. Brown remaining as Chairman, Mrs. Tobin as Secretary, and Dr. William D. Cochran, M.D. as Board Member.

Cooperative Boards of Health

Both Weston and Wellesley agreed to continue their cooperative arrangement which includes sharing services of some of the Wellesley Health Department staff. Those individuals with responsibility for Weston are the director of public health, environmental health specialist and secretary. All records are kept at the office located at 79 Oak Street in Wellesley where daily activities are conducted.

Public health nursing services continued to be provided by Linda Perrin, R.N. of the Weston School Department. These services primarily involve communicable disease follow-up, influenza immunizations, and recreational camp monitoring.

Town Center

Conditions in the town center remain unresolved; therefore, the Board did not issue any food establishment permits to anyone conducting such operations in the center of town. The basis for this action is the failure to dispose of liquid waste and sewage in a manner required by the state code. The Board continued to support corrective measures to eliminate substandard septic systems here.

Health Regulations

The Board adopted a new regulation governing sand-blasting operations. This was done to control such operations and to assure they neither become a nuisance nor a danger to public health. Amendments were made to the regulations governing septic systems.

REPORT OF THE ENVIRONMENTAL HEALTH SPECIALIST

The Environmental Health Specialist provided professional services in the areas of site evaluation, design and installation of subsurface sewage disposal systems. This included both residential systems and systems for proposed subdivisions. The process also included residential renovation and/or expansion plans to ensure that proposed construction does not compromise existing septic systems with respect to location and capacity.

The Environmental Health Specialist also provided services in the site location and development of residential drinking water supplies, complaint investigation and evaluation of various environmental and public health related issues. Other activities included evaluations and follow-ups at selected food service establishments, recreational camps, public and semi-public swimming pools.

REPORT OF THE HUMAN RELATIONS SERVICE

The Human Relations Service (HRS) is the community health center serving children and families in Weston. Our mission is to treat, reduce and prevent mental illness in the Town. A private, nonprofit agency, HRS provides counseling to residents, consultation to local schools, colleges and agencies, and education about mental health to town groups. Our psychiatrists, psychologists and social workers average 10 years of experience at HRS and are thoroughly familiar with Weston's needs and resources.

HRS's Clinical Service offers the full range of outpatient diagnosis and treatment. This service is partially supported by funds from the Weston Board of Health, as well as by the Massachusetts Department of Health and by our own fund raising. Residents are seen regardless of ability to pay. HRS specializes not only in the treatment of difficult behavior or emotional problems but also in the handling of typical issues that occur in the development of any child or family.

Clients sought our help on issues ranging from family communication and school adjustment problems to depression, drug/alcohol abuse and separation and divorce. As families here contend with the stresses affecting families everywhere, we at HRS continue to

devote as much energy as possible to programs which prevent the causes of these stresses, as well as providing prompt, high quality treatment, when they occur.

REPORT OF THE NEWTON-WELLESLEY-WESTON- NEEDHAM MULTI-SERVICE CENTER, INC.

The Multi-Service Center has served the town of Weston for the past nineteen years as an integral part of the town's mental health system.

The Multi-Service Center provides five essential services to residents of Weston: Adolescent Emergency Shelter, Adolescent Health Clinic Services, Outpatient Substance Abuse Counseling Services, Substance Abuse Prevention Services and Community Education. Our services are always available to teens and their families on a confidential basis and without charge.

Our Emergency Shelter is available to adolescents, between the ages of 12 and 18 who are unable to live at home because of personal or family problems. The shelter can accommodate up to five adolescents for periods of up to thirty days. Our clinical staff is available to provide individual, group, and family therapy throughout the resident's stay, and as aftercare for as long as necessary after leaving.

The Multi-Service Center's Adolescent Health Clinic provides confidential counseling, education and medical consultation on issues of sexuality and reproductive health care. Each client is seen by a trained counselor to assess his or her current mental health, including screening for depression, adolescent adjustment issues, substance abuse, and physical and sexual abuse. The counselor also provides information on personal health care with a focus on pregnancy prevention and AIDS education. Clients are then given a thorough medical exam by a nurse practitioner. All medical services are supervised and reviewed by our Medical Consultant, who is a practicing physician with a specialty in adolescent medicine.

Multi's Outpatient Counseling Program is available to individuals and families of Weston with a focus on adolescent issues and substance abuse treatment. Any local adolescent or family member is eligible to receive individual, group, or family therapy. Individuals of all ages with substance abuse problems are eligible for counseling services at the Center. Therapy services are provided by licensed professionals and supervised by our Clinical Director.

Our newest project is a collaborative effort with the Town of Weston Alcohol and Drug Education Advisory

Committee. The project involves the coordination of a community organization and education effort to deal with the problem of alcohol and drug abuse. A Substance Abuse Prevention Coordinator is working closely with community groups to identify resources, develop a resource library, refine the school curriculum, initiate community workshops, establish support groups for parents, and expand peer education programs regarding alcohol and drug abuse.

The Multi-Service Center also provides extensive community education and consultation in Weston on developmental issues of adolescence, adolescent reproductive health and AIDS prevention.

In the coming year we will continue to offer all of our services to Weston residents. Individuals seeking help can call at any hour of the day or night. Crisis counseling can be provided in emergency situations. Information about services is available by telephone.

REPORT OF THE EAST MIDDLESEX MOSQUITO CONTROL PROJECT

The East Middlesex Mosquito Control Project conducts a program in Weston consisting of mosquito and wetland surveillance, larval and adult mosquito control, water management and public education.

The goal of the survey program is to target mosquito breeding areas and to measure changes in the larval and adult mosquito populations caused by weather. Larval population data is collected by field crews during spring and summer control operations. Adult mosquito populations are monitored regularly at four sites around town. This data aids the Project in determining the need for control and the effectiveness of control measures. The State Department of Public Health utilizes this data to monitor those species associated with Eastern Encephalitis.

Larval control is accomplished with the biological larvicides BTi and Arosurf. A helicopter was utilized in April to apply BTi granules over 489 wetland acres which included areas adjacent to Nonesuch Pond, Silver Hill Road, the Town Forest off Concord Road and between Winter and Wellesley Streets. Field personnel also sprayed 21 wetland acres during the spring and summer when high densities of larvae were found breeding in stagnant water.

Adult mosquito control consisted of spraying 4,915 acres at night using truck mounted aerosol sprayers whenever our survey traps indicated high populations of

nuisance mosquitoes. Project personnel sprayed 49 acres using portable sprayers to establish barriers to mosquitoes around recreation and wetland areas.

Water management was accomplished by elimination of unnecessary stagnant water. Most of this effort was directed toward maintaining existing ditches in wetlands where blockages accumulated causing poor drainage. In 1990 crews maintained 1,866 feet of ditch near Ripley Lane.

The Project's public education program included an educational video entitled "Fight These Bites" on local cable channels. The goals of the video were to explain the biology of mosquitoes and educate homeowners on what they can do to prevent or reduce mosquito breeding. This educational video is available for use by schools or interested groups and can be acquired by contacting either the Health Department or the Project itself.

HIGHWAYS AND BRIDGES

REPORT OF THE SUPERINTENDENT OF STREETS

The Highway Department performed its usual duties throughout the year. Streets were plowed during snow storms and then sanded to prevent icing conditions. Sidewalks were plowed and sanded as necessary.

As in the past heavy wind and rain storms caused considerable damage to trees in Weston. Trees were blown down along with limbs and brush.

Drainage

All catch basins were cleaned and outlet pipes rodded as necessary. The new drainage system was completed at Glen Road and Oak Street. An old drainage system on Linden Circle was replaced. Other catch basin covers and parts were either replaced or repaired.

Resurfacing

The following roads were resurfaced: Highland Street, Middle School Road, Glen Road, Oxbow Road, Ripley Lane and a part of Church Street. Some Chapter 811 work was done on the sidewalks on North Avenue. Rock was split on Conant Road. Potholes were filled as needed throughout the town.

Miscellaneous

All streets and sidewalks were swept to remove sand. Brush was cut back, grass and hay along roadsides was cut, and islands were cleaned. Debris was cleaned

out of brooks on Warren Avenue and Lexington Street. The Highway Department worked with tree crews and Edison crews on tree removal.

New signs were put up to replace damaged or missing signs. In addition, lane markings, crosswalks, stop lines and drainage marks were painted throughout town. Leaves and debris were picked up from roads. Rubbish was picked up twice a week from the Town Hall, Jones House, Library, Police, Fire and Cemetery Departments.

The stone wall on Route 20 at Buckskin Drive was rebuilt and other walls, guard rails and fences were repaired and/or replaced. At Cooks Pond the pump was repaired and a new door to the pump area was installed. The salt shed roof was repaired. The Highway Department maintains all of its trucks and equipment, including painting and body work.

Work for Other Departments

The Highway Department did some blacktop work and set a curb for the School Department. The pool was cleaned out and fill hauled away for the Recreation Department, and a gate on Gail Road was replaced. For the Water Department, pipe was unloaded and miscellaneous blacktop work was done as well as paving at the pumping station.

New Equipment

In 1990, the Highway Department purchased a new Ford 4x4 1-ton dump truck and CAT IT-28B loader.

Temporary Transfer Station

Daily operations are going very well. Paper and glass are being recycled at the temporary transfer station. In August, a metal collection day was incorporated into the Town's recycling efforts. Now, on the last Saturday of every month, disposal of metal goods may be made by Town residents at the Highway Department Garage.

Residents who do not purchase "dump" stickers may obtain permits from Town Hall to use the recycling facility only at no cost.

New Composting Area

The new leaf composting area was finished and is operating according to the rules and regulations of Massachusetts Department of Environmental Protection. Leaves, grass, branches, yard trimmings and wood chips may be disposed of at the composting facility by residents with "dump" stickers. Residents without "dump" stickers and contractors working for residents may use the composting facility by obtaining a permit from the Town Hall. Leaves and grass are being composted, and all brush is chipped.

SCHOOL DEPARTMENT

REPORT OF THE SCHOOL COMMITTEE

LEADERSHIP

In 1990 the Weston Public Schools enjoyed a year of continuity in leadership. Dr. Meredith Jones spent her second full year as superintendent pursuing her goals as set forth in 1989, working closely with the administration, including newly appointed Assistant Superintendent for Curriculum, Dr. Richard Houde.

Town elections brought no change in the membership of the School Committee, with Katherine Strehle being re-elected to her second term. However, in November Jack Butts unexpectedly submitted his resignation, pending his imminent transfer to Seoul, Korea. We will miss Jack's thoroughness, ideas, and humor, and we thank him for his contributions to the schools. In December, we welcomed Carol Hinckley back as a member, following her unanimous selection to fill the vacancy resulting from Jack Butts' resignation.

In addition, we would like to note the retirements in 1990 of the following valued, long-time staff members: Mary Frenning (22 years as Middle/High School Guidance Counselor), Robert Boucher (22 years as High School Science teacher), Larry LeBrun (custodian), Gilbert Grassilli (custodian) and Leo Nicotera (Bus Driver).

PROGRAM REVIEWS AND OTHER STUDIES

Educational institutions, in order to provide the best education possible, must be open to improvement while retaining that which is valued. The Weston Public Schools, through regular program reviews and various study and advisory committees, are committed to ongoing self-assessment as a necessary contribution to excellence. A number of studies and reviews were produced or implemented in 1990.

Foreign Language Review

The Foreign Language Review Committee, chaired by Dr. Isabelle Kaplan, Project Director from the American Council of Teachers of Foreign Language, and including foreign language educators from universities and public and private schools, visited Weston in the fall of 1989 and reported to the School Committee in January. The report, with its 48 recommendations, focused on the need to develop and organize our proficiency-based curriculum so that it more effectively links language, experience and culture. A 3-year plan for implementation of the recommendations was adopted. During the 1990 summer workshops, the Foreign Language Department began the task of redesigning the curriculum and exploring new teaching methods to emphasize the individual learning styles of students.

Altering School Schedules

The Committee to Look at Altering School Schedules (CLASS) was established in January 1990 by Superintendent Meredith Jones to examine the feasibility of changing school schedules. Chaired by School Committee member Katherine Strehle, the 18-member committee met throughout the year gathering data and considering numerous models, concepts and concerns. In its final report, CLASS recommended extending the elementary day slightly and making changes which would closely align middle and high school schedules, allowing for savings in transportation costs and for more effective sharing of staff between buildings. The Superintendent will make her final recommendations to the School Committee early in 1991.

Attitudinal Survey

In an effort to remain responsive to the attitudes of Weston residents about our schools, Superintendent Jones appointed a committee to conduct an attitudinal survey, similar to those done in 1975 and 1981. The committee, chaired by resident Jean Thurston, distributed a questionnaire in November and will report during Spring 1991 on the information gathered from 554 completed questionnaires.

Feasibility Studies:

Adult Education and Pre-School Programs

Two studies were performed this year - one to determine the feasibility of establishing a comprehensive adult and community education program in Weston and the other to consider the creating an integrated pre-school program in the Weston Public Schools for children of all learning abilities. The Superintendent has not yet made her recommendations to the School Committee regarding these programs.

High School: 10-Year Evaluation and Beyond

The High School began the task of preparing for its 10-year accreditation review by the New England Association of Schools and Colleges. This involves both a yearlong, comprehensive self-study and hosting a visiting committee in the Fall of 1991.

In addition to the evaluation process, the High School is looking farther into the future. Principal Bruce MacDonald, history teacher Cheryl Maloney, and Assistant Superintendent for Curriculum, Richard Houde attended a conference in Pittsburgh entitled "The High School of the Future." Co-sponsored by Carnegie Mellon and two suburban Pittsburgh school districts, the conference provided opportunities for learning about new educational directions and the sharing of ideas among the 22 select schools represented.

Computers

The need to keep pace with technological changes around us remains constant. With the approval by Town Meeting of a \$90,000 bond issue, our computer facilities were enhanced with the addition of a 24-station MacIntosh Lab at the High School. A similar Mac Lab was installed at the Middle School in 1988 in response to the recommendations of the 1987 English Review. The high school Mac Lab enables teachers to improve writing instruction through word-processing.

In addition to the improvements in facilities, it was found to be desirable to prepare our students better for their increasing use of computers by introducing keyboarding and word processing curricula in Grades 5 and 6. To accomplish this task, computers were transferred from the secondary to the elementary level.

Drugs and Alcohol

1990 was also a year in which the schools began to work more closely with the town appointed Drug and Alcohol Coordinator. Major accomplishments included forums with featured speaker Dr. Jean Kilbourne on alcohol and the media, and with Joan Palmer on communicating with children about substance abuse. A series of meetings for high school students and parents was organized to promote more discussion about substance abuse.

Secondary Schools Pilot Enrichment Program

The pilot program begun in the fall provided opportunities for middle and high school students to participate in enriching and creative learning experiences beyond the regular school day. The program is self-funded through user charges. Three courses were given in the fall and new courses will be offered in late winter by both Weston faculty and residents.

Fine Arts

In response to the 1987 Fine Arts Committee report, committees were established at each school to oversee more coordinated and enhanced fine arts programming. Extensive planning resulted in the first year of Fine Arts Week at the High School, which included an impressive array of activities ranging from professional performances, to mask-making, to trips, to museums. At the Middle School, the first ArtBeat Day was equally successful with 19 workshops with guest artists and a student talent show.

UNDERSTANDING HUMAN DIFFERENCES

One educational goal of the Weston Public Schools is "to encourage respect for the dignity and rights of other individuals and to develop understanding of the contributions of diverse groups to our society." As a program, Understanding Human Differences has the following components in our schools:

Racial Understanding - In-service workshops for faculty to improve their ability to recognize, understand, and be sensitive to racial and ethnic diversity within the school system. This year Manuel Fernandez, Director of Wayland's METCO program, addressed the faculty during the October staff workshop day on "Re-examining the Culture of the Urban African-American Child." Programs such as "Bridges" have similar goals for students in grades 8 - 12. This program brings students of diverse backgrounds together on a weekly basis to discuss human differences. "Bridges" has received state-wide recognition as an exemplary program devoted to quality integrated education.

Multicultural Education - Curricula in social studies, English, and other areas of study which help students understand and appreciate world cultures and the contributions of different groups to our society and its history.

Understanding Disabilities - A 3rd through 5th grade program which helps children understand and appreciate the experiences of individuals in our society who have disabilities, including: physical limitations, retardation, blindness, deafness and learning disabilities.

Respect for Self and Others - Workshops on peer pressure for children in grades 3 and 5; Regis College Leadership and Development Program for grade 6 students to work on problem solving situations that develop trust and group cooperation; "Esprit" program for 7th graders includes two days of exercises which emphasize cooperation rather than competition with their classmates; Peer Counseling which provides opportunities for high school juniors and seniors to

work with 8th graders on issues related to self-esteem, drugs and alcohol; Human Relations seminars for high school students.

A Curriculum for Caring and Character Development

- A new program which was designed for the Middle School by Marsha Malone, Mary Frenning and John Gibbons and begun in the Fall of 1989. It encourages the development of "standards of respect, courage, empathy and integrity within the school setting."

WESTON/METCO PROGRAM

The METCO program in Weston, now in its 23rd year, continues to be an important element of the educational experience. Boston students comprise 12% of our total student body and are active participants in all aspects of our school program. For three of the past four years, all of our Boston resident students have continued their formal education after graduation.

During the past few years, as the state's fiscal pressures have increased, METCO funding from the state has been reduced (METCO was level funded by the state for two years, and was reduced further in 1990). In response to reduced state funding several cuts in the program had to be made: consolidated bus trips and one less academic liaison.

Weston's commitment to the continuation of the METCO program was demonstrated throughout 1990. In January, 24 Middle School students and 15 community members joined several hundred people who spent a day at the State House educating legislators and their staff members about the importance of the program and their

continued funding support. In addition several neighborhood coffees were held to give Weston residents more information about the value of the program.

COMMUNITY VOLUNTEERS

Community support for the schools has always been crucial to their achievement. The caring involvement of volunteer groups such as the PTO, Boosters, Weston Special Education Parents Advisory Committee, Weston METCO Parents Organization, and METCO Community Coordinating Committee has enriched the school experience for all children. The School Committee is deeply grateful for the continued interest and support of these dedicated groups.

WESTON EDUCATION ENRICHMENT FUND COMMITTEE (WEEFC)

WEEFC, a permanent subcommittee of the School Committee, oversees the Weston Education Enrichment Fund, created by Town Meeting in 1985. WEEFC relies on contributions and support from the community to continue funding special programs and mini-grant proposals requested by Weston faculty, which cannot be funded within the regular school budget.

In 1989-90, WEEFC raised \$51,873 to fund a variety of enrichment programs and projects for the Weston Public Schools. A total of 247 projects have been funded since the inception of the program.

Many teachers have been wearing the "Teachers Love WEEFC" buttons. WEEFC projects are too numerous to list. The following is a very small sample:

Desktop Publishing
Carol Burnes (poet)
Jeff Kelly (author)
Shakespeare & Company

Fogg Museum Trip
Soviet Art Show
Survival in Alaska

For more information on helping as a volunteer or donor, please contact the School Department at 899-0620.

GIFTS OF TWO PARKS

In 1990, the School Department gratefully received gifts of two unique parks, both of which tremendously enrich the lives of all of us in our schools and community.

Pastor Park was donated in memory of Andrew Pastor, who died in 1989, days before his graduation from Weston High School. The park, adjacent to the high school tennis courts, provides a serene and beautiful spot for everyone to enjoy.

Alphet Park was the result of efforts undertaken by members of the community, with the assistance and support of the Weston Community Childrens' Association. Located on the grounds of Country School, adjacent to Memorial Pool, it is a playground with large wooden structures for climbing, swinging, jumping, and sliding. It provides pleasure and play for our Country School children, as well as for the children of our community.

SCHOOL COMMITTEE ORGANIZATION

The School Committee is charged with responsibility for school policy, plant and personnel. The School Committee meets fortnightly, usually on Monday evenings at 8:00 p.m. at the Case House. All meetings are open to the public and the agenda always includes an "open forum" in which residents are encouraged to express their views or ask questions. Minutes of School Committee meetings, once approved, are available at the Case House and the Weston Public Library for public review. Meeting dates are posted at the Town Hall, the Weston Public Library, and Weston High School, and appear in the PTO newsletter "Westword." Meeting dates, agenda items, and information concerning school-related events are available on the School Information Line (899-0900).

The Committee consists of five residents elected for staggered 3-year terms. A member's term begins at the conclusion of the Annual Town Meeting. State law now provides that each school committee shall have an ex-officio, non-voting member, who should be the elected chairperson of the Student Advisory Committee to the School Committee. Student representatives were John Madden last spring and Jessica Bain this fall.

1990-91 SCHOOL BUDGET

The net operating budget of the Weston Public Schools in 1990-91 is \$10,163,855, an increase of 5.7% over the previous year. Per pupil expenditures in the current academic year were projected at approximately \$6,850, and the professional staff/student ratio was projected to be 1:11.5. Overhead and other indirect costs (utilities, maintenance, transportation, coordination of special education, health services and central administration) account for some 24% of the operating budget. These costs are only marginally influenced by enrollments. The remaining costs, which are almost entirely instructional, are primarily for staffing. Approximately 84% of the net budget is attributable to salaries and wages.

In keeping with its continuing commitment to provide appropriate maintenance of the aging physical plant, and spurred on by health and environmental concerns, the School Committee was granted \$915,000 for repairs and improvements to several facilities in 1989, some of which were not finished until this year. The renovation of the swimming pool at the Middle School was completed this fall, while the replacement of oil tanks at the High School and work on improvements to the Field School heating plant were completed during the summer.

School Budget Process

The budget review process for FY 1991-1992 began at the November 5, 1990 meeting of the School Committee - it seems as if we just finished the process (the fiscal 1991 budget process was substantially completed May 7, 1990).

The school budget process aims at building consensus for a fiscally responsible budget which is supportive of the school department's goals and responsive to the department's short- and long-term needs. Although the process is ongoing, each budget cycle formally begins in the fall with a discussion between the School Committee and Finance Committee concerning general guidelines. The School Committee reviews quantitative information such as student enrollment projections, inflation rate, fuel and other utility costs and consumption data, as well as proposals for program changes and major maintenance projects which may impact the budget. The School Committee then develops assumptions and priorities for the coming fiscal year which provide general guidance to the administration in the preparation of a preliminary budget.

Each year, both the School Committee and the Finance Committee name liaisons who meet with the administration for the purpose of reviewing the preliminary budget in depth. For the Fiscal Year 1991 budget process, the Finance Committee liaisons were Tom Schendorf and Glenn Brewster. After the initial liaison meetings,

each budget component is presented to the School Committee as a whole at a regular School Committee meeting. The entire Committee, the public, and the press then have the opportunity to consider each budget segment in detail and to ask questions about individual items or policies. The budget as a whole is then reviewed by the Finance Committee, which makes recommendations to the School Committee for total spending based on the Finance Committee's consideration of the entire town budget. The final step in the preparation process is the vote of the School Committee to approve the budget and confirm the priorities for the coming year. The approved budget is then reported to the Town in the annual school budget document mailed to residents prior to the annual Budget Hearing, and presented to the voters for approval at the Town Meeting.

CONTRACT NEGOTIATIONS

Weston Education Association, Food Services Union, and Custodians' Union contract agreements were reached in 1989. Under their three-year contract, Weston teachers receive salary increases each year averaging approximately 6%. Both the School Committee and the WEA are grateful for a continuation of the harmonious relationship between the Association and the School Committee. During 1991, negotiations will be undertaken with the Weston Educational Secretaries Association and the Weston Aides and Paraprofessionals Association.

ENROLLMENT PROJECTIONS

Enrollment projections for the next several years, subject to adjustment when January census reports are received, indicate slow growth at the elementary level, slight decline at the middle school and continuation for another year of the slight increase at the high school. The unexpected increase at the high school this year seems to have resulted from fewer students leaving for private school as well as an increased number returning from private school.

It appears that our overall enrollment decline over the past 15 years has bottomed out, with very slight increases projected for the next two years before more significant increases are expected.

The only "blip" on the screen for the future is the projected arrival of an unusually large kindergarten class in the fall of 1992. Each year since 1975, between 59 and 81 babies were born to Weston parents. In 1987 there were 111 such births reported. This has apparently not become a continuing trend.

HIGHLIGHTS OF 1990

The following school events, activities and accomplishments of special interest give a fuller sense of the richness of experience students and staff enjoy:

- As the result of an audition, eighteen students participated in the Junior District Music Festival and thirteen students participated in the Senior District Music Festival. Caroline Choi was the concertmistress of the Senior District Orchestra.
- Over 200 people attended the Weston METCO Potluck dinner, at which Woodland students performed a play in honor of Martin Luther King.
- Six Weston Art and Photography students were district winners in the Boston Globe Scholastic Arts Awards, including Middle School students Shariff Rudolph and Julie Belkin, who won Gold Key Awards and twelfth grader Melissa Dubois who is a portfolio nominee for national competition.
- Caroline Choi, high school violinist, was selected as a tape audition winner in the 1990 Seventeen Magazine and General Motors National Concerto Competition and travelled to Ann Arbor, Michigan for the finals.
- The High School Black Student Union presented an outstanding program called "Making a Difference."
- The Earth Day celebration at the elementary schools was a huge success, with a variety of activities and events resulting in wonderful paintings and posters and new outdoor plantings.

- There were a number of superb performances by the High School theater group, including "Godspell," "Reckless," and the "Good Woman of Setzuan."
- Kindergartners collected mittens, hats and scarves for children served by the Massachusetts Society for the Prevention of Cruelty to Children.
- John Stasik, a Middle School science teacher, is implementing a paper recycling program aimed at making the school system trash paper-free by June 1991.
- Woodland School students donated items needed for U.S. troops in Saudi Arabia, such as soaps, combs, decks of cards and other small games. Students also earned money to cover the cost of postage.
- Twenty-three High School science students along with their teacher, Susan Majors, participated in "Coastsweeps '90." In addition to assisting in the cleanup of the coastline the students have been helping to analyze the raw data and will be co-authors of the final report for the State's Coastal Zone Management Office.
- Several exchanges took place this year between the Weston Middle School and the Timilty School in Boston. Students from both schools shared writing, attended Spanish classes and performed plays for one another.
- Seventh grade students raised over \$800 to purchase holiday gifts for children in the custody of the State Department of Youth Services.
- The Middle School productions of "Charlotte's Web" and "The Shaggy Dog Murder Trial" were outstanding.
- A group of parents organized a formal dinner dance to raise money for WEEFC.
- Our 8th grade Math Team placed 2nd in the New England Mathematics League examination competition, with Katie Emans and Nick Madden, placing among the top fifty scorers.
- Middle School students and parents raised \$2,375 for WEEFC with proceeds from the sale of raffle tickets and tickets for a Middle School dance.
- Fourth graders placed first in New England and second in the U.S. in the Pythagorean Division of Continental Math League. Robert Hsu received a special medal for earning perfect scores on all five tests.

-The High School Math Team placed 4th in New England for small schools and 2nd in Massachusetts at the New England Championship meet, with senior Jesse Johnson achieving the second highest score for small schools.

-Winter athletic tournament accomplishments included: the Wrestling Team placed 4th in the Central Massachusetts Division 2 Sectionals; the Swimming Team captured the Eastern Massachusetts and State Coed Championship.

-Among Weston's outstanding individual athletic performers were: Tammy Peeples, who captured the Massachusetts High Jump Championship as well as the Eastern States High Jump Championship; and Hilary Hanson, who won the Eastern Massachusetts backstroke title, setting a new girls' record. Vijay Lathi and Owen Bittinger were named All-Scholastics after winning titles at the State swimming championships.

-The Girls' Lacrosse Team won the Division 2 title and finished second in the Eastern Massachusetts Finals to divisional rival Wayland.

-Boys' Cross Country won the Division 2 State meet after capturing the Dual County League and the Eastern Massachusetts Divisional crowns.

-The Varsity Field Hockey Team reached the State Sectionals.

-Pete Foley was selected as Athletic Director of the Year in District A of the Mass. Athletic Directors Association and Don Duncan was honored as Division 2 Cross-Country Track Coach of the Year by the Boston Globe.

-The school department received a bequest from the will of Elsie Naughton to honor her son, Joseph, a 1969 graduate of Weston High School who died during his senior year at Harvard. The funds will be used for a scholarship and as a supplement to track and field programs.

The year 1990 may best be remembered as the year in which the Weston Wildcats defeated the Wayland Warriors in the annual Thanksgiving football game, 20-13. It was the first time Weston had won since 1981 and the 18th victory in 56 years!

Professional Staff Statistics

1990-91

146 professionals -- teachers, counselors, specialists, and administrators -- provide educational services to Weston students. Each one is a unique person with special talents and knowledge. With the data below, we attempt to present a statistical picture of the Weston staff.

1. Education: Weston teachers are well educated. 73% have earned master's degrees, and 50% have studied at least one year beyond the master's.
2. Experience: Weston teachers are clearly experienced. 88%, have been teaching for ten years or more. As the following data show, the percentage of teachers at the top of the experience scale is high:

Staff at Normal Maximum

Fall 1981	69%	Fall 1986	80.1%
Fall 1982	74%	Fall 1987	78.8%
Fall 1983	79%	Fall 1988	82.6%
Fall 1984	79.9%	Fall 1989	82.0%
Fall 1985	80.3%	Fall 1990	81.8%

3. Tenure: The percentage of our faculty on tenure increased this year, back again at the peak reached six years ago.

Staff on Tenure

Fall 1981	80%	Fall 1986	83.6%
Fall 1982	84%	Fall 1987	81.1%
Fall 1983	86%	Fall 1988	82.6%
Fall 1984	85.6%	Fall 1989	82.7%
Fall 1985	83.3%	Fall 1990	87.1%

4. Turnover: Over two thirds of those who left this year did so voluntarily, and contrary to national trends, math and science teachers did not account for a disproportionate share of the turnover.

Percentage of Staff Turnover

	<u>Left</u>		<u>Left</u>	<u>Voluntarily</u>
1983-84	12.5% of staff		68.2% of those who left	
1984-85	11.4%	"	68.4%	"
1985-86	10.5%	"	76.5%	"
1986-87	10.7%	"	70.6%	"
1987-88	12.6%	"	75.0%	"
1988-89	11.8%	"	72.2%	"
1989-90	10.5%	"	73.3%	"

REPORT OF THE MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL

Minuteman Tech students and graduates have had a great year capitalizing on what national research shows about learning -- that many students can develop much stronger academic skills in applied learning programs.

For example, the valedictorian of the Minuteman Class of 1986 was also valedictorian of the University of Lowell's Class of 1990. A physics major whose cumulative grade point average of 3.98 was the highest among the 1,621 members of his class, he is now a doctoral student in Physics at MIT. He came to Minuteman so that he could spend half of his time working with computers while participating in the school's college preparatory program. That interest gave way to an interest in physics as a result of studying with a science teacher who has won recognition by the National Science Foundation.

With approximately 20 percent of Minuteman Tech graduates continuing their education, excellence in academics is very important. The excellence of Minuteman's technical programs is illustrated every year by the achievements of our students:

- During 1990, Minuteman Tech students won 19 medals in the state Vocational Industrial Clubs of America Skills Olympics -- more medals than any other school.
- Eight Minuteman students competed in the national Vocational Industrial Clubs of America Skill Olympics. They won Gold and Silver medals in the Commercial Baking event.
- A retailing student won first place in the Civic Consciousness category at the state Distributive Education Clubs of America Conference.
- A Horticulture student placed third in the National Future Farmers of America Landscaping Competition.
- At the Society of Manufacturing Engineers National Competition, a team of four Minuteman students placed fourth in the Robotics and Vision Team Event.

-In athletics during 1990, Minuteman Tech had either an All Star or Most Valuable Player named in the Colonial Conference League in Basketball, Hockey, Swimming, Soccer, Golf, Football, Baseball, Field Hockey, Softball, and Tennis.

A number of Minuteman Tech staff members also earned honors during 1989-90.

On the Minuteman campus, the school's high school and adult post-graduate construction students completed work on a 6,000 square foot child care center for M.I.T. Lincoln Laboratory. Lincoln Lab paid the construction costs as part of a leasing arrangement. Minuteman child

care students helped with the decorating and equipment selection. The grounds will be maintained by horticulture students. The Center was dedicated on September 19, 1990.

During 1990 almost 300 middle school students and teachers from 6 towns spent a "Technology Day" at Minuteman, exploring the laser and robotics facilities. Over the summer 20 science, math, and special education teachers from several area towns participated in a special 2-day hands-on "Future Technologies Project."

Residents of the the Minuteman district's 16 member towns may enroll the school's daytime adult technical training program without charge if they have previously not had public vocational-technical training. This program has been especially useful to those who attended high school before strong voc/tech education was readily available and for some people forced to return to an increasingly competitive job market by a change in their family economic status.

In addition, evening courses which provide beginning and advanced technical training, as well as in a wide variety of other areas are available. Information may be obtained by calling the School's Community Education Office at 617-861-7150.

Minuteman Tech budget facts:

- State expenditure comparisons are overstated for Minuteman because proper credit is not computed for tuition enrollees from non-member towns. Therefore, Minuteman provides local finance committees with more accurate comparison estimates.
- For the second year in a row, Minuteman has level-funded its total budget. While an individual town's assessment can rise depending on its share of annual enrollment, the school's staff has been working diligently to help member towns cope with difficult financial times and still provide a high quality of learning service to area citizens. The balance between fiscal coping and quality is difficult because providing students with strong integrated academic and vocational skills is becoming increasingly critical in the competitive job market.
- The Minuteman School Committee has focused strongly on our fiscal partnership with towns. In August of 1990, the Committee lowered assessments to member towns when state aid was reduced by less than we had anticipated. In turn, well-informed finance committees have continued to support for vocational-technical education.

**REPORT OF THE WESTON ROMBAS
AFFILIATION COMMITTEE**

Former Weston Rombas Exchange Students at 40th Anniversary Celebration

The Weston-Rombas Affiliation celebrated its Fortieth Anniversary on October 21, 1990. Over two hundred Weston residents and other honored guests were present. The reception included former exchange students from France and Brazil who shared their experiences. The guest speaker Tad Crawford, who was the first exchange student from Weston to Rombas, shared a slide presentation of his year in France and told how this one year abroad had affected his life since then.

After having completed the 1989-1990 school year in Weston, Valerie Steff returned in June to Rombas. Amy Williams successfully completed the 1989-1990 year in Rombas and returned to Weston in July. Two students arrived in Weston in August: Regis Fort from France and Laura Baumvol from Brazil. Lisa Berkovits was selected from Weston to study in Rombas for the academic year starting in September, 1990. There were no applicants from Weston to Brazil.

The funding of the affiliation's program is derived from an annual appeal and from our Spring Brunch at the Jones House. All residents and friends who support the program are greatly appreciated. The committee is made up of teachers and residents who give many hours of their time to keep the program running smoothly.

The affiliation wishes to thank all those families who opened their homes in 1990 to become Host Families and provide homes for the visiting students. The Host Families for the calendar year were: Don and Liz Williams, Rick and Janet Wohlers, Angelo and Mary Ann Pappanikou, Joe and Karen McGraw, Robert and Judy Barro. All residents are encouraged to let us know if they would be willing to provide housing for an exchange student.

REPORT OF THE WESTON WAR MEMORIAL EDUCATIONAL FUND COMMITTEE

It is gratifying to report that the Weston War Memorial Educational Fund reached a milestone in 1990 when the principal of the fund reached and exceeded the \$100,000.00 plateau.

At the 1953 Town Meeting, a modest amount raised by the Weston High School Alumni Association was accepted by the Town as a permanent memorial to the citizens of Weston who served in the Armed Forces in all wars. The purpose of the Fund is "to assist and advance the post-secondary education of graduates of Weston High School."

Only the income earned by the Fund is available for use and in fiscal year 1990, the Committee awarded \$8,000 in financial assistance to Weston High School graduates. The awards are based on need, scholarship and faculty recommendations.

The investment of the Fund is the responsibility of the Commissioners of Trust Funds. The Fund is invested with the Consolidated Trust Fund group.

Principal Balance, June 30, 1989	\$ 97,543.50
Annual Fund Appeal	2,605.00
Gain on Sale of Investments	<u>1,158.92</u>
Principal Balance, June 30, 1990	\$101,307.42

PUBLIC LIBRARY

REPORT OF THE BOARD OF LIBRARY TRUSTEES

The main concerns of the Library Trustees during 1990 were to see that the library functioned well within budget and to stay in close communication with the Library Building Committee to develop a new library building for the people of Weston. Jim Messing, Trustee Liaison to the Building Committee, and Alice Douglas, Director, attended all their meetings, keeping communications current. The Trustees unanimously approved the Building Committee's choice of a new building and the proposed Alphabet Lane site. The Library Building Program and diagrams have been on public display at the library. There is also a notebook to give patrons an opportunity to indicate what they would like in a new library. Many comments such as the desire for a Reading Room have been made. In support of the Building Committee's efforts, the Trustees have used trust funds to provide the services of Baker & Co. to oversee the Library Development effort. The Trustees will also underwrite the printing and mailing of a brochure to inform townspeople of the proposed new library building. Physically the library remains the same with the exception of a rebuilt outdoor ramp and repair to the slate roof.

Trustee and Staff Changes

Catherine Konover was elected to replace Pamela Swain as Trustee. Helen Bradley was reelected to a three year term and continued to serve as Chairman. New part time Adult Services staff were Carolyn Egan and Martin Greco, whose combined time replaced Margaret Hill's. In weekend Children's Services Patricia DeGuzman filled the position vacated by Marilee Colpitts. There was difficulty in filling positions for much needed pages. Doris Sullivan's interviews of the staff in the Town Crier acquainted townspeople with the backgrounds and interests of those who serve them.

Minuteman Library Network

MLN is in the top 5% of all networks in the country in terms of size and functional range, having more than 3 million items in the database. Minuteman chose DRA, Design Research Associates, as the new vendor, replacing CSLI. The major cost for the hardware upgrade that can handle 400 MLN terminals has been covered by a gift from Digital and state and federal grants. The Catalog Center was moved from Wellesley to Central Site at Framingham and is used for training staff. Weston professional staff have contributed their expertise on MLN committees and have selected policy options expressly for Weston. All staff members are receiving thorough training on the new system. Patrons will find it easy to use the terminals for selecting the books and audios they want. The

CD-ROM of our MLN database is available now in addition to the on-line database. Patrons can use these to find holdings both in Weston and within the 24 network libraries.

Programs and Services

The informal Adult Book Discussion group, led by Donna Davies, Adult Services Librarian, continued to be popular, attended monthly by about twenty patrons. Outreach programs included the delivery of books to the homebound and to residents of the Westonian and Weston Manor. Jeannette Cheek, Alice Douglas and Kate Jones-Randall were invited to present a program at the Oral History Conference, held in Cambridge in November. The program on Weston's Oral Histories and their computerized index was another cooperative venture involving the Library and the Historical Society. Museum passes to the Boston Museum of Fine Arts, the Science Museum, the DeCordova Museum and Drumlin Farm were well used. The library also offers passes to the American Craft Council Museum, the American Museum of Natural History and the Cooper-Hewitt Museum in New York. Monthly annotated lists of new fiction and books-on-tape were provided as an informational service. Exhibits on the stairwell gallery in 1990 included art work and posters by WACA members, the Girl Scouts, a Middle School teacher and posters on drug abuse by Weston 7th graders.

Children's Services

Kelly Wood, Youth Services Librarian, wrote a monthly column for the publication of the Weston Community Children's Association (WCCA). During school vacations throughout the year, the library was open for children to come in and do crafts. During the summer the craft table was continuously busy. Story times for children ages 2 - 10 were offered an average of four

times a week. The Summer Reading Program attracted many children and approximately 150 children completed the 8-week program. Certificates were awarded to 23 children who read 10 or more books, and certificates and books were awarded to 98 children who read 20 or more. Two special events for children were held during the year. A Halloween magic show was enjoyed by about 200 children, with refreshments provided by WCCA. During the summer, Thornton Burgess stories were performed by the Gerwick Puppets on the Town Green. More than 300 children and their parents attended.

Service Statistics

The library was open 7 days a week during the winter months and 5 days during July and August. Due to extreme heat and the lack of climate control it was necessary to shut the library for parts of 17 days during July and August. The price paid by the Town for scheduled staffing for a facility without climate control was \$10,000. During the summer, Adult and Children's Services were open the same daytime and evening hours and closed on weekends. After Labor Day, the library was opened weekends and Children's Services were closed in the evenings except for Tuesday. Having Children's Services open this one night to meet the demand of working parents is new and is being monitored for use.

The library collection at the end of December, 1990 totaled 69,446 items, not including newspapers, periodicals, microfilms and videocassettes. A total of 6,425 items were discarded over the year. Circulation of children's materials continued to increase. Six years ago the circulation figure was 2,000 per month; now it is almost 5,000. Circulation of adult materials increased by 1,853 items this calendar year. The largest increase was in the use of newer formats of materials that complement the book collection, such as books-on-tape and compact discs. The Large Print collection was used more and more heavily. A bookcase was added to squeeze more Large Print books into the Reading Room, encroaching more on the people spaces. Lack of space has resulted in the discontinuation of the author/title catalogue. However, the subject catalog continues to be updated. Lack of space also limited the number Youth Services programs that could be held.

Gifts and Grants

A grant of \$200 was received from the Weston Arts Lottery to provide a summer puppet program. The League of Women Voters donated \$275 in memory of Thea Gray for library purchases in political science, and a gift of \$100 was made in memory of Marjorie Campbell. There were other small gifts such as \$10.00 from a person grateful for help with local history research. In December \$10,000 was received from the Rosamond Sears estate.

Friends of the Library

The Friends continued as an active and enthusiastic group, under the leadership of Pat Jensen. Activities included a luncheon for library staff; lectures by Ingrid Graff, Heroines, and Ken Gloss, Treasures in Your Attic; day trips to the Boston Public Library, to the Yale Libraries and Yale Center for British Art, and to Mark Twain's home in Hartford; a September book sale with special preview party for Friends, and the annual meeting with an update by Helen Bradley on plans for a new library. Bookmarks were printed in the spring and the fall listing current outstanding, but overlooked, titles selected by Donna Davies. In December the Friends sold a number of colorful canvas book bags to show their support for the new library and to raise money for the Library Building Fund.

Appreciation

The Trustees appreciate the wonderful staff that continues to provide the people of Weston with excellent service. Many patrons comment on their pleasant, helpful and friendly manner. The Trustees also wish to thank the Garden Clubs for adding beauty to the library and the many individuals who have contributed time and shown personal interest in making the Library such a welcoming place.

REPORT OF THE LIBRARY BUILDING COMMITTEE

During 1990 Joan F. Wexler found that professional commitments precluded her from continuing to serve as a Committee member, and she resigned. The Moderator appointed Lynn T. Brontas to fill the vacancy.

Library Program

Alice Douglas, Library Director, prepared a detailed and comprehensive library program with assistance from the library staff. The general direction from the Committee was that a new facility should preserve the best from the past, while preparing for the future use of electronic media. Shortly after the Committee began its work in 1988, it concluded that 23,500 square feet would be needed to house the program. Periodically, over the past three years, the Committee has revisited the proposed size and concluded that it is appropriate.

The substantial increase in space will permit significantly improved library facilities, including:

- A comfortable and quiet reading room
- Storage of Weston historical records and books
- Expanded areas for children and young adults
- Accessible stacks
- A meeting room for lectures and seminars
- New library technology and electronic media

Site Selection

The Committee initially identified a dozen potential sites and was able to eliminate several of them quickly. In conjunction with the architects and the Library Board of Trustees, we developed a list of criteria for use in site evaluation, which included:

- Town ownership of land
- Reasonable proximity to the center of town
- Ability of school children to walk to the library
- Easy access for motorists
- Availability of parking
- Safety
- Visibility
- A sense of community and vitality in the area
- Ability of site to accommodate future expansion

On January 18, 1990 the Committee held a meeting with representatives of other town boards to apprise them of the process and the elimination of certain sites. The Committee received a number of suggestions at that meeting which we thoroughly reviewed over the next few months.

On June 27, 1990 the Committee voted unanimously to select the site between the Field School and Alphabet Lane. Since this site is currently used as a softball field, we have held discussions with the Recreation Commission and have received excellent cooperation and support from the Commission in discussing the issue of fields available for recreation use.

The Field School was considered and ultimately rejected for a number of reasons, including:

- The cost of renovating the building for library use is approximately the same as the cost of designing a new building.
- Floor loadings in the Field School range from 50 - 80 pounds per square foot. A normal load for a library is 150 pounds per square foot.
- The interrelationships of functions and programs could not be met efficiently; e.g., proximity of the reference department to the non-fiction area.
- Staffing would be more difficult in operating a library in the Field School.

Finally, according to architect Norman Baier, the Field School building lends itself better to other uses than conversion to a library.

Conceptual Design

During the summer the architect prepared several conceptual designs, showing how the new library could be sited on the Alphabet Lane site. The Committee became very enthusiastic about one of the designs and held a public meeting on September 12, 1990 at which the plans

were presented. Thanks to Weston Cable, the meeting was videotaped, and a copy of the tape is available at the library.

A number of suggestions and comments were made at the meeting, including pedestrian access. As a result of the comments received, the architect made some changes in the siting of the building, particularly the location of the front entrance. The Committee has been pleased with the architect's willingness to listen and respond to citizen suggestions.

As 1990 drew to a close, the concept and the layout of the interior of the building were nearly complete. The Committee has reviewed several conceptual elevation studies, depicting the actual exterior appearance of the building. At year end a final decision on the building's appearance had not been made.

Weston Library Building Fund, Inc.

In the spring of 1990 the Committee received a \$10,000 donation from the Women's Community League of Weston for a new library. Later in the year the League made another gift of \$25,000. Their generous gift inspired a group of citizens to form a non-profit corporation to receive other contributions. The organization has been granted tax exempt status by the Internal Revenue Service. Accordingly, contributions to the Fund will be tax deductible by the donor.

In the fall The Campaign for the New Weston Public Library was established, chaired by Robert and Helen Kulow. Honorary Chairs are Thomas D. Cabot, Arthur L. Coburn, Jr., Harriet H. Elliston and Elizabeth B. Janeway. At year-end over \$190,000 in cash and pledges had been received prior to launching a formal campaign. The Library Building Committee appreciates the willingness of so many citizens of all ages to become involved in the new library project.

Timetable

The Committee had hoped to bring the library project to a Town Meeting in 1990. However, after consultation with several Town officials, we decided to postpone until the 1991 Annual Town Meeting. Although modifications are still being made to the design, the Committee has decided that the request for funds from the Town will not exceed four million dollars. Therefore, the fundraising effort is extraordinarily important to ensure that we can construct a quality library building which will serve Weston well into the 21st century.

The Committee looks forward to presenting the proposal to the Annual Town Meeting in May, 1991.

REPORT OF THE PARK AND CEMETERY COMMISSION

1990 was a year of change for the Park and Cemetery Department. Sadly for us and for the town, Superintendent Alfred F. "Bud" Raynor, Jr. became ill and in late March took a leave of absence. He officially retired October 1st and died on October 8th. Bud was a native of Weston and served the Town for many years in various capacities, the last being his twenty-seventh year for the Park and Cemetery Department. He was an excellent Chief, a diplomatic perfectionist, and a true gentleman. Those who had the opportunity to work with him were indeed fortunate.

Alfred F. (Bud) Raynor, Jr.

Foreman David Johansen covered Bud's duties while continuing to work with the crew in the field. On November 7th the Commissioners held interviews with three well-qualified applicants for the job of Superintendent. David Johansen was chosen, and the department is again in very capable hands.

On April 4th four sugar maples were planted on the Wellesley Street side of Case Park, a gift to the Town from the Weston Garden Club.

The Commissioners met on September 25th with members of the Recreation Department to explore the possibilities of combining some resources. In the past we have shared equipment and manpower, and we will continue this policy with them and other town agencies when possible.

We would like to mention again that cemetery lots for interment and cremation are available only to current Weston residents, town officials, and town employees.

The Department's statistics for Fiscal Year 1990 are as follows:

Interments:	Resident	27
	Non-Resident	23
	Total	50
Number of Lots sold		39
Receipts:	Sale of Lots	\$10,970.00
	Perpetual Care	12,430.00
	Interments	12,955.00
	Foundations	<u>6,006.80</u>
	Total	\$42,361.00

REPORT OF THE RECREATION COMMISSION

It was a busy year for the Weston Recreation Department with older facilities in need of repair and some new procedures being implemented. A majority of the repair work was performed at the pool.

Renovations to Memorial Pool were extensive in 1990. The Recreation Department refurbished the bathhouse, painted the surrounding buildings, landscaped the area in front of the bathhouse and assisted with the construction of the Alphabet Park playground. In addition, part of the fence around the pool was replaced; the remaining portion will be completed in the spring of 1991.

The Department worked to improve other facilities and programs in addition to the improvements made at the pool. The little league and soccer fields were renovated and upgraded. The Brook School and High School Tennis courts were reconstructed, landscaped and new lighting was installed at the High School courts. Finally, rescheduling of the children's basketball league was undertaken to alleviate schedules of over-committed youths.

In addition to these ongoing improvements, the Recreation Department introduced 28 new programs:

Toddler/Preschool Programs

Rumble n Tumble
Toddler Tumbling
Little Picassos
Wee Little Tappers
Baby Gators

Bubbles Plus
Mini Maestros
Ballet
Preschool Pottery

Youth Programs

Kindercooking
Obstacle Course
Build a Birdhouse
Pee Wee Tennis

Pipeworks

Haunted House Party
Spring Tennis Lessons

Adult Programs

Parent Education Workshop Series
Swing/Ballroom Workshop
CPR For Your Car
Tap, Water, and Early Bird Aerobics
Dog Obedience
Golf Lessons
Dry Wall
Wallpaper
Yoga

Senior Programs

Limber Longer

Most of these programs were self supporting and all were well attended. Due to the increased demand for new programs our revenues have gone up significantly. Listed below are the revenues collected for the calendar year 1990.

Badges	\$45,563.75
Guest Fees	8,081.44
4, 5, & 6 Playground	23,258.00
Day Camp	50,299.50
In/Out Account	<u>57,459.81</u>
Total Revenue	\$184,662.50

A new computer was purchased recently and much work has been done to integrate its use with daily department operations. All program registrations are in the process of being computerized to facilitate bookkeeping. Record keeping was also computerized to improve and simplify these processes.

As it has in the past the Recreation Department co-sponsored the Senior Christmas Dinner, which was attended by over 100 seniors. We would like to thank the Senior Citizens Club, the School Department, and the WCCA for their continued support of our programs. A special thanks is extended to the Fire Department and Police Department for their overwhelming assistance at our special events. Most importantly, thank you to the residents of Weston who have enrolled in Recreation activities or have volunteered their time to assist the Recreation Department.

BOARD OF WATER COMMISSIONERS

IN MEMORIAM
Arthur F. (Archie) Jones

Following sixty uninterrupted years of dedicated service to the Town of Weston, Arthur F. Jones (affectionately known by all as "Archie") died on March 3, 1990, following a brief illness.

Archie acted as Assistant Superintendent from 1930 to 1946 at which time he was appointed Superintendent. He retired from this position in 1980 to become a permanent consultant to the Commission. Throughout all these years, until his final illness in 1990, Archie was on call 24 hours a day, 7 days per week. Such dedication was a matter of quiet pride for Archie, his beloved wife Helen, and his daughter, Anne Marie.

Archie's knowledge of Weston's water system, and his commitment to its maintenance was unparalleled in the annals of Weston's Water Commission.

His patient leadership earned him the abiding respect, loyalty and love of all those that worked for or with him. His soft-spoken, hands-on style was legendary, and totally effective.

Archie's greatest legacy may have been to instill in his employees a deep sense of respect and loyalty to the town, generally, and to the Water Commission's mission, specifically. However, his most practical legacy will certainly be his contribution to the establishment of an all-inclusive Town survey map, designating each and every water pipe by location, age, type, size and composition, thereby enabling the Water Commission, and

all Town Departments, to have immediate computerized information for a multitude of purposes. It was most appropriate that his efforts to establish, what has since become known as "Archie's Database," took place in the final year of his life, during which time he traveled every road and way in Town to double check each detail from his fertile mind. It was with great pride that Archie watched his grandson, Jimmy Lavacchia, process his data in the Commission's computer, where it remains for future Water Commission purposes.

Although the Water Commissioners have often differed in matters concerning Water Commission operations, we are united in the certainty that Archie's unique contributions to the Town's Water Commission, and its water users, will be well serving the Town for decades if not centuries to come.

Our love and thanks to you Archie!

REPORT OF THE BOARD OF WATER COMMISSIONERS

The year 1990 has been one in which much was accomplished by our professional staff in conjunction with consultants hired by your Commissioners. Our mandate has been to upgrade the efficiency of our water delivery system so that leakage is minimized, and our customers are treated as equally as possible in standards of water flow for fire protection, pressure for domestic use and water purity. The construction boom in Weston has slowed, allowing your Commission to play catch-up to the point where our consultants now assure us that the delivery system is operating at an efficiency level well above 98%.

Weston's residents have made it clear that the Commission is to locate all local and independent water resources, protect them and prioritize their possibilities. Your Water Commissioners are working with professional consulting search teams to accomplish that objective. Reports to the town should be forthcoming - probably, this spring.

The department mourns the loss of legendary Archie Jones (see above). However, a fitting monument has been created in the form of a detailed computerized map of every component of Weston's water system. Any area of our system can be printed on the computer, allowing us to provide efficient service by our professional staff.

The Board of Water Commissioners wishes to thank the professional staff for providing a first rate service to the citizens of Weston.

Water Commission records show that during 1990 the amount of water pumped was 415,954,000 gallons. This was an increase of 12,623,000 gallons over 1989 mainly due to the lack of water conservation by residents and the small amount of rain during the summer months. The Water Department also installed nine new services bringing the total number to 3,246.

During 1990 the Water Commission saw the completion of two major water main replacement contracts and the beginning of a third. The listing that follows highlights the work that was accomplished.

Contract # 3

Ridgeway Road - New main was installed supplementing the main that was installed in 1985.

Bullard Road - This installation, part of the Ridgeway Road loop, improved fire protection on Bullard Road and increased water pressure and volume on Stonecroft Circle.

Orchard Avenue - Installation of new 8" main allowed the elimination of some 1,000 feet of old undersized and unlined mains.

Webster Road - This installation, from Church Street to Saddle Hill Road, allowed for the addition of hydrants to Webster Road and added more volume and pressure to the area. Some 335 feet of inadequate main was eliminated.

Farm Road - This installation, from Summer Street to the rear of Meadowbrook School, provided upgraded fire protection and allowed the elimination of approximately 1,700 feet of inadequate main.

Corwood Drive - Water main was installed on a street that was previously not served, allowing for the installation of fire hydrants and completion of the Ridgeway Road loop.

Partridge Hill Road - Replacement of a 2" line with new 8" main improved the water pressure and allowed for the addition of a fire hydrant.

Contact # 4

Love Lane - This 12" installation, which was connected to the Claridge Drive main, added another major feed line from the Paine's Hill Standpipe to the north side of Route 20. Fire protection at Love Lane was increased and 1,250 of 4" main was eliminated.

Old Road - New main was installed in a previously unserved area from Pigeon Hill Road to the existing water main on Hilltop Road completing the loop and increasing the fireflow. This also allowed the elimination of 183 feet of 4" main.

Warren Avenue - New main was installed from Boston Post Road to 36 Warren Avenue, replacing 280 feet of 6" main and 890 feet of 4" main.

Wellesley Street - Installation of new main from Blueberry Hill Road to 702 Wellesley Street allowed for the completion of a loop in the area which eliminated two dead end mains.

Main laid from Bogle Street to the Wellesley town line allowed the completion of an interconnection between Weston and Wellesley for emergency water supply.

Bogle Street - A loop was created from Sherburn Circle to 81 Bogle Street enabling water to travel directly between Wellesley and Winter Streets.

Cliff Road - A gap was closed, allowing for service to five Weston houses that had previously been served by the Town of Wellesley.

Scotch Pine Road - Installation of a loop eliminated a dead end and provided water circulation through Westcliff, Cliff and Scotch Pine Roads.

Some permanent overlay paving remains to be done on Contract # 4; otherwise this project is complete.

Contract # 5

Concord Road - Completion of this loop provided an important boost to the town's water system by allowing more water to travel down Merriam Street and providing increased water volume and hydrant flows on North Avenue and throughout the Merriam Street area.

Conant Road - New main that was installed from North Avenue to the B & M Railroad tracks will be connected to the existing main on the other side of the tracks when permission is received from the railroad. Hydrant flows on North Avenue will be improved as a result.

Brown Street - A loop was completed that shortens the distance that water must travel to get to the Pine Street/Lawrence Road/Country Drive area. Water can now flow directly down Brown Street from the pumping

station on Wellesley Street, instead of flowing up Wellesley Street and along South Avenue and Highland Street.

Maple Road - Undersized, unlined 4" main was replaced with 8" main and two new hydrants were installed, allowing for improved fire protection.

Derby Lane - New 8" ductile main which runs from the main at Boston Post Road to Perry Lane replaces a collection of pipes of various sizes and materials that was previously in place. The street's fire protection is significantly improved.

Chestnut Street "T" - A 1 1/2" galvanized main was replaced with an 8" Ductile main and a fire hydrant was installed on a small roadway that did not have any hydrants.

Additional parts of Contract #5 will be completed in 1991. Work is scheduled for the following streets: Glen Road, Eliot Lane, Hemlock Road, Granison Road, Willow Road, Young Road and Brenton Road.

The mild weather during the spring and fall of 1990 allowed work to be done until mid-December. Therefore it was possible for our contractors were able to accomplish an unusually large volume of work during the year. In addition, at some times during the construction season there were two different contractors working on projects.

A by-product of the water main installation program is the repaving of the streets involved. Any roads the department's contractors dig up are given a full-width overlay pavement within 6 to 12 months after the completion of the work, usually resulting in a better surface than before the work was begun.

Statistics

Roads with new Mains installed - 1990	20
Roads with new mains installed - 1985-1989	12
Number of feet installed - 1990	23,398
Number of miles installed - 1990	4.43
Number of feet abandoned - 1990	10,680
Number of miles abandoned - 1990	2.02
New Hydrants installed - 1990	38
Hydrants abandoned - 1990	17

There were no new Water Main Blanket Extensions installed during 1990.

During 1990 21 new fire hydrants were added to the town water system, bringing the total to 817. There were four significant water main breaks during the year, plus a number of house service leaks that were fixed by the Water Department.

The meter program continued strongly during the year with Water Department personnel replacing over 200 meters with new, more efficient models that are equipped with remote readers that can be read from outside the house. The Water Department also tested all of its larger meters and made repairs as needed.

The statistical comparison of various water services between fiscal years 1989 and 1990 follows:

	<u>1990</u>	<u>1989</u>
Miles of Water Main, Beginning	110.11	108.92
Miles Added & Eliminated (net)	4.43	1.19
Miles of Main, Ending*	98.01	110.11
Services, Beginning	3,237	3,224
Services Added	9	13
Services, Ending	3,246	3,237
Public Hydrants, Beginning	796	786
Public Hydrants Added	38	10
Public Hydrants Abandoned	17	0
Public Hydrants, Ending	817	796
Water Purchased, MWRA (gal.)	415,954,000	403,331,000
Water Purchased (other)	2,081,250	1,784,000
Total Gallons Purchased	418,035,250	405,115,000
Daily Average	1,145,320	1,109,900
Greatest Amount Pumped in One Day		
July 19	3,072,000	
Sept. 10		2,348,000
Weekly Average	8,039,139	7,790,673
Greatest Amount Pumped in One Week		
July 15-21	17,409,000	
Sept. 8-14		13,498,000
Monthly Average	34,836,270	33,759,583
Greatest Amount Pumped in One Month		
July	57,507,000	
July		47,894,000

*The 1990 figure was arrived at as a result of a detailed town-wide pipe survey. The 1989 figure was based on older calculations and was shown by the survey to be inaccurate.

THE FOLLOWING SELECTED VOTES WERE ADOPTED BY THE BOARD OF SELECTMEN IN 1990

January 2, 1990:

Voted to approve and sign, and signed accordingly, reports of costs for Chapter 90 projects under Contracts MA 33307 and 33811, totaling \$132,844.25, to be submitted to Department of Public Works for reimbursement.

The Board having received report that sign reading "Private Drive" "No Trespassing" has been posted in the private way Gun Club Lane voted to send letter to abutters advising them that the Town removes snow and ice from the private way with the understanding that it shall be open to the public. If the abutters intend the way not to be open to the public, the Town will no longer be able to remove snow and ice from it.

January 16, 1990:

Voted, pursuant to M.G.L. Chapter 51, Section 30, that Registrars of Voters shall not be required to hold sessions for registration of voters in each precinct prior to annual town meeting.

At the recommendation of the Finance Committee, voted to advise legislators representing Weston that municipalities should be exempted from the unemployment health insurance contribution imposed by the Health Security Act of 1988.

Voted to amend "Procedures for Recycling of Paper and Glass" as recommended by Board of Health.

January 23, 1990:

The Board received and considered bids received pursuant to Notice published in the Central Register and the Town Crier for installation of carpet and pad at the Weston Police Station. The low bid was submitted by Tom Rich's Flooring, Lowell, MA, in the amount of \$4,500.00. Voted to award contract to the low bidder and to authorize preparation of contract documents and bonds for execution by the bidder. Further voted to request from the Finance Committee a transfer from the Reserve Fund in the amount of \$4,500.00 to do this work.

January 30, 1990:

Voted to join Town of Lexington in a class action suit to prevent unemployment health insurance assessment and to approve draft of letter to Board of Selectmen, Town of Lexington expressing support for the litigation to be filed. The Board discussed the possibility of making a financial contribution toward the costs of the litigation, but declined to commit itself to a dollar amount at this time.

February 6, 1990:

Voted to accept the proposal of Athol Press, Inc., Athol, MA, dated January 25, 1990, submitted pursuant to Notice to Bidders advertised January 18, 1990, in The Town Crier, Weston, MA, for printing the 1989 Annual Town Report for the price of \$8,046.80 (which includes a one color cover). This was the lowest bid received. Further voted to sign, and signed accordingly in duplicate, acceptance of the proposal of Athol Press, Inc.

Voted to fix the amount of the bond to be given for Evangelia Souris as Assistant Town Treasurer at \$37,500 in compliance with schedule promulgated by Department of Revenue. Voted to authorize Chairman to sign certification on bond received. Further vote to authorize Chairman to sign report to be submitted to Department of Revenue of the receipt of the bond and to direct filing of the report with the Commissioner of Revenue. The certification and report were accordingly signed by the Chairman.

February 13, 1990:

Voted to approve and sign, and signed accordingly, the following documents for claims for reimbursement of Chapter 90 expenditures:

a. Reimbursement Request under Memorandum of Agreement No. 33307 for \$48,894.

b. Chapter 90 Project Final Report, M.A. #33307-\$48,894.

c. Reimbursement Request under Memorandum of Agreement No. 33811 for \$83,950.25.

February 20, 1990:

Voted to call Town Caucus for Monday, March 12, 1990, and to give notice thereof as required by M.G.L. Chapter 53, Section 118.

February 27, 1990:

Acting pursuant to M.G.L. Chapter 44, Section 31D, the Board determined that the appropriation for snow and ice removal in fiscal year 1990 exceeded the appropriation for such purposes in fiscal year 1989. Being advised that the appropriation of \$102,700 for snow and ice removal for the current fiscal year has been exhausted as the result of storms and weather conditions, the Board voted as authorized by such statute to approve expenditures in excess of the appropriation, not to exceed \$100,000. The Board further expressed its desire that outside contractors be used only for storms with snowfalls of 8 inches or more.

March 6, 1990:

Voted to accept the proposal of W.E. Andrews Co., Inc., Bedford, MA, dated March 1, 1990, submitted pursu-

ant to Notice to Bidders advertised February 15, 1990, in The Town Crier, Weston, MA, for printing 4,200 copies of the Warrant and Budget Report for 1990 for the sum of \$8,220.00. Further voted to sign, and signed accordingly, acceptance of the proposal.

Voted, upon request of Palmer and Dodge, special counsel, to authorize the engagement of Sanford Ecological Services, Inc. to provide services of Gary Sanford as an expert witness for the adjudicatory hearing on appeal of Superceding Order of Conditions for capping and closure of landfill, the cost of such services not to exceed \$7,500.00.

March 13, 1990:

Voted to approve with suggested modifications draft of Memorandum of Understanding proposed for establishment of the Water Supply Protection Advisory Committee relative to the Cambridge Watershed.

Voted to advise Chairman of Board of Water Commissioners that Selectmen would approve draft agreement with M.W.R.A. for continued supply of water with one change, as specified by Town Counsel. A Town board has no authority to bind the Town to retain a by-law which may be changed by action of town meeting.

March 20, 1990:

Voted to open warrant for annual and special town meeting and to close both warrants to articles submitted by petition on March 27, 1990.

Voted to adopt and sign warrant for special state primary to be held on Tuesday, April 3, 1990, further voted that attested copies of said warrant be posted at the Town Hall, at the Kendal Green railroad station, and on the Town bulletin board at the north entrance of Weston High School on Wellesley Street, seven days at least before the time appointed for said meeting.

March 27, 1990:

Voted to approve increase in schedule of rents for Town Hall and Josiah Smith Tavern and revised Rules for use of the properties, effective July 1, 1990.

April 4, 1990:

The Board considered with the Town Treasurer proposals for sale of bond anticipation notes for departmental equipment (Pumper for Fire Department).

Voted that the Town Treasurer with the approval of the Board of Selectmen borrow the sum of \$136,000 in anticipation of a permanent serial loan as authorized by vote under Article 18 of warrant for annual town meeting held May 8, 1989 for departmental equipment (Pumper for Fire Department).

Further voted that one note, in the amount of \$136,000 authorized by vote of the Town, duly adopted, as set forth in the foregoing vote and by said vote of the selectmen shall be issued, shall be dated April 4, 1990, shall mature August 10, 1990, that the interest rate shall be fixed at 6.24 per cent per annum on said note, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth shall certify as to the genuineness of the note.

Following is a schedule of the note to be issued.

<u>Note No.</u>	<u>Purpose</u>	<u>Amount</u>
956	Departmental Equipment	\$136,000

Further voted to approve the sale of said note at par to the South Shore Bank.

Further voted to sign and signed accordingly said note numbered 956, Treasurer's record of issue, Certificate of Town Clerk, approval of request by Town Treasurer to Director of Accounts for forwarding of said note to the South Shore Bank after certification, and certificate of tax exempt status of said note.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said note to the aforesaid purchaser or order against payment therefor.

Voted under the provisions of M.G.L. Chapter 59, Section 21C, as amended, to place on the warrant for the annual town election the following questions:

Question No. 1: Shall the Town of Weston be allowed to assess an additional \$800,000 in real estate and personal property taxes for the purpose of defraying the cost of worker's compensation and group health insurance and other Town operating expenses for the fiscal year beginning July first, nineteen hundred and ninety?

Question No. 2: Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued in order to provide the funds with which to lay and relay water mains not less than six inches but less than sixteen inches in diameter?

Question No. 3: Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the purpose of remodeling, reconstructing or making extraordinary repairs to public buildings owned by the Town?

Question No. 4: Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-

half, so called, the amounts required to pay for the bonds issued for the purpose of the construction or reconstruction of surface drains, sewers, sewerage systems and sewage treatment and disposal facilities on property owned by the Town?

Question No. 5: Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so called, the amounts required to pay for the bonds issued for the purpose of closing out the Town's landfill area?

Question No. 6: Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so called, the amounts required to pay for the bonds issued for the cost of departmental equipment?

Voted to approve request from Conservation Commission for approval for Land's Sake, Inc. to rent land known as the Case Property for cultivation of vegetables and flowers.

April 10, 1990:

Voted to modify question No. 1 to be placed on ballot for annual town election to state purpose of the additional assessment of real estate and personal property taxes as "to defray Town operating expenses."

Voted to adopt and sign the warrant for the annual town meeting to be held on Saturday, May 5, 1990, to act on Article 1, and on Monday, May 7, 1990, to act on the remaining articles. Further voted that attested copies of said warrant be posted at the Town Hall, at the Kendal Green railroad station, and on the Town bulletin board at the north entrance of Weston High School on Wellesley Street, seven days at least before the time appointed for said meeting.

Voted to adopt and sign a warrant for a special town meeting to be held on Monday, May 7, 1990. Further voted that attested copies of said warrant be posted at the Town Hall, at the Kendal Green railroad station, and on the Town bulletin board at the north entrance of Weston High School on Wellesley Street, fourteen days at least before the time appointed for said meeting.

Voted to approve and authorize Chairman to sign amendment to Blue Cross Blue Shield agreement increasing charges for optional medicare extension coverage (Medex 3) to \$101.43 per month effective March 1, 1990. The amendment was accordingly signed by the Chairman.

April 17, 1990:

Voted to adopt and sign, and signed accordingly, the warrant for a Special State Election to be held on Tuesday, May 1, 1990. Further voted that attested copies of said warrant be posted at the Town Hall, at the

Kendal Green railroad station, and on the Town bulletin board at the north entrance of Weston High School on Wellesley Street seven days at least before the time appointed for said election.

April 24, 1990:

Voted to approve and sign, and signed accordingly, a new contract with Vining Disposal Services, Inc. for hauling of solid waste for a five-year period at the present price per haul.

Voted to adopt Statement of Substance Abuse Policy.

Voted to approve and sign, and signed accordingly, amendment to Rules and Regulations for Operation of Town Ambulance Service, providing for an increase in fees for ambulance services to be effective June 1, 1990, as recommended by the Chief of the Fire Department.

May 8, 1990:

The Board met with H. Kenneth Fish, Robert Anthony Nolan and Albert V. Pearson, of Weston Community Housing, Inc. concerning possible changes in agreement with Town for payments in lieu of taxes. Because of the need of the corporation to enter into a new mortgage agreement with interest costs in excess of 9 percent and the increase in water charges, it was requested that the payment in lieu of taxes should remain at 17 percent of annual gross rents after reduction of rents by the amount of charges to Weston Community Housing, Inc. for interest on the mortgage which is in excess of an interest rate of 9 percent per annum, and by the amount of utilities (electricity and water) charges in excess of \$4,250 per year, payable semi-annually as of June 30 and December 31. The Board voted to approve the request and asked that the revised agreement be put in writing on behalf of Weston Community Housing, Inc.

Voted to fix amount of bonds of Treasurer at \$150,000 and of Collector at \$150,000 for year 1990-1991. Further voted to authorize Chairman to sign certificate on bonds. The certificates were accordingly signed by the Chairman.

Voted to fix the amount of bond of Town Clerk at \$35,000 for year 1990-1991. Further voted to authorize Chairman to sign certificate on bond. The certificate was accordingly signed by the Chairman.

May 15, 1990:

Voted to approve and sign, and signed accordingly, Amendment No. 5 to Agreement for Engineering and Supplemental Services dated December 2, 1986, with SEA Consultants, Inc.

The Board received a copy of a letter from the Director of Public Health, Robert A. Katz to SEA Consultants, Inc. by which the application for soil tests for sanitary disposal facilities in connection with plans for the solid waste transfer facility was returned without action. Voted to resubmit application to the Board of Health at this time with a letter indicating the importance of this work to the Town in the event that all other permits for the transfer facility are obtained in the coming months.

May 22, 1990:

The Board considered a letter from M.A.P.C. concerning procedure for entering into agreement for creation of Cambridge Watershed Advisory Committee. Voted to accept the recommendation of M.A.P.C. regarding said agreement and the method of assignment of members to the Committee.

The Board met at 7:45 P.M. with Gale Haydock, Deborah S. Ecker and John R. Potter, Jr., of Weston Recycling Trust to consider several issues with respect to hiring a consultant to study future plans for recycling of waste products in Weston. Philip Saunders, Finance Committee, and Marie Tobin, Board of Health, were also in attendance. It was agreed that the Recycling Research Committee, to be composed of 3 members from the Weston Recycling Trust and 2 members appointed by the Board, will screen applicants for the consulting work and supervise the consultant during the project. A draft statement of qualifications for the consultant, specific items of work to be performed and financial arrangements for compensation were discussed and agreed to in substance.

Voted to appoint Granton H. Dowse, Jr., 23 Webster Road, and Anthony Morse, Jr., 8 Saddle Hill Road, as the Town's representatives to the Recycling Research Committee, to serve at the pleasure of the Selectmen. (The three members appointed by Weston Recycling Trust are Gale Haydock, 415 Concord Road, Deborah S. Ecker, One Spruce Hill Road, and John R. Potter, Jr., Newton Street.)

Voted to approve letter to Rep. Marsh and Senator Hicks in support of legislation to expand prison facilities at Cedar Junction and in opposition to transfer of land to M.W.R.A. for "grit" landfill.

June 5, 1990:

The Board considered the schedule for permanent borrowing to replace a series of bond anticipation notes which will become due in August 1990. Voted to authorize borrowing for terms of 10 years on all issues except for water mains for which a term of 20 years is authorized.

June 19, 1990:

The Board received and considered bids received pursuant to Notice published in the Town Crier, Weston, MA, on May 31, 1990 for furnishing work uniform rental service to designated employees of the Highway Department, Water Department and Park and Cemetery Department during the three year period July 1, 1990 to June 30, 1993. Voted to award contract to the low bidder, Mechanics Uniform Service, 43 River Street, Winchester, MA, and to authorize preparation of contract documents and performance bond for execution by the bidder.

June 26, 1990:

Voted to approve and sign, and signed accordingly, purchase order for Police Department acquisition of three new police vehicles under Greater Boston Police Council Contract No. 9091 for a total of \$46,710.00 less trade-in allowances totalling \$2,300.00 for three used vehicles, making a net cost of \$44,410.00.

Voted to approve and sign, and signed accordingly, certification to Department of Public Works of appropriations for fiscal year 1991 for constructing, maintaining and policing of town roads for purpose of collecting state aid if available.

The Board considered sole bid submitted for motor vehicle insurance for policy year July 1, 1990 to June 30, 1991. Voted to place motor vehicle insurance for FY1991 with Cigna Insurance Co. through the Burton Foster Insurance Agency, Inc. for the annual premium of \$108,154. Further voted to sign, and signed accordingly, acceptance of the bid.

Voted to accept the proposal of Lorusso Corporation, Plainville, MA, dated June 22, 1990, the lowest bid submitted pursuant to Notice to Bidders advertised in the Central Register and the Town Crier, Sudbury, MA for furnishing during the year July 1, 1990 to June 30, 1991, bituminous mixes for highway purposes for unit prices per net ton at the supplier's plant and for unit prices per net ton delivered to various locations in Weston as follow:

<u>Type of Mix</u>	<u>At Plant</u>	<u>Delivered</u>
Binder course	\$24.00	\$26.00
Top course	24.00	26.00
Cold patch	32.00	-
Dense berm mix	25.00	27.00
Dense mix	25.00	27.00

Further voted to authorize preparation of contract documents and bonds for execution by the bidder.

The Board considered bids received pursuant to Notice published in the Central Register and the Town Crier for Bituminous Concrete in place paving for the

period July 1, 1990 to June 30, 1991. The low bid was from Lorusso Corporation, Plainville, MA, at \$28.19 per ton for binder course and \$28.19 per ton for top course. Voted to award contract to the low bidder and to authorize preparation of contract documents and bonds for execution by the bidder.

July 2, 1990:

The Board received and considered the report of the Weston Recycling Research Committee unanimously recommending selection of Charles E. Baxter as consultant for recycling study. The Board met with Mr. Baxter to discuss his qualifications. Gale Haydock, Chairman of the Recycling Research Committee, was also in attendance. Voted to select Charles E. Baxter, Hopkinton, MA, as consultant for the recycling study.

Voted to approve and sign, and signed accordingly, amendment No. 4 to Agreement of December 9, 1986, with SEA Consultants, Inc., for monitoring of groundwater at landfill, in the amount of \$15,000.00, for more extensive sampling and laboratory analysis as requested by the Department of Environmental Protection.

Voted to accept the proposal of Arlex Oil Corporation, Lexington, MA, dated June 28, 1990, submitted pursuant to Notice to Bidders advertised June 14, 1990, in The Town Crier, Sudbury, MA, for furnishing and delivering No. 2 fuel oil to various Town buildings for the year ending June 30, 1991, at the New York Journal of Commerce low posting for the Boston market on the day of delivery, plus a firm increment of \$.0350 per gallon, the net price being \$.5320 per gallon on June 26, 1990. This was the lowest bid received. Further voted to sign, and signed accordingly, acceptance of the proposal of Arlex Oil Corporation.

Voted to accept the proposal of Concord Oil Company, Concord, MA, dated June 27, 1990, submitted pursuant to Notice to Bidders advertised June 14, 1990, in The Town Crier, Sudbury, MA, for furnishing and delivering No. 4 fuel oil to various Town buildings for the year ending June 30, 1991, at the New York Journal of Commerce low posting for the Boston market on the day of delivery, less a firm discount of \$3.00 per barrel, the net price being \$19.00 per barrel on June 26, 1990. This was the lowest bid received. Further voted to sign, and signed accordingly, acceptance of the proposal of Concord Oil Company.

July 10, 1990:

Voted to approve and sign amendment to agreement with Weston Geophysical Corporation, in the amount of \$2,000.00, authorizing drilling of the southern test well on the Case Property to a total depth of 800 feet. The amendment was accordingly signed in quadruplicate. Further voted to approve for payment balance due to

Weston Geophysical Corporation on agreement of January 31, 1989, as amended, in the amount of \$6,445.00, subject to receipt of executed amendment from the Corporation.

The Board received a letter from M.W.R.A. addressed to the Executive Secretary and the Chairman of the Board of Water Commissioners concerning an Interim Water Supply Order and the need to execute a water supply agreement with the M.W.R.A. within the next three months. Voted to send a letter to the Board of Water Commissioners urging them to complete negotiations with the M.W.R.A. with respect to the agreement within the three month time period and to keep the Board of Selectmen informed as to the progress of these negotiations.

The Board met with Charles A. Goglia, Jr., Town Counsel and Ingeborg Uhlir and G. Roger Lee, members of the Planning Board, to consider request of Planning Board for special counsel to handle two matters of litigation. Based on the recommendation and concurrence of Town Counsel, voted to retain Palmer and Dodge as special counsel in the case of Donna M. Kelly, Trustee of the Charles Square Unit 908 Realty Trust, and Donna M. Kelly, Trustee of Caretaker Realty Trust v. Town of Weston, Land Court, Department of the Trial Court, Civil Action No. 147186. Mrs. Uhlir expressed the Planning Board's willingness to defer their request for special counsel on the Glen Road subdivision case until a later time.

July 17, 1990:

The Board considered a proposal to change plantings in the Center Street area along Boston Post Road. Voted to authorize David H. Bradley, Center Street Trust, to be responsible for the removal of the large shrubs (yews) and replacement by other plantings as proposed. The Board encouraged Mr. Bradley to work with the Weston Garden Club with respect to the plan for new plantings.

The Board considered bids received pursuant to Notice published in the Central Register and the Town Crier for tree services for the year ending June 30, 1991. Voted to award contract to Michael J. Petricca, d/b/a Petricca Brothers Landscaping, Clinton, MA, the low bidder, and to authorize preparation of contract documents and bonds for execution by the bidder.

July 24, 1990:

The meeting considered the \$2,060,000 Municipal Purpose Loan of 1990 Bonds to be issued by the Town. The Town Treasurer reminded the meeting that it had been decided that the Bonds should be advertised for sale by circularizing leading investment bankers and banks situated in New England, New York, and other financial centers. He reported that he had so advertised the Bonds for sale by distributing a Preliminary Official State-

ment and Notice of Sale dated July 5, 1990 and a final Official Statement dated July 12, 1990 will be prepared all in accordance with SEC Rule 15c2-12, and that the following were all the bids received for the purchase of said Bonds, each bid including interest accrued to date of delivery, namely,

<u>Bidder</u>	<u>Price</u>	<u>Net Interest Cost</u>
Dean Witter & Assoc.	100.0434	6.5789
BNE Capital Markets	100.00	6.6233
Bank of Boston	100.0041	6.6932
Bear Stearns & Co.	100.0012	6.7606
Shawmut Bank N.A. & Assoc.	100.0005	6.7823

Thereupon, after full discussion and upon motion duly made and seconded, it was unanimously voted that all action taken by the Town Treasurer in advertising for public sale \$2,060,000 Municipal Purpose Loan of 1990 Bonds (the "Bonds") of the Town authorized by Chapter 44, Sections 7, 8 and 16 of the Massachusetts General Laws, as amended and supplemented, and by votes of the Town duly adopted, all as more particularly described below, and, in that connection, preparing and distributing a Preliminary Official Statement and Notice of Sale, be and hereby is ratified, confirmed, approved and adopted;

That the Bonds shall be dated as of August 1, 1990, shall mature on August 1 each year, 1991 to 2009, inclusive, as shown below, shall be in the denomination of \$5,000 or any authorized multiple thereof, and shall be numbered consecutively; and subject to the provisions of this vote, the Bonds shall be in such form as the Treasurer and a majority of the Selectmen shall determine or approve by their execution of the Bonds;

That the Bonds shall be a consolidated issue of (i) \$915,000 School Remodeling Bonds, authorized by section 7(3A) of Chapter 44 of the Massachusetts General Law as amended and supplemented ("Chapter 44"), and by a vote of the Town duly adopted under Article 21 at its 1989 Annual Town Meeting, maturing \$105,000 in 1991 to 1993, inclusive, and \$100,000 in 1994 to 1999, inclusive, (ii) \$260,000 Outdoor Athletic Facilities Bonds, authorized by Section 7(25) of Chapter 44, and by a vote of the Town duly adopted under Article 19 at its 1989 Annual Town Meeting, maturing \$30,000 in 1991 to 1996, inclusive, and \$20,000 in 1997 to 2000, inclusive, (iii) \$100,000 Water Main Bonds, being the unissued balance of the \$1,890,000 bonds authorized by Section 8(5) of Chapter 44, and by a vote of the Town duly adopted under Article 11 at its 1984 Annual Town Meeting, maturing \$6,000 in 1991 to 1996, inclusive, \$4,000 in 1997, \$5,000 in 1998 to 2005, inclusive, \$3,000 in 2006, \$5,000 in 2007 and 2008, and \$9,000 in 2009 (iv) \$649,000 Water Bonds, being a portion of the \$1,200,000

bonds authorized by Section 8(5) of Chapter 44, and by a vote of the Town duly adopted under Article 9 at its 1989 Annual Town Meeting, maturing \$25,000 in 1991 to 1993, inclusive, \$30,000 in 1994, \$21,000 in 1995, \$20,000 in 1996, \$25,000 in 1997 to 2000, inclusive, \$45,000 in 2001 to 2005, inclusive, \$47,000 in 2006, \$45,000 in 2007 and 2008, and \$41,000 in 2009, (v) \$136,000 Fire Departmental Equipment Bonds, being a portion of the \$138,000 bonds authorized by Section 7(9) of Chapter 44, and by a vote of the Town duly adopted under Article 18 at its 1989 Annual Town Meeting, maturing \$34,000 in 1991, to 1994, inclusive.

That the Bonds maturing on and before August 1, 2000, shall not be subject to redemption prior to their stated maturity dates, but the Bonds maturing on and after August 1, 2001 shall be subject to redemption prior to their stated maturity dates, at the option of the Town, on and after August 1, 2000, either in whole or in part, in the inverse order of their maturity and by lot within a maturity on any interest payment date, at the following redemption prices (expressed as a percentage of the principal amount) plus interest accrued to the date set for the redemption:

<u>Redemption Periods</u>	<u>Redemption Prices</u>
August 1, 2000 to July 31, 2002	103%
August 1, 2002 to July 31, 2004	102
August 1, 2004 to July 31, 2006	101
August 1, 2006 and thereafter	100

That the Bonds shall originally be issued by means of a book-entry system evidencing ownership and transfer of the Bonds; and in the event of failure or termination of the book-entry system, Bank of New England, N.A., in Boston, Massachusetts, shall issue replacement bonds in the form of fully registered certificates;

That said Bank of New England, N.A., shall certify the Bonds as to their genuineness and shall act as Bond Registrar, Transfer Agent and Paying Agent, therefor:

That the Bonds maturing in each respective year shall bear interest payable on February 1 and August 1 in each year, commencing February 1, 1991, at the respective principal amounts and rates per annum as follows:

<u>Year</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Year</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
1991	\$200,000	6.50%	2001	\$50,000	6.60%
1992	200,000	6.50	2002	50,000	6.60
1993	200,000	6.50	2003	50,000	6.60
1994	200,000	6.50	2004	50,000	6.60
1995	155,000	6.50	2005	50,000	6.60
1996	155,000	6.60	2006	50,000	6.60
1997	150,000	6.60	2007	50,000	6.60
1998	150,000	6.60	2008	50,000	6.60
1999	150,000	6.60	2009	50,000	6.60
2000	50,000	6.60			

That the bid of Dean Witter & Assoc. to purchase the Bonds at the price of 100.0434 and interest accrued to date of delivery, resulting in a net interest cost of \$957,559.55 and a net interest rate of 6.5789%, being the best bid received for the Bonds, bearing interest at the lowest net interest cost, be and it hereby is accepted, and the Town Treasurer be and hereby is authorized to deliver the Bonds to the aforesaid purchaser(s) or order against payment therefor.

Further voted to approve and sign, and signed accordingly, a Signature, Award and No Litigation Certificate, a Non-Arbitrage Certificate, nineteen bonds, and certification of the excerpts from minutes set forth above, all as prepared by Ropes & Gray, bond counsel.

The Board voted to approve cooperation with Massachusetts Civil Defense Agency in planning for temporary evacuation of school children to Weston public school facilities from Duxbury and Marshfield in the event of an accident at Pilgrim Nuclear Power Station.

Voted to approve plans for collection of metals for recycling, one day per month, at the transfer station. Further voted to approve draft of press release announcing monthly metal collection.

July 27, 1990:

Voted to accept the proposal of Global Petroleum Corp., Waltham, MA, submitted pursuant to Notice to Bidders advertised July 9, 1990 in the Secretary of State's Goods and Services Bulletin and July 12, 1990 in The Town Crier, Sudbury, MA for furnishing and delivering 25,000 gallons, more or less, of regular gasoline, 27,000 gallons, more or less, of regular unleaded gasoline, 83,000 gallons, more or less, of middle grade unleaded gasoline, and 15,000 gallons, more or less, of diesel fuel, to storage tanks at various locations of the Town of Weston during the year ending June 30, 1991, at the lowest price posted for the Boston market as published in the New York Journal of Commerce on the day of delivery or on the day prior to and closest to the day of delivery if such price is not published by the Journal of Commerce on the day of delivery, plus a firm

increment of \$.0181 per gallon for regular gasoline, \$.0320 per gallon for regular unleaded and middle grade unleaded gasoline, and \$.0577 per gallon for diesel fuel, plus Massachusetts motor fuel tax in effect on the day of delivery. As of July 9, 1990, the base prices and net prices to the Town of Weston are as follows:

	<u>Regular Gas</u>	<u>Regular Unleaded</u>	<u>Mid-Grade Unleaded</u>	<u>Diesel Fuel</u>
Base Price per Gal.	\$.7290	\$.6330	\$.6880	\$.5010
Plus: Firm Increment				
per Gallon	.0181	.0320	.0320	.0577
Plus: Mass. Tax	<u>.1100</u>	<u>.1100</u>	<u>.1100</u>	<u>.1100</u>
	\$.8571	\$.7750	\$.8300	\$.6687

These were the lowest prices received pursuant to advertising for bids. Further voted to sign, and signed accordingly, acceptance of the proposal of Global Petroleum Corporation.

August 1, 1990:

Voted to authorize a change order to contract with G.F. Sprague, Inc., for the provision and installation of new crash bar and door closer hardware for the doors at the east end of Town Hall, for the cost of \$2,580.00.

The Board was advised that the contractor to whom the Tree Services bid was awarded, Petricca Brothers Landscaping, has not been able to obtain performance and statutory security bonds acceptable to the Town within the time period required. Voted to award the contract for Tree Services to Cedar Lawn Tree Service, Inc., the second low bidder, if he will still agree to prices quoted in his bid.

August 7, 1990:

The Board considered bids received for a dump truck for the Highway Department. Voted to reject bid of A. C. Chevrolet, Inc., the low bidder, as defective for omission of bid form and essential certificate of non-collusion. Further voted to accept the proposal of Main Street Ford, Waltham, MA, dated August 1, 1990, submitted pursuant to Notice to Bidders advertised July 19, 1990, in the Town Crier, Sudbury, MA, for one (1) Ford 350 dump truck, for the sum of \$21,467.00, less trade-in allowance of \$1,500.00, for a total net cost to the Town of \$19,967.00. This was the second lowest of the remaining two bids received, being \$1.00 higher than the low bid; however, delivery was offered within 15 working days rather than 120 days as proposed by the low bidder. Further voted to sign, and signed accordingly, acceptance of the proposal of Main Street Ford.

The Board considered bids received pursuant to notice published in the Town Crier, Sudbury, MA, on July 19, 1990 for a household hazardous waste collection day. Voted to award contract to the lowest responsive and

responsible bidder, Clean Harbors of Natick, Inc., Natick, MA, and to authorize preparation of contract documents and bond for execution by the bidder.

August 14, 1990:

The Board received and considered the one bid received pursuant to Notice published in the Commonwealth of Massachusetts, Goods and Services Bulletin and the Town Crier, Sudbury, MA, for a Substance Abuse Prevention Coordinator, submitted by Newton-Wellesley-Weston-Needham Multi-Service Center, Inc., Wellesley, MA, in monthly amounts as follows:

Fiscal year 1991	\$3,184.00
Fiscal year 1992	3,343.00
Fiscal year 1993	3,510.00

Voted to award contract to the sole bidder, to sign the contract documents in duplicate and forward them for execution by the bidder.

Voted to accept the proposal of Southworth Machinery, Inc., Milford, MA, dated August 8, 1990, submitted pursuant to Invitation to Bidders advertised July 26, 1990, in the Town Crier, Weston, MA, for furnishing one (1) new 1990 model Caterpillar IT-28B front end loader for the use of the Highway Department, for the price of \$74,463.00, less trade-in allowance for one (1) 1982 Caterpillar 816B Compactor in the amount of \$60,000.00, making a net cost to the Town of \$14,463.00. This was the lowest bid received. Further voted to sign, and signed accordingly, acceptance of the proposal of Southworth Machinery, Inc.

Voted to authorize the Town Treasurer to borrow \$400,000 for water main construction, as requested by the Board of Water Commissioners. Further voted to appoint Arthur P. Bergeron, Esquire, special counsel to work with Town Counsel in two specific matters as set forth in letter of August 14, 1990, from Mr. Bergeron, as follows: "a) the negotiation and execution of the MWRA contract." "b) work related to the efforts by the Board (of Water Commissioners) to obtain water from the Charles River and/or Stony Brook watersheds, including efforts to obtain water from the City of Cambridge." The appointment shall be subject to a written agreement to be worked out with Town Counsel, who will prepare a draft agreement incorporating the terms of compensation which shall be at the rate of \$160.00 per hour, with a limit not to exceed \$7,500.00.

Voted that an Order of Taking be adopted to take by eminent domain, in fee on behalf of the Town of Weston under authority of the Vote adopted under Article 24 of the Warrant of the Annual Town Meeting held on May 7, 1990, and adjourned to May 9, 1990, for the municipal purpose of closure of the Town landfill that portion of

a parcel of land owned by Louis W. Marinelli, Trustee of Garden City Gravel Realty Trust, under Declaration of Trust dated May 10, 1966, shown as Lot A on a plan entitled "Plan of Land in Weston, Massachusetts", dated March 22, 1990, by Schofield Brothers, Inc., which plan is to be adopted as part of the Order of Taking. Said parcel of land is adjacent to the Town landfill and contains 10,277 square feet, more or less, as being more particularly described in the Order of Taking.

Further voted that the amount of \$20,500.00 be awarded to said Louis W. Marinelli, Trustee of Garden City Gravel Realty Trust, as damages for such Taking.

Further voted to sign original and four copies of Order of Taking which were signed accordingly.

Further voted to file the original order of taking in the office of Town Clerk and to authorize Town Counsel to record a certified copy of the Order of Taking and Plan in the Middlesex South Registry of Deeds.

Voted to sign Agreement with Weston Firefighters Association, Inc. for two year period July 1, 1990 to June 30, 1992. The Agreement was accordingly signed in quadruplicate.

August 21, 1990:

Voted to adopt and sign, and signed accordingly, warrant for State Primary to be held on Tuesday, September 18, 1990. Further voted that attested copies of said warrant be posted at the Town Hall, at Kendal Green railroad station and on the Town bulletin board at the north entrance of Weston High School on Wellesley Street, seven days at least before the time appointed for said meeting.

The Board considered two bids received for a new disk drive for the Town's computer system. Voted that the low bid submitted by Dallastone, Inc., Manchester, NH, is not responsive because the equipment will not be accepted for maintenance by Prime, as required in the bid documents. Voted to accept the bid of Infocel, Inc., Raleigh, NC, which offers a Prime 817 MB fixed media disk subsystem which conforms to the specifications and bid requirements at gross price of \$23,075.00 less trade-in allowance of \$4,300 and local sector discount of \$1,820 for a net cost of \$16,955.00. Further voted to sign, and signed accordingly, acceptance of the bid of Infocel, Inc.

September 4, 1990:

The Board considered with the Town Treasurer proposals for sale of bond anticipation notes for:

- a. Laying and Relaying Water Mains
- b. Installation of Elevators at Brook School Apartments
- c. Reconstruction of sewage disposal facilities at Brook School Apartments
- d. Computer Equipment for School Department

Voted that the Town Treasurer with the approval of the Board of Selectmen, borrow the following amounts in anticipation of permanent serial loans as authorized by votes of the town meeting set forth below for each loan.

a. \$400,000 for laying and relaying water mains, authorized by vote under Article 9 of warrant for annual town meeting held on May 8, 1989.

b. \$410,000 for construction of elevators, \$220,000 being the balance of loan, authorized by vote under Article 23 for annual town meeting held on May 11, 1988 and \$190,000 the balance of loan authorized by vote under Article 14 of warrant for annual town meeting held May 7, 1990.

c. \$120,000 for reconstruction of sewage disposal facilities, authorized by vote under Article 13 of warrant for annual town meeting held May 7, 1990.

d. \$50,000 for purchasing microcomputers and related equipment authorized by vote under Article 20 of warrant for annual town meeting held May 9, 1990.

Further voted that thirteen notes, one in the amount of \$120,000, six each in the amount of \$100,000, one in the amount of \$60,000, three each in the amount of \$50,000, and two each in the amount of \$25,000, authorized by votes of the Town, duly adopted, as set forth in the foregoing vote and by said vote of the Selectmen shall be issued, shall be dated September 11, 1990, that notes numbered SF1, WM1-WM4, E11-E17 shall mature March 20, 1991 and State House note numbered 960 shall mature August 9, 1991, that the interest rate shall be fixed at 6.08 percent per annum for notes numbered SF1, WM1-WM4 and E11-E17 and 6.50 percent per annum for State House note numbered 960, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

State House notes 957, 958, 959 voided.

<u>Note No.</u>	<u>Purpose</u>	<u>Amount</u>
WM1-WM4	Lay and relay water mains	\$100,000 each
E11-E12	Installation of elevator	100,000 each
E13	" " "	60,000
E14-E15	" " "	50,000 each
E16-E17	" " "	25,000 each
SF1	Reconstruction of sewage disposal facilities	120,000

State House Note No.

960 Microcomputers and Equipment \$50,000

Further voted to approve the sale of said notes numbered SF1, and E11-E17 at par to BayBank/Middlesex, notes numbered WM1-WM4 at a premium of \$2.00 for a net interest cost of 6.079 to Baybank/Middlesex and State House note numbered 960 at par to Bank of New England N.A.

Further voted to sign and signed accordingly the said notes number WM1-WM4, inclusive, E11-E17, inclusive, SF1, and 960, Treasurer's record of issue, Certificate of Town Clerk, approval of request by Town Treasurer to Director of Accounts for forwarding of said notes SF1, WM1-WM4, and E11-E17 to Baybank/Middlesex, and State House note numbered 960 to Bank of New England, N.A. after certification and certificate of tax exempt status of said notes.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchaser or order against payment therefor.

Voted to sign, and signed accordingly, memorandum of agreement with Department of Public Works for the Town's apportionment of funds from Chapter 15 of the Acts of 1988 for Chapter 90 work in the amount of \$106,657.00.

The Board received and considered a letter from Attorney Joseph P. Toomey concerning a claim by Brian Malone, former employee of the Recreation Department, for "sick leave buy-back" compensation. Voted to confirm the Board's decision as stated in a letter dated July 12, 1989, to Robert W. Ellis, Chairman of the Recreation Commission, that since Mr. Malone had not met the requirement in Article XVII of the Town's By-laws of having been employed for "12 years of continuous full-time service", he was not eligible for payment of "sick leave buy-back."

Voted to accept the bid of E.L. Harvey & Sons, Inc., Westboro, MA, for newspaper and magazine recycling services for the period ending June 30, 1991. This was the only responsive bid received. The other two firms submitting bids limited their services to newspaper recycling only.

Voted to establish a monthly scrap metal pickup on the last Saturday of each month.

September 11, 1990:

The Board considered with the Town Treasurer proposals for sale of revenue anticipation notes in the amount of \$1,000,000. The Board adopted the following votes:

Voted that the Town Treasurer with the approval of the Board of Selectmen borrow \$1,000,000 by the issue and sale of a note or notes in anticipation of revenue as authorized by vote of the annual town meeting held May 7, 1990, under Article 3.

Further voted that 5 notes each in the amount of \$100,000, 5 notes each in the amount of \$50,000 and 10 notes each in the amount of \$25,000, authorized to be issued by Selectmen earlier at this meeting, shall be issued, shall be dated September 18, 1990, shall mature December 16, 1990, that the interest rate shall be fixed at the percent per annum set forth below, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

State House note 961 voided.

<u>Number</u>	<u>Amount</u>	<u>Interest Rate</u>
R1-R5 inclusive	\$100,000	5.97
R6-R10 inclusive	50,000	5.97
R11-R20 inclusive	25,000	5.97

Further voted to approve the sale of said notes to purchaser as follows:

Notes R1-R20 inclusive to BayBank at par.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchaser or order against payment therefor.

Further voted to sign and signed accordingly the said notes numbered R1-R20 inclusive, Certificate of Town Clerk Treasurer's record of the issue of said notes under State House note 961, certificate and covenant as to tax exempt status of the note, and approval of request by Treasurer to the Director of Accounts for forwarding of said notes to the specified bank after certification.

The Board considered bids received for property and casualty and public liability insurance for the period 9/17/90 to 9/17/91, pursuant to advertising in the Town Crier, Sudbury, MA, and the Commonwealth of Massachusetts, Goods and Services Bulletin. Voted to accept the bid of Burton Foster Insurance Agency, Inc., Wellesley, MA, to provide coverage through CIGNA (Insurance Company of North America) for the price of \$150,343.

September 19, 1990:

The Board considered further proposals from auditors to conduct audit of accounts for year ending June 30, 1990. Voted to award contract to McKenna and Com-

pany, Waltham, MA, the low bidder, for a fee not to exceed \$10,500.00.

The Board considered bids received for Group Insurance Consulting Services pursuant to advertising in the Town Crier, Sudbury, MA, on August 16, 1990. Voted to award a three year contract to Insurance Cost Control, Inc., in the amount of \$26,700.00. This was the lower of two bids received.

Voted to authorize the hiring of Coleman and Sons to provide an opinion of value of a parcel of land located on Warren Avenue which has been offered to the Town for purchase. The parcel contains 0.60+ acres from the estate of Theodore R. Lingley which is to be conveyed to the Shriners, who do not wish to keep it.

September 25, 1990:

The Board held a public hearing in accordance with M.G.L. Chapter 40, Section 56, as amended, for the purpose of receiving oral or written information from interested persons on matters relating to local property tax policies. The hearing was attended by Catherine E. Whynot, Welton D. Brown and George E. Manning, Board of Assessors, Gaye Williams, Assistant Assessor, Arthur Coburn, interested resident. After presentation of financial data concerning alternatives available under the applicable statutes, the Board voted as follows:

Voted (1) that there should not be a distinction among the tax rates assigned to a) residential, b) open space, c) commercial, d) industrial, and e) personal property; (2) that a residential factor of 1.00 should be used; (3) that open space not be classified at a percentage less than 100 of its full and fair cash value; and (4) that an exemption not be applied to residential parcels which are the principal residence of the property taxpayer as used by the taxpayer for state income tax purposes. Further voted to sign, and signed accordingly, certificate to Department of Revenue setting forth the adoption of property classification percentages resulting from the foregoing vote.

October 1, 1990:

The Board considered report from the City of Newton of cooperative bids for rock salt for the year 1990-1991 taken on behalf of Newton, Weston and six other municipalities. Voted to award contract to Eastern Minerals, Inc., Lowell, MA, the low bidder. The contract was signed accordingly.

October 9, 1990:

The Board considered with the Town Treasurer proposals for sale of revenue anticipation notes in the amount of \$1,500,000. The Board adopted the following votes:

Voted that the Town Treasurer with the approval of the Board of Selectmen borrow \$1,500,000 by the issue and sale of a note or notes in anticipation of revenue as authorized by vote of the annual town meeting held May 7, 1990, under Article 3.

Further voted that 12 notes each in the amount of \$100,000, 4 notes each in the amount of \$50,000 and 4 notes each in the amount of \$25,000, authorized to be issued by Selectmen earlier at this meeting, shall be issued, shall be dated October 16, 1990, shall mature December 26, 1990, that the interest rate shall be fixed at the percent per annum set forth below, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

State House note 962 voided.

<u>Number</u>	<u>Amount</u>	<u>Interest Rate</u>
R1-R2 inclusive	\$100,000	6.12
R11-R20 inclusive	100,000	6.22
R3-R6 inclusive	50,000	6.12
R7-R10 inclusive	25,000	6.12

Further voted to approve the sale of said notes to purchasers as follows:

Notes R1-R10 inclusive to BayBank at par
Notes R11-R20 inclusive to Boston Safe Deposit and Trust Co. at par

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchasers or order against payment therefor.

Further voted to sign and signed accordingly the said notes numbered R1-R20 inclusive, Certificate of Town Clerk, Treasurer's record of the issue of said notes under State House note 962, certificate and covenant as to tax exempt status of the note, and approval of request by Treasurer to the Director of Accounts for forwarding of said notes to the specified banks after certification.

Voted to adopt Regulations for Use of the Composting Facility to be effective November 15, 1990.

Voted to approve and sign amendment to contract with SEA Consultants, Inc. for Hydrogeological Investigations at Landfill, in the amount of \$45,500 for the year 1990-1991. The amendment was accordingly signed.

Upon recommendation of the Superintendent of Streets, voted to award contracts for Hired Trucks and Equipment for Snow Plowing, Removal and Sanding for the

following 14 items as specified in bid and contract documents and to authorize preparation of contract documents and bonds for execution by the bidders. The bid of Earle T. Craig was rejected for failure to file bid deposit. Equipment under these contracts shall be called to work in the order of lowest bidder or bidders first to the extent each type of equipment is required by the weather conditions. Low bid for each of the 14 items is included in the following list of contracts awarded.

Item No.	Description	Rate/Hour Moving Machine to Job Site	Rate/Hour of Use
<hr/> To: MA Site Developers, Inc., Waltham, Massachusetts for the following items of hired equipment at the rates indicated:

Voted to approve and sign Amendment 2 to Agreement between Town of Weston and Infocel, Inc. for charges for continued licensing and support of software for computer.

Voted to approve and authorize Chairman to sign agreements with Blue Cross and Blue Shield of Massachusetts, Inc. as follows for year July 1, 1990 to June 30, 1991: a) Cost Reimbursement Agreement for Blue Cross/Blue Shield group benefits; and b) Medex agreement. The agreements were accordingly signed by the Chairman.

October 18, 1990:

Voted to adopt and sign the warrant for State election to be held on Tuesday, November 6, 1990. Further voted that attested copies thereof be posted at the Town Hall, at Kendal Green railroad station and on the Town bulletin board at the north entrance of the Weston High School on Wellesley Street seven days at least before the time appointed for said election.

October 23, 1990:

Voted to establish an historic district study committee, as requested by the Historical Commission, to consider the establishment of an historic district on Crescent Street.

October 30, 1990:

Voted to accept the proposal of J. Melone & Sons, Inc., Stow, MA, dated October 24, 1990, submitted pursuant to Notice to Bidders, advertised in the Central Register and the Town Crier, Sudbury, MA for furnishing and delivering 5,000 tons, more or less, of sand for use of the Highway Department for snow and ice control at unit prices per net ton as follows:

<u>Method of Delivery</u>	<u>Washed Sand</u>	<u>Screened Sand</u>
Load at supplier's facility	\$5.00	\$5.00
Delivered during normal working hours	5.50	5.50
Delivered during other hours	5.50	5.50

This was the lowest bid received pursuant to advertising. Further voted to authorize preparation of contract and required bonds and forwarding to bidder for execution.

November 20, 1990:

Voted to reactivate Employees Group Insurance Advisory Committee for consultations with respect to possible modifications of group health insurance.

November 27, 1990:

Pursuant to written notice dated November 14, 1990, the Board held a joint meeting with Ripley Hastings, Jeri Cooper, Katharine Chace, and Katherine Strehle, members of the School Committee, for the purpose of filling a vacancy on the Committee resulting from the resignation of Jack L. Butts. By unanimous roll call vote of Selectmen and School Committee, in compliance with the provisions of M.G.L. Chapter 41, Section 11, as amended, Carol G. Hinckley, 16 Stillmeadow Road, was

elected to serve as a member of the School Committee until the next annual election of town officers.

The Board considered with the Town Treasurer proposals for sale of bond anticipation notes for:

Laying and relaying water mains

Voted that the Town Treasurer with the approval of the Board of Selectmen, borrow the following amounts in anticipation of permanent serial loans as authorized by vote of the town meeting set forth below.

- a. \$150,000 for laying and relaying water mains, authorized by vote under Article 9 of the warrant for annual town meeting held May 8, 1989.

Further voted that two notes, one in the amount of \$100,000, and one in the amount of \$50,000, authorized by vote of the Town, duly adopted, as set forth in the foregoing vote and by said vote of the Selectmen shall be issued, shall be dated December 4, 1990, that notes numbered WM1-WM2 shall mature August 9, 1991, that the interest rate shall be fixed at 5.94 percent per annum for notes numbered WM1 and WM2, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

State House note 963 voided.

<u>Note No.</u>	<u>Purpose</u>	<u>Amount</u>
WM1	Lay and relay water mains	\$100,000
WM2	" " " "	50,000

Further voted to approve the sale of said notes numbered WM1-WM2 at par to BayBank/Middlesex.

Further voted to sign and signed accordingly the notes numbered WM1 and WM2, Treasurer's record of issue, Certificate of Town Clerk, approval of request by Town Treasurer to Director of Accounts for forwarding of said notes to Baybank/Middlesex after certification, and covenant of tax exempt status of said notes.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchaser or order against payment therefor.

December 11, 1990:

The office of Town Clerk being vacant as the result of the resignation of Helen V. Zolla, effective December 1, 1990, the Board voted to appoint Robert G. Duhaime, 104 Woodchester Drive, as temporary Town Clerk to serve until a successor has been elected and qualified.

Voted to approve and sign, and signed accordingly in quadruplicate Agreement with Local 419, International Brotherhood of Police Officers for the period July 1, 1990 to June 30, 1992.

December 18, 1990:

The Board considered with the Town Treasurer proposals for sale of bond anticipation notes for:

- a. Computer Equipment
- b. Construction of Refuse Transfer Facility

Voted that the Town Treasurer with the approval of the Board of Selectmen, borrow the following amounts in anticipation of permanent serial loans as authorized by votes of the town meeting set forth below.

- a. \$40,000 for purchasing microcomputers and related equipment authorized by vote under Article 20 of warrant for adjourned annual town meeting held May 9, 1990.
- b. \$50,000 for construction of the refuse transfer facility by vote under Article 16 of warrant for annual town meeting held on May 11, 1987.

Further voted that two notes, one in the amount of \$40,000, and one in the amount of \$50,000, authorized by vote of the Town, duly adopted, as set forth in the foregoing vote and by said vote of the Selectmen shall be issued, shall be dated December 27, 1990, that notes numbered 964 and 965 shall mature August 9, 1991 that the interest rate shall be fixed at 5.98 percent per annum for notes numbered 964 and 965, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

<u>Note No.</u>	<u>Purpose</u>	<u>Amount</u>
964	Computer equipment	\$40,000
965	Construction of Refuse Transfer facility	\$50,000

Further voted to approve the sale of said notes numbered 964 and 965 at par to BayBank/Middlesex.

Further voted to sign and signed accordingly the notes numbered 964 and 965, Treasurer's record of issue, Certificate of Town Clerk, approval of request by Town Treasurer to Director of Accounts for forwarding of said notes to Baybank/Middlesex after certification, and covenant of tax exempt status of said notes.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchaser or order against payment therefor.

Voted to approve and sign, and signed accordingly in triplicate, Amendment No. 6 to Agreement with SEA Consultants, Inc. for Engineering and Supplemental Services dated December 2, 1986.

December 27, 1990:

The Board considered with the Town Treasurer proposals for sale of bond anticipation notes for:

Laying and relaying water mains

Voted that the Town Treasurer with the approval of the Board of Selectmen, borrow the following amounts in anticipation of permanent serial loans as authorized by votes of the town meeting set forth below.

- a. \$200,000 for laying and relaying water mains authorized by vote under Article 11 of the warrant for annual town meeting held May 7, 1990.

Further voted that two notes, each in the amount of \$100,000 authorized by vote of the Town, duly adopted, as set forth in the foregoing vote and by said vote of the Selectmen shall be issued, shall be dated January 4, 1991, that notes numbered 966 and 967 shall mature August 9, 1991 that the interest rate shall be fixed at 5.74 percent per annum for notes numbered 966 and 967, payable at maturity and that the Director of Accounts of the Bureau of Accounts of the Commonwealth of Massachusetts shall certify as to the genuineness of these notes.

<u>Note No.</u>	<u>Purpose</u>	<u>Amount</u>
966	Laying and relaying water mains	\$100,000
967	" " " " "	100,000

Further voted to approve the sale of said notes numbered 966 and 967 at par to BayBank/Middlesex.

Further voted to sign and signed accordingly the notes numbered 966 and 967, Treasurer's record of issue, Certificate of Town Clerk, approval of request by Town Treasurer to Director of Accounts for forwarding of said notes to Baybank/Middlesex after certification, and covenant of tax exempt status of said notes.

Further voted that the Town Treasurer be, and hereby is, authorized to deliver said notes to the aforesaid purchaser or order against payment therefor.

The Board considered proposals for renewal policy for boiler and machinery insurance. Voted to renew policy with Hobbs Group, Arkwright Mutual Insurance Company for three years at \$3,489 per year, which was the low quotation.

The Board considered bids for Workers Compensation and Employers Liability Insurance for the year 1991. Voted to accept the bid of Massachusetts Education & Government Association Workers' Compensation Trust, Waltham, MA, for a net premium of \$256,416.

The Board received and considered bids for a hired used rubber tire loader/backhoe for use at the temporary Town transfer facility for the period ending April 30, 1993. Voted to award contract to the low bidder, Southworth Machinery, Inc., Milford, MA, for the monthly rate of \$975.00. Further voted to authorize preparation of contract documents and bonds for execution by the bidder.

The Board received three quotations for conduct of periodic inspections of solid waste transfer facility. Voted to award contract to SEA Consultants, Inc., of Cambridge, MA, which provided the lowest quotation of \$1,200 for six inspections to be conducted during 1991.

Question No. 1

Shall the Town of Weston be allowed to assess an additional \$800,000.00 in real estate and personal property taxes for the purpose of defraying Town operating expenses for the fiscal year beginning July first, nineteen hundred and ninety?

Yes	1234	No.	976	Blank	198
-----	------	-----	-----	-------	-----

SUMMARY

General Laws, Chapter 59, provides that the Town may, by majority vote, assess taxes in excess of an amount equal to one hundred and two and one-half per cent of the maximum levy limit for the preceding fiscal year as

determined by the Commissioner of Revenue under certain specified conditions.

Question 1 will permit the Town to assess taxes in the additional amount of \$800,000.00 which sum is in excess of an amount equal to one hundred and two and one-half per cent of the maximum levy limit for the preceding fiscal year as determined by the Commissioner of Revenue under certain specified conditions. Such sum will be used to defray Town operating expenses for the fiscal year beginning July 1, 1990. This proposal shall be deemed approved if a majority of the persons voting thereon shall vote "Yes."

Question No. 2

Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued in order to provide the funds with which to lay and relay water mains not less than six inches but less than sixteen inches in diameter?

Yes	1445	No	783	Blank	180
-----	------	----	-----	-------	-----

SUMMARY

General Laws, Chapter 59, provides for exemption from the two and one-half per cent tax levy limit of the amounts required to pay for certain future bond issues.

Question 2 would so exempt the bonds to be issued for the stated purpose. If a majority so votes, the 1990 Annual Town Meeting to be held on May seventh will be asked to consider the appropriation to be financed by the bond issue. The bonded amount requested to be appropriated and exempted is \$650,000.00 to lay and relay water mains of not less than six inches but less than sixteen inches in diameter. At the Annual Town Meeting an affirmative vote of two-thirds of those present and voting will be required to authorize such a bond issue.

Question No. 3

Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the purpose of remodeling, reconstructing or making extraordinary repairs to public buildings owned by the Town?

Yes	1305	No	926	Blank	177
-----	------	----	-----	-------	-----

SUMMARY

General Laws, Chapter 59, provides for exemption from the two and one-half per cent tax levy limit of the amounts required to pay for certain future bond issues.

Question 3 would so exempt the bonds to be issued for the stated purpose. If a majority so votes, the 1990 Annual Town Meeting to be held on May seventh will be asked to consider the appropriation to be financed by the bond issue. The bonded amount requested to be appropriated and exempted is \$190,000.00 for the purpose of remodeling, reconstructing or making extraordinary repairs to public buildings owned by the Town (installation of elevator at the Brook School Apartments) and all incidental costs related thereto. At the Annual Town Meeting an affirmative vote of two-thirds of those present and voting will be required to authorize such a bond issue.

Question No. 4

Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the purpose of the construction or reconstruction of surface drains, sewers, sewerage systems and sewage treatment and disposal facilities on property owned by the Town?

Yes 1411 No 793 Blank 204

SUMMARY

General Laws, Chapter 59, provides for exemption from the two and one-half per cent tax levy limit of the amounts required to pay for certain future bond issues.

Question 4 would so exempt the bonds to be issued for the stated purpose. If a majority so votes, the 1990 Annual Town Meeting to be held on May seventh will be asked to consider the appropriation to be financed by the bond issue. The bonded amount requested to be appropriated and exempted is \$120,000.00 for the purpose of construction or reconstruction of surface drains, sewers, sewerage systems and sewage treatment and disposal facilities on property owned by the Town (Brook School Apartments) and all incidental costs related thereto. At the Annual Town Meeting an affirmative vote of two-thirds of those present and voting will be required to authorize such a bond issue.

Question No. 5

Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the purpose of closing out the Town's landfill area?

Yes 1446 No. 699 Blank 263

SUMMARY

General Laws, Chapter 59, provides for exemption from the two and one-half per cent tax levy limit of the amounts required to pay for certain future bond issues.

Question 5 would so exempt the bonds to be issued for the stated purpose. If a majority so votes, the 1990 Annual Town Meeting to be held on May seventh will be asked to consider the appropriation to be financed by the bond issue. The bonded amount requested to be appropriated and exempted is \$900,000.00 for closing out the Town's landfill area and all incidental costs related thereto. This sum is in addition to the amount of \$600,000.00 authorized by the 1987 Annual Town Meeting. At the Annual Town Meeting an affirmative vote of two-thirds of those present and voting will be required to authorize such a bond issue.

Question No. 6

Shall the Town of Weston be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued for the cost of departmental equipment?

Yes 1204 No 936 Blank 268

SUMMARY

General Laws, Chapter 59, provides for exemption from the two and one-half per cent tax levy limit of the amounts required to pay for certain future bond issues.

Question 6 would so exempt the bonds to be issued for the stated purpose. If a majority so votes, the 1990 Annual Town Meeting to be held on May seventh will be asked to consider the appropriation to be financed by the bond issue. The bonded amount requested to be appropriated and exempted is \$90,000.00 for the cost of departmental equipment (microcomputers and related equipment) for the School Department, and all incidental costs related thereto. At the Annual Town Meeting an affirmative vote of two-thirds of those present and voting will be required to authorize such a bond issue.

SPECIAL TOWN MEETING

May 7, 1990

Pursuant to a warrant, duly served, Robert M. Buchanan, the Moderator, called the Special Town Meeting to order at 7:46 P.M. in the Weston High School Auditorium and the Weston High School Gymnasium. The Moderator declared a quorum present and proceeded with the reading of the Warrant and Return of Service.

The Moderator appointed tellers as follows and swore them to their duties:

In the Auditorium: Halcott G. Grant Frank Gollop
 Harry B. Jones Molly A. Levin

In the Gymnasium: Rev. Harry H. Hoehler

The Moderator welcomed visitors and outlined procedures to be followed; warned about brevity; and to give name and address before speaking.

ARTICLE I: To appropriate additional money from available funds, such appropriations to be for the current fiscal year for the following purposes:

Schools	- Salaries
Schools	- Instructional, Maintenance and Other Expenses
Highways and Bridges	- Snow and Ice Control-Expenses
Treasurer and Collector	- Expenses
Selectmen	- Consulting and Professional Services
Highways and Bridges	- Solid Waste Disposal

Voted: that the following amounts of additional money be appropriated for the current fiscal year from available funds for the following purposes:

Schools - Salaries	\$ 20,000.00
Schools - Instructional Maintenance and Other Expenses	42,000.00
Highways and Bridges	
Snow and Ice Control - Expenses	50,000.00
Treasurer and Collector - Expenses	4,474.00
Selectmen - Consulting and Professional Services	175,000.00
Highways and Bridges - Solid Waste Disposal	40,000.00
Total:	<u>\$ 331,474.00</u>

ARTICLE 2: To designate the amount of \$255,000.00 appropriated under Article 2 of the Warrant for the 1989 Annual Town Meeting to the account "Water Department - Aquifer Protection and Water Supply Search" be designated as a continuing appropriation to the use of the Water Department until such time as said amount has been expended or otherwise disposed of.

Voted: that the sum of \$255,000.00 being the sum appropriated under Article 2 of the Warrant for the 1989 Annual Town Meeting to the account "Water Department - Aquifer Protection and Water Supply Search" be designated as a continuing appropriation to the use of the Water Department until such time as said amount has been expended or otherwise disposed of.

Motion to dissolve Special Town Meeting was accepted by the Moderator, Robert M. Buchanan, at 8:05 P.M.

ANNUAL TOWN MEETING
May 7, 1990

Pursuant to a warrant, duly served, Robert M. Buchanan, the Moderator, called the Annual Town Meeting to order at 8:10 P.M. in the Weston High School Auditorium and Gymnasium. Mr. L. Whitman Smith presided as Assistant Moderator in the Gymnasium. The Moderator declared a quorum present and proceeded with the reading of the Warrant and Return of Service.

The tellers appointed for the Special Town Meeting were appointed for the Annual Town Meeting. Harry G. Hoehler was appointed as Teller in the Gymnasium.

The following Resolutions were read and unanimously accepted:

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, take note that Susananne Sporn Haber, the senior member and a former chairman of the Weston Planning Board has declined to seek re-election.

Ever aware of the external impacts that impinge on the Town, Susananne served since 1985 as our delegate to the subregional planning group the MetroWest Growth Management Committee. She provided a positive link to the nine MetroWest communities in a way that emphasized cooperative planning for mutual benefit.

Susananne has taken particular interest in exploring housing options for the Town including Cluster Development and Accessory Apartments.

During her ten years of service on the Planning Board she has never failed to give fully of her expertise and to add significantly to the careful consideration given every issue. Both the Planning Board and the Town as a whole will miss her.

Further Resolved: That this resolution be spread upon the records of the Town and a copy presented to Mrs. Haber.

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, take note that Robert W. Ellis has completed ten years of service as a member of Weston's Recreation Commission, his last two years as Chairman.

Bob has been an important member of the Commission. Not only because of his sound judgment and good humor, but also because of his active participation in so many of Weston's Recreation Programs. He was always able to look at many sides of an issue and make decisions based on a broad spectrum of information and involvement.

During Bob's years on the Commission he was part of the group who helped professionalize the Recreation Department. Both in the personnel area and the facilities maintenance area.

The Town owes Bob a special thanks for his involvement with the tennis courts. There were many times when because of budget considerations we delayed maintaining the courts. But when the time came for us to propose new or resurfaced courts, it was always Bob who presented it to the Town. When you look at the quality and quantity of public tennis courts in Weston, think of Bob Ellis.

Further Resolved: That this resolution be spread upon the records of the Town and a copy sent to Robert and Dorothy Ellis.

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, take note that Pamela Swain has decided not to seek re-election as Library Trustee and wish to express our appreciation for her three years of service to our community.

Pam has made positive contributions to Trustee meetings and library direction. She has served as a member of the Policies Committee and as Secretary of the Board of Library Trustees. As a professional Director of Volunteers she has a good understanding of the roles, interaction and interdependence of professional staff and citizen volunteers and this understanding has been very helpful.

As the creator and one of the prime movers of Authorfest several years ago, Pam was responsible for the

appearance of J. Anthony Lukas to speak at the Weston Library two days before he was awarded the Pulitzer Prize for his book, Common Ground.

We regret that Pam's rapidly expanding professional duties at The Museum of Science prevent her from continuing as a library Trustee, but we know her interest in the library and in the progress of the Library Building Committee will continue.

Further Resolved: That this resolution be spread upon the records of the Town and a copy be sent to Mrs. Swain.

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, express our gratitude and appreciation to William T. Sandalls, Jr. for his six years of service on the Finance Committee, two of them as Chairman.

Bill brought to the Committee that combination of hard work, wisdom, integrity, and civility which characterizes Weston's volunteer town government at its best.

His fine financial and analytical skills contributed significantly to the clarity of the Committee's deliberations, and under his tutelage the organization and functioning of the Finance Committee were further advanced.

Bill was always able to see the forest for the trees and with his gracious good humor provide firm but gentle leadership not only to the Committee but to other town boards and officers as well.

While not adverse to "tilting at windmills" (as he would put it) for causes that he felt were important, Bill never lost sight of what was doable and worked hard and with great skill to shape and preserve that consensus which is so important to the orderly functioning of the Town.

Throughout, Bill held before us his motto for the Finance Committee, "Pecunia in arboribus non crescit," which means - for those who didn't make it through the high school Latin program - "Money doesn't grow on trees."

Bill is missed by his fellow Finance Committee members, and we hope that before long he will again find some public role to play which will once more permit a grateful citizenry to benefit from the exercise of his considerable talents.

Further Resolved: That this resolution be spread upon the records of the Town and a copy sent to Mr. Sandalls.

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, take notice with regret that Stanley M. Epstein resigned from the Weston Elderly Housing Committee in May 1989. Stan served as chairman of the committee for nine years. He negotiated us through numerous design and repair contracts. He listened attentively and advised sagely in regard to tenant issues and concerns. He steered the committee through murky waters, both figuratively and literally. We shall miss his wisdom and his good sense of humor.

In his nine-year tenure, Stan provided exemplary service to the members of the Weston Elderly Housing Committee, to the tenants of the Brook School Apartments and to the citizens of the Town of Weston.

Further Resolved: That this resolution be spread upon the records of the Town and that a copy be sent to Mr. Epstein.

Resolved: We, the citizens of Weston, assembled in Annual Town Meeting, take note that this year the Weston, Massachusetts - Rombas, France secondary level student exchange stands as a special example of a very successful Weston program initiated by this town meeting forty years ago in response to the needs which were apparent following World War II.....international understanding through our youth.

The purpose of this statement is to make you more aware of the Weston-Rombas program which our predecessors set in Weston in 1950, its continuity, development and achievement during those years and a recognition of its expanding activities in the international field of student exchange. This town program has touched thousands of lives on both sides of the ocean.

Happy 40th Anniversary. Support it. Thank you!

Further Resolved: That this resolution be spread upon the records of the Town and copies sent to the Weston-Rombas Affiliation Committee, The Comite de Rombas Weston, and the Mayor of Rombas, France.

ARTICLE 2: To raise and appropriate such sums of money as may be necessary to defray the costs of government and other town charges for the fiscal year beginning July 1, 1990 and to fix the salaries and compensation of elected officers of the town on an annual basis for the said period.

Voted (1): That the several sums of money recommended by the Selectmen to be raised and appropriated for the

fiscal year beginning July 1, 1990, in accordance with Section 5 of Article II of the By-Laws, as amended, set forth in pages 4 through 20 of the report, entitled "Appropriations Recommended for Fiscal Year 1991" be raised and appropriated for their respective purposes set forth on said pages.

The following appropriations were voted under Article 2(1) of the warrant for the Annual Town Meeting held May 7, 1990:

Appropriations Recommended \$20,992,812.00

Voted (2): that the salaries for the fiscal year commencing July 1, 1990 of the Town Clerk and the members of the Board of Assessors, be fixed in amounts equal to the amounts appropriated therefor by previous vote under this article; and that all other elected officers of the Town be unpaid.

Voted (3): that five persons be appointed by the Moderator to serve as a Memorial Day Committee in 1991 with authority to expend for the 1991 Memorial Day observance \$750.00 appropriated for that purpose by previous vote under this article.

Voted (4): that in purchasing property, any allowance for turning in other property may be applied to the purchase price.

ARTICLE 3: To authorize the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1990 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Voted: that the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1990 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 4: To appropriate money from available funds to the reserve fund.

Voted: that the sum of \$200,000.00 be appropriated from available funds to the reserve fund.

ARTICLE 5: To appropriate money from available funds for the purpose of deduction by the Assessors in determining the annual assessment for the fiscal year beginning July 1, 1990.

Voted: that this Article be passed over and so disposed of.

ARTICLE 6: To appropriate for the support of the Public Library the dog license refunds received in the 1989 and 1990 fiscal years.

Voted: that the sum of \$800.59 being the amount of dog license refund received from the Treasurer of Middlesex County for the fiscal year ending June 30, 1989 be appropriated for the Libraries - Other Expenses in addition to the amount already appropriated for that purpose by vote under Article 2 of the Warrant for this Annual Town Meeting.

ARTICLE 7: To appropriate money as available funds for construction and reconstruction of Town roads, the amount of reimbursement determined by the Department of Public Works of The Commonwealth of Massachusetts pursuant to the Transportation Bond Bill (Chapter 15 of The Acts of 1988).

Voted: that this Article be passed over and so disposed of.

ARTICLE 8: To appropriate money to be provided by borrowing and/or taxation and/or transfer of funds and/or from other sources including available funds, for laying or relaying water mains, and to authorize the issuing of bonds and notes.

Voted: that the sum of \$100,000.00 be appropriated from available funds to the "Blanket Extensions" account of the Water Department for the use of the Water Commissioners for laying and relaying water mains of not less than six (6) inches but less than sixteen (16) inches in diameter which shall be a continuing appropriation.

ARTICLE 9: To appropriate income received by the Commissioners of Trust Funds to March 31, 1990, from the Well Settlement trust fund to the account, "Accrued Income, Litigation Settlement".

Voted: that the income in the amount of \$58,140.67 received by the Commissioners of Trust Funds to March 31, 1990, from the Well Settlement trust fund be appropriated to the account, "Accrued Income, Litigation Settlement."

ARTICLE 10: To transfer and/or appropriate money from the account "Accrued Income, Litigation Settlement," to the use of the Water Commissioners, "Water Department Expenses Account" for current operating expenses.

Voted: that the sum of \$60,000.00 be transferred from the account "Accrued Income, Litigation Settlement," and appropriated to the use of the Water Commissioners, "Water Department Expenses" account for current operating expenses.

ARTICLE 11: To appropriate money to the use of the Water Commissioners to lay and relay water mains of not less than six inches but less than sixteen inches in diameter, and all incidental costs related thereto, the money so appropriated to be raised by borrowing under the authority of General Laws, Chapter 44, Section 8(5) and to authorize the issuing of bonds and notes.

Voted unanimously: that the sum of \$650,000.00 be appropriated to the "Lay and Relay Water Mains" account of the Water Department for the use of the Water Commissioners for laying and relaying water mains of not less than six (6) inches but less than sixteen (16) inches in diameter, and all incidental costs related thereto, the said appropriation to be raised by borrowing outside the statutory debt limit under the authority of General Laws, Chapter 44, Section 8(5) to which end the Town Treasurer, with the approval of the Selectmen, is authorized to prepare, issue and sell bonds or notes of the Town at one time, or from time to time, and to determine in conformity to law the period or periods of the loan or loans, all particulars as to form, issue and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

ARTICLE 12: To appropriate additional money from available funds to the use of the Elderly Housing Committee for repairs and replacements to, and maintenance of, the Brook School Apartments.

Voted: that the sum of \$10,000.00 be appropriated from available funds to the use of the Elderly Housing Committee for repairs and replacements to, and maintenance of, the Brook School Apartments.

ARTICLE 13: To appropriate money to the use of the Elderly Housing Committee for the purpose of the construction or reconstruction of surface drains, sewers, sewerage systems and sewage treatment and disposal facilities at property owned by the Town (Brook School

Apartments), and all incidental costs related thereto, the money so appropriated to be raised by borrowing under the authority of General Laws, Chapter 44, Section 7(1), and to authorize the issuing of bonds and notes.

Margery Blacklow moved: that the sum of \$120,000.00 be appropriated to the use of the Elderly Housing Committee for the purpose of the construction or reconstruction of surface drains, sewers, sewerage systems and sewage treatment and disposal facilities at property owned by the Town (Brook School Apartments), and all incidental costs related thereto, the said appropriation to be raised by borrowing inside the statutory debt limit under the authority of General Laws, Chapter 44, Section 7(1) to which end the Town Treasurer, with the approval of the Selectmen, is authorized to prepare, issue and sell bonds or notes of the Town at one time, or from time to time, and to determine in conformity to law the period or periods of the loan or loans, all particulars as to form, issue and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Motion seconded.

Mrs. Blacklow discussed the necessity of replacing the sewer system in this 52 unit complex. The present septic system is being pumped out every 2 or 3 days and has been since 1988.

Discussion followed with several people speaking both in favor of and in opposition to Mrs. Blacklow's motion.

Mrs. Blacklow's motion carried unanimously.

ARTICLE 14: To appropriate money to the use of the Elderly Housing Committee for the purpose of remodeling, reconstructing or making extraordinary repairs to public buildings owned by the Town (installation of elevator at Brook School Apartments), and all incidental costs related thereto, the money so appropriated to be raised by borrowing under the authority of General Laws, Chapter 44, Section 7 (3A), and to authorize the issuing of bonds and notes.

Margery Blacklow moved: that the sum of \$190,000.00 be appropriated to the use of the Elderly Housing Committee for the purpose of remodeling, reconstructing or making extraordinary repairs to public buildings owned by the Town (installation of elevator at Brook School Apartments), and all incidental costs related thereto, the said appropriation to be raised by borrowing inside the statutory debt limit under the authority of General Laws, Chapter 44, Section 7(3A) to which end the Town Treasurer, with the approval of the Selectmen, is authorized to prepare, issue and sell bonds or notes of the Town at one time, or from time to time, and to determine in conformity to law the period or periods of the loan or loans, all particulars as to form, issue and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Motion seconded.

Mrs. Blacklow explained that 28% of the original tenants still live in the apartment complex and the average age of the occupants is now over 80. Therefore it is necessary to have elevators in all 3 buildings. This request is for funds to install an elevator in Building B. Building C has had an elevator since the initial conversion of Brook School to the present apartment complex. Funds were approved at the 1989 Town Meeting for elevators in Buildings A and B, but the amount appropriated was sufficient to install only one.

Glenn Brewster inquired as to how many residents could be served by installing only one elevator and whether people could be relocated.

John Thorburn, Chief of Fire Department, expressed concerns of emergency personnel. Although they are perfectly capable of bringing elderly up and down stairs, elevators would be quicker, safer, and more efficient in handling elderly C.P.R. or critically ill cases.

Stanley Epstein stated that quality of life should not be measured only by emergency. Elderly persons should not be confined to the apartments for lack of accessibility or required to move from one building to

another to obtain such convenience. Tenants have legal rights and should not be moved around like chess pieces.

Mrs. Blacklow stated that we might be able to obtain an additional subsidy from HUD to help cover the cost of this project.

Mrs. Blacklow's motion carried unanimously.

ARTICLE 15: To amend the Zoning By-Laws of the Town, being Article VIII of the By-Laws of the Town, as amended, by adding to Section V. B. 3. c. Medical Offices.

Voted: that this Article be passed over and so disposed of.

Ingeborg Uhler, Chairman of Planning Board, submitted the following letter from the Board, which agreed to submit no recommendations at this time, giving more time for public consideration.

ARTICLE 17: To amend the Zoning By-Laws of the Town, being Article VIII of the By-Laws of the Town, as amended, in the following manner:

a. By striking Section XI. C. 1. and inserting therein in place thereof, the following:

1. The Applicant shall pay a filing fee and file or cause to be filed the number of copies required by the Site Plan Approval Regulations during normal

business hours in the office of the Town Engineer. The Town Engineer or his/her designee shall within one (1) business day acknowledge receipt by endorsing and marking the date of receipt of the Submission.

b. By changing the title of Section XI. D. "Review and Processing Fees" to "REVIEW FEES".

c. By striking Section XI. E. and inserting therein in place thereof, the following:

For projects not requiring a Special Permit but requiring Site Plan Approval as a prerequisite to obtaining a Building or Occupancy Permit, the Planning Board shall hold a public hearing and give notice in accordance with the procedures set forth in Section 9 of M.G.L. C.40A, as it may from time to time be amended, which pertain to Special Permits, except that the Planning Board shall hold a hearing on the Submission within forty-five (45) days of the date the Town Engineer acknowledged receipt and shall make a decision on the Submission within one hundred twenty (120) days of receipt of the Submission, unless the Applicant agrees in writing to extending these time periods.

d. By striking Section XI. F. and inserting therein in place thereof, the following:

1. Site Plan Approval shall be a prerequisite to an application for a Special Permit.

2. The Planning Board shall hold a hearing and give notice in accordance with the procedures set forth in General Laws, Chapter 40A, Section 9, as it may from time to time be amended, pertaining to Special Permits.

Ingeborg Uhler moved: that the Zoning By-Laws of the Town, being Article VIII of the By-Laws of the Town, as amended, be amended in the following manner:

a. By striking Section XI. C. 1. and inserting therein in place thereof, the following:

1. The Applicant shall pay a filing fee and file or cause to be filed the number of copies required by the Site Plan Approval Regulations during normal business hours in the office of the Town Engineer. The Town Engineer or his/her designee shall within one (1) business day acknowledge receipt by endorsing and marking the date of receipt of the Submission.

b. By changing the title of Section XI. D. "Review and Processing Fees" to "REVIEW FEES".

- c. By striking Section XI. E. and inserting therein in place thereof, the following:

For projects not requiring a Special Permit but requiring Site Plan Approval as a prerequisite to obtaining a Building or Occupancy Permit, the Planning Board shall hold a public hearing and give notice in accordance with the procedures set forth in Section 9 of M.G.L. C. 40A, as it may from time to time be amended, which pertain to Special Permits, except that the Planning Board shall hold a hearing on the Submission within forty-five (45) days of the date the Town Engineer acknowledged receipt and shall make a decision on the Submission within one hundred twenty (120) days of receipt of the Submission, unless the Applicant agrees in writing to extending these time periods.

- d. By striking Section XI. F. and inserting therein in place thereof, the following:

1. Site Plan Approval shall be a prerequisite to an application for a Special Permit.

2. The Planning Board shall hold a hearing and give notice in accordance with the procedures set forth in General Laws, Chapter 40A, Section 9, as it may from time to time be amended, pertaining to Special Permits.

Motion seconded.

Mrs. Uhlir presented the following letter to the Moderator, outlining the Planning Board's final report and recommendations concerning Article 17:

May 7, 1990

Mr. Robert Buchanan, Esq., Moderator
Town Hall Offices
P.O. Box 378
Weston, MA 02193

Re: Report to Moderator - Zoning By-law
Article 17 Annual Town Meeting
Site Plan Approval procedures

Dear Mr. Moderator:

In accordance with Section 5 of Chapter 40A of the General Laws of Massachusetts the Planning Board hereby submits to the Annual Town Meeting to begin on May 7, 1990 its final report and recommendation concerning the amendment to the Zoning Bylaw under Article 17 of the Warrant.

I. Recommendation

The Planning Board of the Town of Weston recommends to Town Meeting that it vote favorably on the amendments to the Zoning By-law as presented under Article 17. The vote taken May 3, 1990 was all five members (Haber, Myers, Munro, Saunders, Uhlir) voting to recommend the passage of this article.

II. Statutory Requirements

The Planning Board on April 4, 1990 requested that the Selectmen include an Article on the Warrant for Annual Town Meeting that would amend the Zoning Bylaw to clarify and correct procedures for Site Plan Approval.

The Board of Selectmen referred the request back to the Planning Board on April 9, 1990. The public hearing advertised in the Town Crier on April 5 and April 12, 1990 was opened and closed on April 23, 1990. All members of the Planning Board were present for the hearing.

III. Background Information

Major changes in the Zoning Bylaw were approved by Annual Town Meeting in May 1989 that added provisions for Site Plan Approval. The changes now proposed would clarify certain requirements and add a new provision omitted in error. All of the changes are in keeping with the original intent of Site Plan Approval.

IV. Specific Changes

Under this Article Section XI of the Zoning Bylaw would be amended as follows:

(1) C. 1. SUBMISSION PROCEDURES

- a) Add the words "pay a filing fee;"
- b) delete reference to numbers and sizes of plans;
- c) add the words "the number of copies of the submission as required in the Site Plan Approval Regulations."

(2) D. REVIEW AND PROCESSING FEES

Change this subheading to read "D. REVIEW FEES."

(3) E. SITE PLAN APPROVAL (NO SPECIAL PERMIT REQUIRED)

Add the words "and give notice."

(4) F. SITE PLAN APPROVAL APPLICATIONS, SPECIAL PERMIT
REQUIRED

a) Number this sentence 1. and delete the words "For projects that also require a Special Permit."

b) Add the following: "2. The Planning Board shall hold a hearing and give notice in accordance with the procedures set forth in Section 9 of Chapter 40A of the General Laws of Massachusetts, as it may from time to time be amended, which pertains to Special Permits."

Based on the foregoing, the Planning Board recommends adoption of this amendment.

Respectfully submitted,
Weston Planning Board

s/ Ingeborg Uhlir
s/ Heidi Saunders
s/ Susananne S. Haber
s/ Donald B. Myers
s/ Elizabeth Munro

Arthur Coburn moved: that the words "Rules and" be added to the third line of Paragraph 1 so that the line would read "Site Plan Approval Rules and Regulations."

Mrs. Uhlir accepted the amendment.

Mrs. Uhlir's motion as amended carried unanimously.

The foregoing Article 17 was approved by the Attorney General of the Commonwealth of Massachusetts on August 16, 1990 and became effective on August 30, 1990.

Mr. Joseph Leone moved: that Article 24 be taken out of order and considered prior to business under Articles 18 and 19.

Motion seconded.

Mr. Richard A. Murray, speaking for the Board of Selectmen, accepted the recommendation to vote on Article 24 at this time.

A standing vote was taken on the motion as follows:
Yes - 208, No - 166.

The motion failed to obtain the two-thirds affirmative vote required for adoption.

At 10:25 P.M., upon motion duly made and seconded, it was voted that this meeting now adjourn to Wednesday,

May 9, 1990 at 7:45 P.M. at the Weston High School Auditorium.

The Moderator, Robert M. Buchanan, declared the meeting adjourned accordingly.

Notice of such adjournment was immediately posted by the Town Clerk on the bulletin board at the Town Hall in accordance with Article I, Section 5 of the By-Laws of the Town.

ADJOURNED ANNUAL TOWN MEETING
Wednesday, May 9, 1990

The Moderator called the Adjourned Annual Town Meeting to order at 7:47 P.M. A quorum was declared present.

ARTICLE 18: To appropriate money to the use of the Selectmen for the purpose of closing out the Town's landfill area, and all incidental costs related thereto, the money so appropriated to be raised by borrowing under the authority of General Laws, Chapter 44, Section 8(24), and to authorize the issuing of bonds and notes.

H. B. Willis moved: that the sum of \$900,000.00 be appropriated to the use of the Selectmen for the purpose of closing out the Town's landfill area, and all incidentals related thereto, the said appropriation to be raised by borrowing outside the statutory debt limit under the authority of General Laws, Chapter 44, Section 8(24) to which end the Town Treasurer, with the approval of the Selectmen, is authorized to prepare, issue and sell bonds or notes of the Town at one time, or from time to time, and to determine in conformity to law the period or periods of the loan or loans, all particulars as to form, issue and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Motion seconded.

Mr. Willis discussed the complexities of and need for authorization of this Article.

Joseph Leone listed landfill problems and reasons why he felt the above sum should not be appropriated.

The Moderator swore in the following tellers:

Harry B. Jones
Halcott G. Grant

Katharine E. Hesson
Douglas Henderson

Mr. Willis' motion was adopted by the following vote:
Yes - 192 No - 36.

ARTICLE 19: To amend the vote under Article 20 of the Warrant of the 1987 Annual Town Meeting by striking therefrom the words "General Laws, Chapter 44, Section 7(24)" and inserting therein, in place thereof, the words "General Laws, Chapter 44, Section 8(24);" and further to reconfirm the vote under said Article 20 to appropriate money for the purpose of closing out the Town's landfill and by borrowing under the authority of General Laws, Chapter 44, Section 8(24).

Voted: that the vote under Article 20 of the Warrant of the 1987 Annual Town Meeting be amended by striking therefrom the words "General Laws, Chapter 44, Section 7(24)" and inserting therein, in place thereof, the words "General Laws, Chapter 44, Section 8(24)" and that the vote under said Article 20 to appropriate money for the purpose of closing out the Town's landfill by borrowing under the authority of General Laws, Chapter 44, Section 8(24) be reconfirmed.

ARTICLE 20: To appropriate money to the use of the School Committee for the cost of departmental equipment (microcomputers and related equipment for the School Department, and all incidental costs related thereto, the money so appropriated to be raised by borrowing under the authority of General Laws, Chapter 44, Section 7(9), and to authorize the issuing of bonds and notes.

Jack L. Butts moved: That the sum of \$90,000.00 be appropriated to the use of the School Committee for the cost of departmental equipment (microcomputers and related equipment) for the School Department, and all incidental costs related thereto, the said appropriation to be raised by borrowing inside the statutory debt limit under the authority of General Laws, Chapter 44,

Section 7(9) to which end the Town Treasurer, with the approval of the Selectmen, is authorized to prepare, issue and sell bonds or notes of the Town at one time, or from time to time, and to determine in conformity to law the period or periods of the loan or loans, all particulars as to form, issue and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Motion seconded.

Mr. Butts, School Committee member, discussed recommendations by the English Review Summer Workshop and Computer Advisory Committee to integrate the use of computers with regular curriculum subjects at all grade levels. The approval of this \$90,000.00 bond issue will enable the purchase of a 24-station networked Macintosh Laboratory connecting the High School with a microcomputer based writing laboratory which was established in the Middle School in 1988.

Speaking in favor of this Article were Martha Fiske, Dudley Dumaine, Mike Sullivan, Anne Leibowitz, Robert E. Richardson.

Catherine Whynot felt a program at the High School unnecessary, and very expensive, and urged postponement of item until the possibility of obtaining a grant is investigated.

Mr. Butt's motion was adopted by the following vote:
Yes - 89 No - 18.

ARTICLE 21: To appropriate money to the use of the Sewer Committee for assessing the condition of existing sewage disposal facilities and the sampling of surface water in the brook in the Town Center.

George Bates moved: that the sum of \$15,000.00 be appropriated to the use of the Sewer Committee for assessing the condition of existing sewage disposal facilities and the sampling of surface water in the brook in the Town Center.

Motion seconded.

Mr. Bates gave a brief history of various measures proposed to solve the sewage situation in the town center since 1964. Mr. Bates' comments were followed by a forty-five minute discussion for and against this appropriation.

L. Whitman Smith moved the previous question.

A standing vote was taken on the motion to shut off debate as follows: Yes - 202, No - 112.

The motion failed to obtain the two-thirds affirmative vote required for adoption.

John Saunders, 23 Wood Ridge Circle, moved that Mr. Bates' motion be amended to provide that merchants be required to pay 88% of the \$15,000.00 cost of the study.

Motion seconded. Mr. Bates did not accept the amendment. Dr. Saunders' motion failed to carry.

Mr. Bates' motion was adopted by the following vote:
Yes - 216, No - 102.

ARTICLE 22: To appropriate from available funds additional money to the use of the Library Building Committee for an addition to and expansion of the Town Library facilities.

Voted: that Article 22 be passed over and so disposed of.

ARTICLE 23: To appropriate to the use of the Conservation Commission the money under General Laws, Chapter 131, Section 40 (Wetlands Protection Act).

Voted: that the sum of \$1,047.50 being the amount received under General Laws, Chapter 131, Section 40 (Wetlands Protection Act) be appropriated to the use of the Conservation Commission.

ARTICLE 24: To take by eminent domain a parcel of land containing 10,277 square feet, more or less, situated adjacent to the Town's sanitary landfill owned by Louis W. Marinelli, Trustee of Garden City Gravel Realty Trust, and to appropriate money to be provided by taxation and/or transfer of funds and/or from other sources including available funds for such purpose.

Richard A. Murray moved: That the Town take by eminent domain a parcel of land containing 10,277 square feet, more or less, situated adjacent to the Town's sanitary landfill owned by Louis W. Marinelli, Trustee of Garden City Gravel Realty Trust, described as follows:

A certain parcel of land situated in Weston, Middlesex County, Massachusetts, shown as Lot #A on a plan entitled "Plan of Land in Weston, MA," dated March 22, 1990, Schofield Brothers, Inc., and bounded and described as follows:

Beginning at a steel survey marker at the southeasterly corner of Lot #A at land now or formerly of the Boston and Maine Railroad and the Town of Weston;

THENCE N 66(o) 56' 30" W fifty-nine and eighty-six hundredths (59.86) feet to a steel survey marker;

THENCE N 17(o) 12' 50" E three hundred forty-three and fifty hundredths (343.50) feet to a steel survey marker; and

THENCE S 07(o) 32' 50" W three hundred fifty-four and sixty-three hundredths (354.63) feet to the point of beginning.

Containing ten thousand two hundred twenty-seven square feet, more or less (10,227 + s.f.), according to said Plan, and that the sum of \$40,000.00 be appropriated for such taking, including expenses in connection therewith.

Motion seconded.

Mr. Murray, referring at times to plans, gave a brief history of the events relating to the parcel in question since 1985. He stated that the Town needs to own this particular parcel in order to accomplish the closure of the landfill. He also outlined the conditions under which the Town is willing to work to achieve a mediated solution to the issue:

1. - That mediation begin within 30 days after the conclusion of Town meeting.
2. - That there be an agreement with respect to the sharing of costs.
3. - That the talks be concluded within 30 days.

Steven L. Bernstein, P.E., of SEA Consultants, Inc., and Daniel O. Mahoney, Esquire, of Palmer & Dodge, elaborated on the technical and legal aspects of the motion and of Mr. Murray's comments.

John Fiske of the Finance Committee spoke in favor of mediation.

Speaking against the proposal was Joseph G. Leone of Weston Sand & Gravel Company, Inc., tenant of the property in question. He stated that mediation was originally proposed by himself and/or his representatives. He further argued that taking the land would only aggravate the situation.

Also speaking against the proposal on behalf of Mr. Leone were Alton Stone of Alton Stone Environmental Consultants and James Marcellino, Esquire, of Gaston & Snow. Mr. Marcellino warned that the adoption of the proposal to the land would precipitate a lawsuit challenging the purpose of the taking.

There was much additional discussion for and against Mr. Murray's motion. Several citizens expressed negative feelings about the use of the process of eminent domain; some expressed the opinion that the use of this process is a violation of citizens' individual and property rights.

Others questioned whether this proposal would resolve the complex problem of the capping of the landfill, especially as there is another parcel of land owned by Garden City Gravel Realty Trust where rubbish has been dumped, which is not part of this taking.

Robert Richardson asked how much time and money has been spent in trying to close and cap the landfill and on the litigation surrounding that effort.

Thomas Schendorf moved the previous question; his motion was seconded. The motion to cut off debate carried.

Mr. Murray's motion was adopted by a standing vote as follows: Yes - 239 No - 86.

ARTICLE 25: To accept and place with the Commissioners of Trust Funds for investment and reinvestment the gifts to the Town under the Will of Elsie K. Naughton.

Voted: that the gifts donated to the Town under the Will of Elsie K. Naughton be accepted and placed with the Commissioners of Trust Funds for investment and reinvestment.

ARTICLE 26: To transfer funds from the account "Purchase Computer Software" to the account "Computer-Operation and Maintenance" under the provisions of Chapter 44, Section 20.

Voted: that the sum of \$11,900.00 be transferred from the account "Purchase Computer Software" to the account "Computer - Operation and Maintenance" under the provisions of Chapter 44, Section 20.

ARTICLE 27: To appropriate money by transfer of funds from the Sale of Lots Fund to the account Improvement and Development of Cemetery Land From Sale of Lots Fund.

Voted: that the sum of \$10,000.00 be appropriated by transfer of funds from the Sale of Lots Fund to the account Improvement and Development of Cemetery Land From Sale of Lots Fund.

ARTICLE 28: To amend the By-Laws of the Town to include a Town Administrator by-law as follows:

ARTICLE XXVII
Town Administrator

Section 1. There shall be an administrator appointed by the board of selectmen for a term of one year or three years who shall be called the Town Administrator. The Town Administrator shall be a person of demonstrated administrative ability, especially qualified by education and executive and administrative qualifications and experience in public or business administration. The board of selectmen may from time to time establish additional qualifications for the office of Town Administrator.

The Town Administrator shall devote full time and attention to the duties of the office and shall not engage in any other business or occupation during employment with the town. During the time the Town Administrator holds office, the Town Administrator shall hold no elective town office but the board of selectmen may appoint the Town Administrator to any other office or position consistent with the office of Town Administrator.

Section 2. The Town Administrator shall be the administrative officer of the town and shall act as the agent for the board of selectmen. The Town Administrator shall be responsible to the board of selectmen and shall perform such duties and responsibilities as may be assigned by the board of selectmen and, with the approval of the board of selectmen, may perform such other duties as may be requested by any other town officer, board, committee, or commission.

The functions and duties of the Town Administrator shall include, but are not intended to be limited to, the following:

(a) supervise, direct and be responsible for the efficient administration of all departments and employees within the jurisdiction of, or appointed by the board of selectmen; (b) compile for the board of selectmen and the finance committee the annual operating budget for all town departments, agencies, boards and commissions and submit the same to the board of selectmen and the finance committee; (c) make written comments and recommendations on the budget requests of any or all departments as may be appropriate and submit the same to the board of selectmen and the finance committee; (d) monitor revenues and expenditures and keep the board of selectmen and the finance committee informed as to the financial condition and needs of the town; (e) supervise and coordinate the activities and functions of the town accountant and of the town treasurer/collector; (f) develop and administer a personnel system and any personnel policies, practices, regulations and related matters for Town employees; (g) participate in the negotiation of collective bargaining contracts and administer contracts; (h) negotiate collective bargaining contracts when authorized by the board of selectmen; (i) recruit department heads and employees and make recommendations to the board of selectmen; (j) attend all regular and special meetings of the board of selectmen, unless excused, and have a voice but no vote in all of its discussions; (k) attend all regular and special sessions of the town meeting to answer questions and provide information as requested; (l) enforce the policies of the board of selectmen, votes of the town meeting, and bylaws; (m) exercise general supervision over the personnel, organization, systems and practices of the board of selectmen's office; (n) act as the liaison with and represent the board of selectmen before state, federal and regional authorities; (o) hold periodic meetings with department heads and employees under the jurisdiction of the board of selectmen; and (p) perform any other duties required by votes of the board of selectmen, town meeting, or town bylaw.

Section 3. A vacancy in the office of the Town Administrator shall be filled as soon as practicable by the board of selectmen. When a vacancy exists the selectmen may appoint a suitable person to act as Town Administrator during the period of the vacancy.

Section 4. The procedure for filling a vacancy in the office of the Town Administrator shall be as follows:

- A. The board of selectmen shall appoint a screening committee to consider applicants for the position. The committee shall be composed of either three or five members consisting of persons who shall have served as selectman, other elected officer or a member of the finance committee of the Town but shall not be so serving while members of the screening committee. The screening committee shall if consisting of three members include two and if consisting of five members include three members who shall have served as selectmen of the Town but shall not be so serving while members of the screening committee. In the event that one or more former selectmen are unable or unwilling to accept appointment to the screening committee the board may appoint, in lieu of such member, a person who has served, but is not then serving, as an elected officer or as a member of the finance committee.
- B. The screening committee shall:
- (a) receive and review all applications for the position of Town Administrator;
 - (b) select applicants for interviews;
 - (c) conduct one or more preliminary interviews with the selected applicants;
 - (d) investigate the experience, qualifications and reputation of applicants deemed eligible for consideration as finalists;
 - (e) evaluate the applicants in relation to the established job description for the position and criteria specified by the board of selectmen;
 - (f) report in writing to the board of selectmen a summary of its activities; and
 - (g) present to the board of selectmen in writing a list of not more than five nor fewer than three applicants deemed qualified for the position of Town Administrator.
- C. The board of selectmen shall then interview in public meeting the applicants recommended by the screening committee. The board of selectmen may conduct such further investigation and examination of applicants as it deems appropriate and may or may not appoint a Town Administrator from the screening committee's list. If the board does not appoint a Town Administrator from such list it shall prepare and file in its records a written statement of the reasons for its decision. The screening committee shall then be requested to provide a recommendation of not more than three other applicants whom it considers

qualified. The board of selectmen shall consider such applicants in the same manner as those first recommended.

- D. The board of selectmen shall not appoint to the position of Town Administrator a person who has not received a recommendation from the screening committee.
- E. The board of selectmen shall have the authority to appoint the present Executive Secretary of the Board of Selectmen as Town Administrator and to reappoint an incumbent as Town Administrator without reference to a screening committee.

Mr. Willis moved: that the By-Laws of the Town be amended to include a Town Administrator By-Law by inserting the text appearing in ARTICLE 28 of the Warrant for this Town Meeting and hereby incorporated in this motion.

The motion was seconded.

Ingeborg Uhler moved: that the motion be amended as follows:

in phrase (i) of the second paragraph of Section 2 add after the word "employees" the following: "in a manner consistent with a policy of equal employment opportunity."

Mr. Willis accepted the amendment.

Mr. Willis' motion as amended passed unanimously.

The foregoing Article 28 was approved by the Attorney General of the Commonwealth of Massachusetts on August 16, 1990 and became effective on September 13, 1990.

ARTICLE 29: To accept and place with the Commissioners of Trust Funds for investment and reinvestment funds hereinafter donated to the Town for inclusion in the Peter J. Foley Award.

Voted: that the Town establish in a consolidated trust fund the ICE Award in honor of Peter J. Foley ("the Award") and accept donations therefor, all as hereinafter set forth.

1. The purpose of the Award is to exemplify the philosophy of Coach Peter J. Foley by recognizing involvement, commitment and effort in athletics.
2. The Award is to be presented to one boy and one girl in the high school senior class selected by a committee composed of the High School Principal, Athletic Director and Head of the Guidance Department from nominees proposed by coaches of varsity

sports. The Coach of each varsity sport shall nominate to such committee as candidates for the Award a boy or girl, or a boy and a girl if the sport is co-ed, from among the participants in such varsity sport.

3. Each recipient of the Award shall receive a plaque evidencing the Award, the cost of which shall be paid from the income of the fund, and one-half of the remainder of the annual income earned to March first on the trust fund to be used to further their education.
4. All gifts and donations received into the Award are to be placed in trust with the Commissioners of Trust Funds of the Town who shall invest and reinvest the same in accordance with law.

ARTICLE 30: To appropriate money for the use of the Selectmen, the Planning Board and the Conservation Commission, cooperatively, to hire a person or persons to function as Environmental Planning Assistants. (Submitted by Petition)

Alan Orth moved: that the sum of \$5,000 be appropriated to the use of the Selectmen, the Planning Board and the Conservation Commission, cooperatively, to hire a person or persons to function as Environmental Planning Assistants.

Motion seconded.

Mr. Willis, although sympathetic, felt we could not afford money for this particular purpose.

Jean Thurston suggested looking for some donated funds.

By a standing vote the motion failed to pass:
Yes - 26; No - 75.

Upon motion duly made and seconded the meeting was dissolved at 11:38 P.M.

STATE PRIMARY
September 18, 1990

Pursuant to a warrant, duly served, the State Primary was held on September 18, 1990 in Precinct 1 - Parish hall of the United Methodist Church of Weston located at 377 North Avenue; Precinct 2 - basement of St. Peter's Church located at 320 Boston Post Road; Precinct 3 - gymnasium of the Field School located on School Street; Precinct 4 - Gymnasium of the Field School located on School Street.

The polls were open from 7:00 a.m. to 8:00 p.m.
The ballots were cast as follows:

Precinct 1	1079	Precinct 2	1047
Precinct 3	817	Precinct 4	931

QUESTION 1 PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on December 17, 1987 by a vote of 180 to 6, and on June 11, 1990 by a vote of 186 to 6?

YES	1284	1236	980	1163	4,663
NO	181	179	172	170	702
BLANK	78	76	54	69	277

SUMMARY

The proposed constitutional amendment would repeal the constitutional provision that a state census be taken and used as the basis for determining representative, senatorial and councillor districts. The proposed constitutional amendment would provide that the federal census shall be the basis for determining such districts.

QUESTION 2
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or House of Representatives before May 2, 1990?

YES	572	509	484	528	2,093
NO	931	937	694	838	3,401
BLANK	40	45	28	36	148

SUMMARY

The proposed law would place restrictions on the State's use of consultants. It would place various limits on the amount of profit, overhead charges and expenses that the State could pay consultants. It would limit the duration of consultant contracts to two years and any extension to one year, and it would limit the degree to which such contracts could be changed to require payments in excess of the original contract. The proposed law would limit to \$100,000 the amount the State could pay on a consultant contract with an individual and would require all other consultant contracts in excess of \$25,000 to be sought through competitive bidding. It would prohibit consultants from supervising State employees, and it would limit the use of consultants as substitutes for State employee positions.

In addition, the proposed law would place limits on the total amount of money State agencies, departments and Authorities could spend on consultants each year. Subsidiary provisions would also establish a method for these entities to gradually come into compliance with the new spending limits and would give authority to the State Secretary of Administration and Finance, on request, to permit some spending in excess of the new limits. The proposed law would also require State agencies, departments and Authorities as well as the Secretary of Administration and Finance to submit yearly reports concerning the State's consultant contracts to certain legislative committees and to the Inspector General.

Finally, the proposed law provides that any of its provisions, if found by a court to be unconstitutional or otherwise unlawful, would be severed from the law and the remaining provisions would continue in effect.

QUESTION 3
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on May 2, 1990?

YES	707	682	569	669	2,627
NO	807	780	616	706	2,910
BLANK	29	29	21	27	105

SUMMARY

The proposed law would change the state income tax rate, affect language contained in certain tax provisions, and regulate the setting of fees by state agencies and authorities.

The proposed law would set the state income tax rate on Part B taxable income (in general, earned income) at 4.25% for 1991 and 4.625% for 1992, except for income from unemployment compensation, alimony, Massachusetts bank interest, rental income, pension and annuity income, and IRA/Keogh deductions, which would be taxed at 5%.

The proposed law also provides that the fee imposed by any state agency or authority shall be no more than the fee that was in effect on or before June 30, 1988. The state Secretary of Administration would determine the amount to be charged for any service, registration, regulation, license, fee, permit or other public function, except for the rates to tuition or fees at state colleges and universities or any fees or charges relative to the administration and operation of the state courts. Any increase or decrease in a fee, or the establishment of any new fee, would require the approval of the Legislature. Any increase in a fee would not apply to persons 65 years of age or older. No state agency or authority could collect any fee which exceeds the administrative costs directly incurred by the state agency or authority to produce and process the application for any license or permit. The Secretary of Administration must report information concerning fees to the Legislature on an annual basis.

The proposed law provides that for tax periods commencing on or after January 1, 1991, language in certain provisions of the Massachusetts general laws relating to taxes shall be the same as it was on August 2, 1989, or the effective date of the proposed law, whichever language yields less tax revenue. The tax provisions affected include sections relating to the surtax on business income, corporate excise taxes, S corporation taxes, taxes on security corporations, taxes on Part A income (in general, unearned income), bank taxes, payments to the Commonwealth relating to horse and dog racing, payments to the Commonwealth relating to boxing and sparring matches, taxes on utility companies, gasoline taxes, taxes on insurance companies, excise taxes on motor vehicles, taxes on urban redevelopment corporations, sales tax, use tax, room occupancy excise tax, property taxes, and taxes on proceeds from raffles and bazaars.

The proposed law also contains a provision that if any sections of the law are held to be invalid, all other sections of the law are to remain in effect.

QUESTION 4
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or House of Representatives before May 2, 1990?

YES	725	720	540	639	2,624
NO	705	666	570	672	2,613
BLANK	113	105	96	91	405

SUMMARY

The proposed law would change the state election laws governing the establishment of political parties and the nomination of candidates.

The proposed law would allow voters to register under a political designation other than "Independent" and in addition to the two political parties previously recognized by law (Republican or Democrat), if at least fifty voters request to be permitted to do so. It would allow any group to qualify as a political party under Massachusetts law if at least one percent of the total number of registered voters register to vote using that group's political designation, or if at least three percent of the voters cast at the preceding election for any statewide office were cast for a candidate running under that group's political designation.

The proposed law would set the minimum number of signatures needed on independent or minor party nomination papers for state office at one-half of one percent (1/2%) of the entire vote cast in the previous state election for governor (as compared to 2% as of 1989), and would also establish this number of signatures as the upper limit needed for major party candidates. The proposed law would also permit voters to sign the nomination papers of any number of candidates for the same office, would require that all blank forms to be used for nomination papers and initiative and referendum petitions be no more than 8 1/2" by 14" in size, and would allow signatures to be collected on exact copies of those forms.

QUESTION 5
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 2, 1990?

YES	724	668	567	666	2,620
NO	707	708	558	645	2,623
BLANK	112	115	81	91	399

SUMMARY

This proposed law would regulate the distribution to cities and towns of the Local Aid Fund, which consists of at least 40% of the revenue generated by the state income, sales, and corporate taxes, as well as the balance of the State Lottery Fund.

Subject to appropriation by the legislature, the State Treasurer would distribute the Local Aid Fund to cities and towns on a quarterly basis, and each city or town would receive at least the same amount of local aid it received in the previous fiscal year unless the total Local Aid Fund decreases.

In fiscal year 1992, if there has been any increase over the fiscal year 1989 fund, half of the increase would be distributed in accordance with the distribution formula used for fiscal year 1989, and half would be distributed to each city and town in proportion to its population.

In each year after 1992, if the fund increases, the excess would be distributed through a formula devised by the state Secretary of Administration and Finance, with the advice and consent of the Local Government Advisory Committee. If the fund decreases after 1992, each town or city will have the amount it receives decreased by the same percentage.

This proposed law also requires that the Treasurer publish an annual report about the Local Aid Fund, that the state Auditor publish an annual audit of the Account, and that the Secretary of Administration and Finance issue to each city and town an estimate of funds it will receive from the Local Aid Fund.

Each city or town would be allowed to bring a lawsuit to force distribution of the account, and would be entitled to a late payment fee if distribution is not timely.

NO	577	508	432	525	2,042
BLANK	385	378	279	331	1,373

FINANCIAL

REPORT OF THE FINANCE COMMITTEE

Weston's total budgeted cost of Town services for Fiscal Year 1991, including debt service but before state charges and county assessments, was \$23,020,117; this represents an increase of 5.14% over the prior fiscal year. This budget increase reflects continuing cost controls exercised by the Town, as the budget increase for Fiscal Year 1990 over Fiscal Year 1989 was 6.7%. Table I at the end of this report compares the major categories of the Fiscal Year 1991 budget with corresponding figures for Fiscal Year 1990. Table II provides an analysis of increases from the prior year. All increases are attributable to the maintenance of existing services at existing levels; there was no increase in services or facilities in Fiscal Year 1991.

As indicated in Table II, 66.9% of the total increase in budgeted costs for Fiscal Year 1991 over Fiscal Year 1990 are attributable to the rise in personnel costs associated with the maintenance of existing services. Salaries, which constitute over 60% of the budget, are determined for the most part by negotiations between employee representatives and members of the Board of Selectmen or members of the School Committee. While Finance Committee members do not participate in collective bargaining, Committee members are generally satisfied that the settlements have been in line with those for comparable towns. Although the Town is not a leader in wage rates, in general rates are above midpoint in the pay ranges for employees of other towns holding comparable positions. Considering the quality of services to which the Town has become accustomed and which continues to be expected as well as the generally positive relationship the Town enjoys with its employees, the Finance Committee believes the wage rates in general are appropriate. It is noteworthy that \$351,585, which constitutes over one-third of the increase in personnel costs, is attributable to increases in the costs of medical coverages and other benefit costs rather than wages, a phenomenon shared by most employers in the private as well as public sector, whether bound by collective bargaining agreement or not.

Weston's employees are covered by the Middlesex County Retirement System. Beginning in Fiscal Year 1987, the County's assessment to the Town has included an additional charge to amortize unfunded pension liabilities. Weston's total share of the unfunded liabilities, which will undoubtedly have a growing impact on future budgets, was calculated as of January 1, 1988 at \$8.5 million. The Fiscal Year 1991 budget includes a pension fund contribution of \$834,976; this is slightly below

the year-earlier budgeted amount, as the adjustment in funding for employees earning more than \$30,000 per year first made in Fiscal Year 1990 was less than the \$150,000 which had been budgeted for it. But the cost of group health and workers' compensation insurance coverage has risen by over 25%.

Apart from personnel costs, two other increases bear mention. First, nearly 11% of the total increase in Fiscal Year 1991 over Fiscal Year 1990 is attributable to the costs of placement and transportation for "Special Education" children for whom adequate arrangements are not available in the Weston public schools. This is required by Massachusetts General Laws chapter 766 and is beyond the control of the Town. Second, a significant increase in debt service is attributable to bonds approved by Town Meeting in May, 1989, and 1990 for major water main replacements, for replacement of the septic system at the Brook School housing complex and installation of elevators in that facility, and for various school facility renovations.

On the positive side, as the Town experienced continued reduction in spending associated with the operation of its solid waste disposal system owing to lower tipping and hauling costs as compared with Fiscal Year 1990. Increased revenues from water charges together with the reduction or elimination of costs associated with aquifer protection and water supply search in Fiscal Year 1990 provided a significant offset to added water-related costs, both in the operating budget and in separately bonded expenditures.

State aid, however, remained uncertain with respect to amount and availability, such that the budget for Fiscal Year 1991 contemplated a decrease of \$300,000 from the prior year. Thus, most of the increase in budgeted expenses was financed by an increase in the tax levy. It was necessary, accordingly, for voters to approve an override of Proposition 2 1/2 in the amount of \$800,000.

The tax rate for Fiscal Year 1991 was fixed at \$9.98 per \$1,000 of assessed value, and resulted in an overall increase in the tax levy of 8.46%. Weston's assessed residential real estate valuation in 1991 was \$1,812,417,300, suggesting a valuation of approximately \$575,000 for the average house, and a tax bill for this house of \$5,738.50.

Weston's revenue reserve, commonly referred to as "Free Cash," amounted to \$658,573 on July 1, 1990. This represents 3.5% of the Fiscal Year 1991 tax levy, which is well below the 10% suggested by the Massachusetts Department of Revenue. Accordingly, the Finance Committee believes that future use of "Free Cash" will need

to be carefully controlled in order to maintain an adequate reserve for unforeseen emergencies and special needs.

The Town's total outstanding long-term debt on July 1, 1990 was \$8,417,000, or 9.9% of the Town's legal debt limit; \$1,108,000 of this debt will have been paid off by June 30, 1991. Voters have authorized the issuance of \$1,950,000 in new debt obligations this fiscal year. Debt service for the current fiscal year is budgeted to be \$1,867,528, or 8.0% of total expenditures, which is well within the Finance Committee's recommended range of 9 to 11% for debt service costs. That Weston continues to enjoy outstanding credit rating of AAA.

In the opinion of the Finance Committee, the Town is managed prudently and its financial position is sound. However, the effects of rising costs, especially for Town employee health care and retirement, for water, for solid waste and septage management, and for maintaining high-caliber public schools, together with diminishing and unreliable state aid, will continue to sorely test the Town's ability to maintain its customary level of services. It is fair to say that notwithstanding stringent cost controls and the deferral of discretionary spending, without significant service curtailment, or alternatively, entirely new approaches to services, Weston taxes will continue to rise at a rate greater than the rate of inflation. Thus, overrides of the spending limits imposed by Proposition 2 1/2 will regularly be required. Careful management and thoughtful planning will continue to be required, and different structures and compromises will need to be evaluated and, if appropriate, implemented if we are to achieve meaningful control of the Town's tax burden without sacrificing Weston's special quality and character.

REPORT OF THE TREASURER AND COLLECTOR

The appointed position of Treasurer and Collector has been complicated by the deteriorating condition of the banking industry and the financial position of the Commonwealth of Massachusetts. Receipts from the Commonwealth were not only reduced but the times at which distributions were made changed from quarterly to semi-annual. Although this did not have a staggering impact on the Town, unlike other Towns across the state, it may explain, in part, the decline in our investment income.

Once all revenues of the Town were collected, it was necessary to closely scrutinize the banks to determine the safety of the funds being invested.

Despite the financial difficulties in the banking industry and the State, our investment income for the year totaled \$335,179, down only \$10,296 from Fiscal Year 1989. Considering that in addition to the factors mentioned above, interest rates dropped and revenue from excise tax fell by over \$200,000, the income generated by investment was very respectable.

As a result of cuts in receipts from the State, we reduced the office budget by four percent compared to Fiscal Year 1989. As a cost-saving measure, taken in conjunction with the budget cuts, we sliced our bank service cost by transmitting check information to banks electronically. Savings will also be realized in associated bank charges as a result of the transmission change.

Many challenges have been presented to our office over the past year. We relish them and look forward to confronting those to come.

REPORT OF THE COMMISSIONERS OF TRUST FUNDS

The three elected commissioners of trust funds are responsible for the investment of securities held in the "Consolidated Trust Funds," Well Litigation Settlement Trust Fund," "Weston Public Schools Fund," "Josiah Smith Tavern Trust Fund," "Noyes Library Trust Fund," and "Ben Sandalls Memorial Fund."

The securities held in each of the funds as of December 31, 1990 and priced on that date are set out on the following pages. The principal value of the six funds totaled \$3,122,137.39 at the end of 1990. In addition, there was \$260,578.79 invested income in the funds on that date.

The stock market declined moderately during 1990. However, the valuation of five of the six funds increased during the year and the valuation of the sixth declined only slightly. The high-quality growth companies concentrated in the funds continue to make satisfactory progress in earnings and dividends.

Five of the six funds represent gifts made by townspeople over the years to make a lasting contribution to Weston, and we hope that others of you will continue that generous and farsighted tradition.

REPORT OF THE BOARD OF ASSESSORS

THE HOUSE YOU WANT TO BUY - AS SEEN BY:

"YOU"

THE SELLER...

THE LENDER

THE APPRAISER

" THE TAX ASSESSOR "

For most of 1990, the Board of Assessors was occupied processing requests for abatement of real estate taxes filed as a result of the Fiscal Year 1990 recertification of values by the Department of Revenue. Unfortunately, taxpayers wanted to compare their new assessments to what they believed to be 1990 market activity and not to sales occurring prior to the revaluation date, January 1, 1989. It is interesting to note that when the market doubled six months after the Fiscal Year 1987 recertification, taxpayers were not complaining that the assessments reflected less than market value, nor did the Board double all valuations to match the market. It is essential that taxpayers understand that valuations are set as of the recertification date based on sales during the prior year.

EXPENDITURES APPROVED AT TOWN MEETING BY THE TAXPAYERS DETERMINE THE LEVEL OF PROPERTY TAXATION. Based upon Town approval of spending, the Assessors determined that the tax rate for Fiscal Year 1991 would be set at \$9.98, or an increase of \$0.76 per thousand dollars of valuation. One rate was applied to all classifications of property.

During 1990, the Board of Assessors continued to encourage certain property owners to apply for exemptions granted by state law. These exemptions are allowed to those who are qualified - primarily the elderly, veterans, the blind and the infirm. The Board will continue to seek methods by which tax relief can be offered to those who qualify.

By law, the Board of Assessors is required to inspect all new construction, including that which was incomplete at the end of 1989. In addition, the Board must verify all arms-length sales for data accuracy in order to determine the relationship of assessed value and market value. Accurate sales information enables accurate and equitable assessments and assures that the property tax is more evenly distributed.

In these turbulent fiscal times, the Board of Assessors urges the taxpayers of the Town to carefully consider the choices offered to them at the Town Meeting and to remember that the tax rate is determined as a result of those choices.

SUMMARY OF TAX RATE CALCULATIONS FOR FISCAL YEAR 1991

Gross Amount to be raised:

Town Appropriations			
From tax levy	\$ 21,047,812.00		
From available funds	<u>783,362.76</u>	\$	21,831,174.76
Maturing Debt and interest on Debt			1,867,528.24
Offsets: Estimated receipts from Commonwealth			
to be used for specific purposes			732,393.00
